Various emotions are part of our mind and part of our life. Jealousy that amounts to competitiveness can stimulate us to achieve more—then it's good. When the result is that we try to harm others to beat them, it's to be avoided.

The Plasma Field

Rama: At 11:35 am this morning, I went and sat in **The Plasma Field**. It showed me the full blood moon lunar eclipse from Monday morning, 12:14 am EDT, and the ripples that are going out ever since, from that lunar eclipse, have gone past Pluto and are entering the asteroid field beyond Pluto, Persephone, Vulcan, and other unreported planets at this time - to 14 planets in total.

There are many solar flares going on, and they have been going on every couple of hours ever since early this morning. This is causing spikes in the Schumann Resonance and as we can keep our hearts open, we can receive their ever-increasing high heart energy, and send out the solar flares across the cosmos and to all of humanity.

The Plasma Field said to me and everyone, "Lord Rama, be gentle with yourselves; drink ample water, and spread loving kindness around this loving planet. Sat Nam! Namaste! Blaze the Violet Fire."

In the past, our nations were more or less independent of each other. People lived in villages that were self-sufficient. So, the words 'we' and 'us' referred to a small circle of people. Today, the reality is different we are all brothers and sisters and we have to live together

Tom the Ring-tailed Cat, Sweet Angelique the Cat

Rama: I received a text message from **Tom the Ring-tailed Cat and Sweet Angelique the Cat**. It was 11: 30 am late this morning. They said to me, "Lord Rama, the solar flares are getting more and more intense. The energies are very ripe for something to shift! That something is our friends from the various realms who are making themselves known. As we ask them to show up, they show up. Leave the Dark Side alone, as well as any and all misqualified energies. We are in such an auspicious place! Sat Nam! Namaste! Blaze the Violet Fire!"

Tuesday

Natasha

Rama: I received a call from **Natasha** at 12:33 pm early this afternoon. She said to me, "Lord Rama, I am in an undisclosed location, very near the Arctic Circle." To me, it sounded like Lady Natasha was in a very large room.

She continued, "Lord Rama, the Dark Side is being exposed every day now. They are going down fast. That's why every day, you hear about shootings somewhere in the world.

"We are at a great crossroads with the energies. The Light that's coming in has never been here [on the planet] before. [This is because Earth and our entire solar system is moving across the Galactic Plane to the center of our Milky Way Galaxy.] Our scientists and physicists are perplexed with the higher frequencies coming in."

Rama: I said at this point to Lady Natasha: "We are at a crossroads ourselves, taking care of our basic necessities." Natasha said, "I wish I could help you. Go and put your message out and talk about this on the call tonight. We are at the end of this story. I wish I could tell you a day, yet stay in your High Heart. Focus on love and compassion for the ones who are taking a ride to Dracos.

"I will say it again: We are at the end of this story. This eclipse has brought up ALL the skeletons in the closet! Send more love: the transfiguration of our sun, Sol, is the biggest thing going on right now, and all of heaven is here to witness it.

"Look at the sunrise and sunset, and you may see our craft as plain as day! See you in the Light of the Most Radiant One! Sat Nam! Namaste!

PS: I asked Natasha about the ship prisons and the 500,000 who are being taken to Dracos, never to return! Natasha answered simply: "Everything is going to be revealed momentarily!"

Wednesday

Jedi Council

Rama: I created a **Jedi Council** today, a little south of Santa Fe, in an open field. It was 11:50 am.

I sat in the middle of the circle and began to spin my crystals. In about 15 minutes, Lady Nada showed up in the circle, along with Mr X, Fing del Noor, and the Poppy Lady. They all said to me, "Lord Rama, from a galactic perspective, there is no place in our culture here on earth for this kind of unconscious behaviour. What happened yesterday in Texas is about the white evangelical colonists and invaders to Turtle Island. Colonization and subjugation have no place in any civilization. This is a very old, old story! It goes back to Babylon and the ancient story of invasion and occupation by the Annunaki or The Fallen Angels. With this upcoming new moon, let us work with the energies of Venus."

Lady Nada, at this point, said "I have sat in many galactic council meetings with Lady Master Venus, both on Venus and at the Solar Tribunal on Saturn. She is a very wise goddess and looks like Aphrodite. Stay in the High Heart. This is going to get more intense! Have Love and Compassion for all beings. See you in the Light of the Most Radiant One! Sat Nam! Namaste! Blaze the Violet Fire!"

