CONFERENCE CALL

R: discussion of Tucker Carlson and the confusion he is

P: describes what was presented by the site Stop the Control!

R: all of this has been created by the media for the benefit of the dark ones
he is doing a rant! ! !

- as we move into Aquarius – the electrical energy is an air sign; and with the last 3 X class solar flares – what he's seen on various sites, it's big stuff and it changes physical matter when it moves into the atmosphere

P: describes the pictures of the 2 Putins

Pad: about the Putins – seems to be some essence of the real Putin in the 2nd

- is the Version 2 doing anything so awful? ? ?
- Re Jan 6th – a week or so ago, she saw a couple of clips – looks like there might have been some provocateurs /instigators – wonders if the blue side was providing the instigators???

R: about this: so many people in the US that don't trust government, yet will play with it – the 13 families and the Media have twisted things

- there was a time where learning about sovereignty and the law was a good thing -= yet the ones who came to the 6th of Jan with the banner of "Lock and Load" to protect your liberties . . . - not really on target, so to speak! ! !

- Morpheus in The Matrix spoke of people who will die to keep the matrix alive – they don't want the light to come in; the Universe has decided – they will have to suck it up, or leave the planet or there will be physical issues with the body –
- the food being produced now is - has no words for the kinds of shops selling 'food' he sees along the road

Pad: what is packaged is not to be trusted AT ALL! Her drive down to Sedona was heart-breaking

- an abomination of nature and to the human nature

R: agrees with her!

Pad: even the organic store not so hot -

- the air around the house outside – smells like wafting benzene – and no, no airport -
- now have google in the area and a bigger google building close by

R: has seen different cars and trucks that have passed through the SW

Pad: Tactical Tim back on the shift idea

- Earth has left the station . . .

P: and is he sharing consciousness with the original? (the second Putin)

T: NO – he is a mouthpiece for the dark one

PAD: so who is doing the cleansing of the . . .

T: the galactics with the local people

Pad: are you saying that the local people know about stuff and are asking all kinds of questions?

T: YES ON A GLOBAL SCALE and saying that the US is so good is nonsense

- the soviet union is supposed to be gone – and those who choose to come in as a light beings in that area - they know consciously what has to be done in the particular area – not being done by any smarty pants from the US - but the propaganda has to be kept up
- Brings up Harry while in the military – took his breaks with the real Putin the real one - Putin is now holding the light with the galactics / Andromedans
- the stuff about Russia vs the UN is a magnitude of ignorance
 - as Omena says a mass consciousness of toddler and adolescent souls . . .

question: where is that flash?

Pad: will it be a real flash

T: a real flash of consciousness

P: from Aurora Ray – talks about 3 days of darkness! ! !

- she’s a galactic ambassador! ! ! Why is she saying this???

Pad: also questioning this – same as Tactical Tim

R: asks her about the Tactical Tim one?

Pad: it’s good – talking about being on the shift

R: he’s seen the frog people at council meetings – always seemed friendly

and movies coming out over last 20 years are good for introducing concepts

- Discussion about difference the Khardashian people and the Khardashian women
And much more! ! !

2024-02-02 Temple of Sekhmet Transmission: Healing/Transforming a Seemingly Irresolvable Issue

<https://www.youtube.com/watch?v=ItnEcqY2mhU>

Steve Nobel

In this transmission you journey to the Temple of Sekhmet in the higher planes. There you meet Sekhmet and surrender to Her a seemingly irresolvable issue. With the energy of this issue a metaphorical energetic space appears in the centre of the Temple, perhaps as a garden or landscape. Initially, the Goddess works to clear all underlying programs, patterns and energies that sustain the issue. Then, using your desired result for healing and transformation, the space is transformed into something more beautiful and magical.

Sekhmet is the Goddess of the Sun, Lady of the Flame and Guardian of the gateway of rebirth. She is fierce but loving, protecting her own and those loyal to her, strong and powerful and will see hidden truths. She is warrior, hunter and a healer.