Thursday

Rana Mu

Rama: I received a text message at 11:21 am this morning from **Rana Mu**. She said to me, "Lord Rama! Watch Uranus turn this whole story around! There is sudden change in the air; every one is on edge. It is about the higher frequencies of the sun coming in as well as the exposure of the old empire's 13,000 years of mind control. The Dark Side is going down NOW, VERY FAST! The Pentagon is on high alert this whole weekend. Their very last card is a false flag event – a FAKE E T invasion.

"Captain Ashtar is at the helm and READY! You may see an E B S alert [Emergency Broadcast System] on your screen, followed by official news and information from a Galactic Representative.

"And you will see it on TV, hear it on radio, and see and hear it on your smart devices! Bill Gates is in the crosshairs of his own dark side people. Let us have Love and Compassion for the souls of all those dark ones who are going on a little journey. See you in the Light of the Most Radiant One. Sat Nam! Namaste! Blaze the Violet Fire!"

THE ORACLE REPORT

"Our Best Friend Brings Us The Torch" - Thursday, May 26, 2022

ANONYMOUS MEME

Tzolkin/Soul Kin Sacred Count: 2 Seed/Lizard (dual sides)

Moon in Aries

Balsamic Moon Phase: release, dream, prepare for a new beginning

Higher Octaves: going to the depths, perseverance, in pursuit, stopping a "crack" from forming, teamwork, integrity, hope renewed, not too late, realistic expectations, seeing the light side, humor, worthiness

Lower Octaves: misguided, overreaction, denial of feelings, media propaganda, the shattering of an illusion, wiped out, self pity, risky, uncertain returns

MISSION: represent The Torch and carry it forward

I call Uranus our best friend only after experiencing its power when I was not doing what I should have been doing.

I didn't know I was supposed to be studying astrology at the turn of the millennium. But Uranus came through and make conjunction with my natal Sun, and then all of the sudden, I had all the time in the world to start learning astrology. So even if we don't even know we should be doing something else, regardless, Uranus will make it happen.

We respect Uranus.

When Uranus moves to a new degree that it has not reached in its round of the zodiac, we take note. We know that Uranus will toggle back and forth over the energy, retrograding and directing its motion. It is a happy day because Uranus has moved to 17 Taurus, "a symbolical battle between swords and torches."

Battle on Earth, meet Uranus. Uranus — Might and Light, meet the Battle on Earth.

(We know the light wins.)

What is interesting about this symbol is the word "symbolical." "Symbolical" makes the AI Dictionary go a little nuts. The AI Dictionary says no; it is "symbolic." Symbolical is not a word to it. When you think about it, symbolical is the "acting out of symbols."

We study the acting out or the playing out of symbols, specifically the Sabian symbols. We are the last, active, *public* students of the Sabians, *immersed in the act of what we are studying*.

It takes an acrobat, or maybe a stunt pilot with the upcoming energy of the Sabian symbol of "an airplane performing a nose-dive" of the New Moon in Gemini on Monday.

The point is that Uranus always delivers exactly what we need, even when we don't know we need it. Uranus is bringing the torch — the light — to us. And we bring it to God. I saw a meme yesterday that pretty much sums up the energy that is starting today (today's photograph).

When we turn to a higher power to lead, guide, and direct us, we enter into the co-creation with Spirit. We leave the Swords of This World and open to the Torches of That Heavenly World. The "sword" is forged and transmuted. The act is symbolical. *We are playing out what happens when we are led, guided and directed toward what has been forged and transmuted by divine love.*

Today, we represent the Torch and carry it forward.
Much love!

Today's [Space Weather on PIR:](#)

Mighty Uranus moves to a new degree today -- the Sabian symbol of 17 Taurus -- "a symbolical battle of swords and torches." Uranus does not allow for what goes against the natural, higher, Divine order. It puts us where we have been unable to put ourselves when operating on our own devices.

For the dark side -- the "swords" -- Uranus will strike lightning on their swords. This burns and blinds them. They are surprised by it because Uranus surprises.

Patriots in the know are not surprised. We are not operating in the dark and operating on our own devices.

Be a torch and shine the light of truth and love.