Sekhmet will encourage you to live and follow your sacred path of inner integrity, help you to speak your truth and be honest and will empower you. She will help you with self healing and healing for others and will protect you. In her hand a golden ankh that radiates a golden light. Her eyes are red like rubies. Around her the scent of Frankincense, Myrrh, Copal, Red Sandalwood.

Music by Seft Tofan (Anima Mundi) and the track is called Opening My Eye 852 Hz.

MOTHER / ALCYONE [M / A]

Greetings in the Light of the Most Radiant One ! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain.

Indeed, it is time for Divine Government as Patti was saying. Everything is moving so much higher into that state of awareness. This fiasco that is currently taking place is about the old timeline going away, Divine government being brought in.

- It is a challenge to be here; it is a gift - these bodies; this time we're in - it is amazing to be here at this time in these Temples of Radiance. It's a rare opportunity to Shift the Ages, and we are doing it in spite of the best efforts of the dark side to stop it.
- They need more love; maybe time for a bath !

T: laughs! Dirty birds!

M/A: Yes we need to put them in the river; wash them clean - the River of Light that's pouring in from Grand Central Sun, Great Central Sun. This is this time where Aquarius comes into play; humanitarian efforts are in our face. It's a very auspicious time to be here on the planet, a challenging, precarious time. So many energies pouring in to shift the old and, try as they may, the Light has won - let's put it that way.

It is the saying as Howard Zinn on your planet said; 'Can't be neutral on a moving train'. Yet the neutrality comes with the awareness that there is a new reality pouring in, and it is about compassion and love, kindness; it is much easier to shift the timelines with peace and love, rather than violence or war.

- And we have seen so many civilizations come and go, across so many universes upon universes. This grand story of multi-verses interacting with each other at this time is a most unique opportunity for us to get to know our friends and family across the spectrum of light years. Not all of us have horns or fangs, although it might have been portrayed that way on this world.
- It's getting past stereotypes, this civilization [is] a bit fixed on that stuff. And it is because of what happened so long ago when we got intrigued with our fallen egos and power, without love.
- It's quite a trip to behold. Right at this time, the old structures that are made of match sticks still trying to hold on with their ideas. .

T: Not doing so well with that . . .

M/A: No. The people are waking up on this planet and Divine Will is coming into play. It is thy will be done and it's not with an iron fist; it is with love, compassion, kindness wisdom.

- Lord make me an instrument of thy peace; where there is such hatred, let me sow love.
- The vibrations that are pouring in as the sun continues to uplift this planet, all the other planets - it's a grand symphony of this orchestration of Light. We can say with great certainty: we have moved into that reality which is the 5th dimension. With it comes new gifts, new abilities, awareness and, at the same time, same breath, gotta watch what we say, what we do, cos it shows up, just like that - instantaneously.
- and even though they parade these so-called people of power before us, [who] try to twist the heart from the mind, send more love and it's a challenge when you see Ms Clinton, Mr Trump
- and what we have before us - we have asked for the biggest gift we can give - **which is love to souls that have made choices for better, for worse**
 - In their own consciousness, everybody has a choice when they come here. This is not a prison planet; it is a Garden of Eden. We are only just beginning to wake up to that fact. And it is what is spoken of: we are in the realm of effect and, what we think from the realm of cause shows up right here, right now.
 - This is the discipline [of] how to use the wisdom that all the kingdoms, queendoms of heaven have given us in the forms of meditation, kundalini yuga, how to move the body mind spirit
 - Like we heard last night: the plant medicines have a way of lifting us out of this realm into the non-ordinary reality, so you can look at your stuff and some of it is not so pretty, and you gotta fix it
 - and how you fix it is loving it even more even if you are in a position of one of these life forms that is portrayed on the screen with so much power: they don't know what to do with it, except to get stuck in the matrix and play with energies but not in a good way.
- Let's say it is the dichotomy of many worlds coming together at once, and we get to figure out what reality we want to get to play in
 - We choose to be in the realm of love and balance, kindness, compassion; as His Holiness speaks: "my religion is kindness" - it is a bit hard to believe coming from a warrior goddess's words: yet how to deal with it is to love it even more: that is how you break through the ego
- We gotta be on our way!

T: we are just enjoying everything . . .

T feels so sure that we are moving very quickly towards a world public announcement; just want to say there's gotta be a reason why Stephen Colbert is having a special show on Sunday night at 11 pm, and Jon Stewart has a special appearance on that show! What is going on?

M/A: It has to do with the fact that we are 90 seconds to midnight and nobody is going to push any buttons

- The Fear Factor is the thing - call it psychic warfare which the dark side is good at
- Time to put the axe and the sword; time to turn them into a hoe and rake so we can continue in this Garden of Eden

T: agrees

M/A: Yes: a sword or a double - bladed axe doesn't work well when you want to plant some seeds. Like the Hopi speak of: a planting stick - the kernels of corn: the three sisters, the beans, the squash, the chili in this area of the Land of El Dorado.-

- It is about the sacred wisdom that is contained within Mother Gaia/Vyamus - as we listen to her, she will tell us the next step, what to do with this Age of Aquarius on its way here
- Time to have a moment of reflection of what a golden age is about: NO WAR! What a concept!
- There are other civilizations throughout our Milky Way Galaxy that have never had war: inconceivable! Within the eyes of love, why would you do something so illogical? Yet it is about this growth process we asked to step into to experience it. It might sound insane It is what is before us . . . Blaze the Violet Fire!

RAMA RETURNS: has been to Mt Kailosh to get some shakti pat from Lord Shiva and yes he got his dose and his third eye is throbbing - not a headache, but like what everyone is feeling from the solar flares that your head is getting squeezed gently - like a vice! Not a pleasant thought, but what we're going through

- A good thing - he gets that as it is how we ascend, Ascension is not painful yet it is about holding all the love you can hold in the cells and sometimes the cells are gotta absorb more light and we have to breathe through it and it's not always fun!

T: we are still here

R: we are still here!

T: and we all know it that something is up in the zoo

R: yes: the fur has been ruffled

T: and the feathers too - no turning back

- she suspects Mother said 90 seconds to midnight for a reason

R: yes it is precarious because there are all these stories about major conflicts on the planet, and the Forces of Light tell a different story, and he goes with that! And pass the talking stick

T: May we proceed in good order . . .

S23: Ep 10 <https://www.gaia.com/video/saturn-the-council-of-7> **34 min**

Can planets hold sentience, and is there tangible evidence of Saturn's structural manifestations on Earth in the form of events and timelines?

Tim, Tactical Advisor, discloses to Emery Smith the link between what humanity calls Christ consciousness and the first life form in this solar system to reach the highest level of frequential harmony, Level 7. Tim believes the maintenance of the Council of 7 is conducted by the Galactic Federation, and Saturn is the meeting point for communications to an Andromedan species on Earth with covert military contacts.

Is every mainstream human group who uses an arrow in their logo communicating with the Council of 7, a group of ET beings based around Saturn, with God-level consciousness?

Did Albert Einstein and Robert Oppenheimer write a letter to President Truman about ETs? What exactly did these two wunderkind scientists envision for our encounters with "celestial beings?"

Paola Harris, author and boots-on-the-ground ufologist, returns to Gaia and takes Oppenheimer's blockbuster notoriety beyond the Hollywood big screen. Regina Meredith and Harris connect the dots between: the first Trinity experiment and Roswell, atom bombs dropped in WWII and mysteriously thwarted cold war games, and contactee warnings and presidential peace proclamations. Is it possible Venutian influences are preventing a nuclear meltdown to protect against a multidimensional impact?
