THE LAW OF ONE

We are all One
 When One is helped, all are helped.
 Therefore in the name of the I AM – and I AM One with All there is -
 I ask only that the Highest Good of all concerned – Happen.
 And I give thanks that this is done!
 So Be It!

MEDITATION -

Theme: on the conscious mind – which constantly messes with us! ! ! It's driven by the ego

Weekly Energy updates from around the table

COR: It's exhausting and crazy out there; being told that you'd better release that if you're going to move on

Rama: This past week has been a doosey – exhausting, exhilarating, and every day he feels 5D being being anchored – sees the geometric patterns in his face! Also the little faces of the elements – salamander, pixies, fairies – popping out from everywhere

- brings up a movie called Cool World – about a guy who had an accident in the 20s, 30s, and went through a portal; ended up in an alternate universe where everyone was a cartoon – and he fluctuated back and forth between both realities. And Rama is seeing beings from another realm interacting with us as we do our daily lives.
- Also sees psychedelic colors coloring things: the physics of this realm is shifting – can no long sustain the current timelines
- also having strange thoughts and experiences and how realms are changing: the beings coming in are shifting our timeline whether we know it or not, or like it or not -
- what is happening in the Middle East is ethnic cleansing – genocide – and the US is part and parcel of it

T: hearing the Pres Biden is being pressured hard to call for a permanent cease fire

R: Bernie Sanders has almost said it's time for a cease fire

relationship between Sanders and Biden is not good: the hologram is being led around by the nose !

- The original story of what happened with extra terrestrial folks who were fallen angels invaded and occupied what is now called the Middle East
 - Abraham was ½ ET and ½ home sapien
 - Enlil was a bit nicer than Enki – but they are still part of the fallen angels group
- the Graham Hancock story and that of others are interesting: a question He has asked ET s is what would have happened if Maldek had not been destroyed; was told that we all asked to be here as a learning experience as Ascended Masters – as crazy as it sounds! ! !

T: on the ReidOut show tonight – talking of pressure on the US and Pres Biden – today 500 staffers over a large number of Jewish organizations across the US called on Biden for a cease fire and the return of the hostages – and said that nothing that could be resolved with the current situation

- also brought up the idea that racism and bigotry are concepts that should not be brought up vis a vis Israel – and that it should be noted that there is racism and bigotry against the Palestinians – yet members of the Congress do not care one whit if Palestinians are being killed in large numbers – that IS bigotry! Only get excited when Israelis are injured or killed . . .

T: Micah asked her to do his numerology for this year: she got that he should learn all he could about St Germain, as he has two 7s in his numbers!

Hear no evil; See no evil; speak no evil and Omena adds: the 4th one is “I’ve got it on tape! ! !”

RGM: had a 3 hour cat nap today – just whacked! Had no idea of where he had been

O: also had an hour sleep today

wonders how to ascended masters know what we’re going through: Many have never been in a body themselves: they say nothing but just smile

- All she can say about this crazy energy and the vicarious trauma thanks to Gaza and Palestinian
 - Jesus is already in Israel
- always amazed that the ones who were tortured by the Nazis are turning into Nazi themselves
- breaks her heart to see what is happening to the children; sends lots of love to them as they leave
- what we are seeing is just a small part of our journey as we are on our way home . . . don’t watch the TV ! ! ! and get your Higher Power to bless them all . . .
- Wants to know when the energy will change . . .

T: discusses more of Micah’s numerology; the 4 Muskateers; JJ Hurtak who channeled **The Keys of Enoch**; and what **the King of Swords** tasked Rama and Tara to do; what Rama heard on BBC radio and how the events in the Middle East were planned to the T.

- The Hamas are paid by the US to do what they do – meaning the people of the US have paid for what is happening ! ! !

O: part of the discussion about the DNA that kills or doesn’t

- the human soul is only about love; those that look like humans but aren’t have no souls - and those ones want our life form energy, but will not get it . . .

O is a warrior soul; **COR** a scholar

- How do we deal with the shame and horror that it is the people’s tax dollars paying for this??
- O:** first of all, don’t take on the shame!
 - the US is a very young country, run by adolescent souls; as they are not mature people, they won’t listen to mature ones – the US is easy fodder to take over because of this

RGM: agrees about the beings that have infiltrated earth : they are 1005, total warriors and think they are doing the right thing because that is all they know – it’s fine for them! !

- And they are going to get run out because the rest of the people are saying no more! ! !
- Mr Keshe was asked about this last night: the best thing you can do for thees souls is send them love! ! !
- From RGM: We are watching actors really – they are controllers or try to be; love the ego of thinking they are in control;
- There are some members of government in various countries who are standing up and saying NO! I won’t put up with this
- on the subject of the way the sub consciousness absorbs negative messages get rid of newspapers; , the TV is an entrainment device
- we have to have peace within if we want to bring peace to spaces around us
 - Has been seeing beings around outside himself
- two princes announced to be dead – one from Saudi Arabia and another from Lichtenstein – how did this • happen? As there are also wars within the families themselves, is this a fall out from that?
- Mercola has put out some major info on what happened to his bank a/c – the banks are planning to control us by controlling our money

- T:** to address what O said about Liz Cheney, besides her being mature,
- Someone had proposed that a ticket be Liz Cheney for pres; a Dem for VP (Thom Hartmann show)
- Liz Cheney wants to end medicare and medicaid for good and most welfare programs for good; nor is she for the right to vote, that the wars in Iraq and Afghanistan were good things! ! !
- O:** First thing to remember is that she doesn't have the power to do what she says
- doesn't think will lose the house or the senate -
 - At the same time, the US is doing all in its power to keep a female out of power . . .
- COR:** the power alliance runs on control and separatism and would not allow a female pres and a male VP or vice versa . . .
- T:** Liz has said she is not a fan of the right to vote
- WHY? Is the question . . . To be further discussed . . .

MG:

Greetings to all of our listeners from around the planet and throughout the cosmos!

Well folks I'm sure many of you can relate to some of the most intense energies ever experienced thus far on this beautiful mother Gaia we have come to call our home. From sleepless nights to extreme swings in emotions from crying to laughing and everything in between. Just know in your hearts that this too shall pass and we will be more elevated and in a higher dimension than we were before this. Know that Love is ALL THERE IS, And everything else is an illusion.

We are co creator Gods and goddesses and need to know this deep within our soul. We've been lied to about almost everything from the day we were born. We are always connected to all that is and need to remember that we are one with the creator and everything in the universe. Stay grounded; get out in nature with your bare feet on the ground, even in the snow if only for a couple minutes. At my last place here in the country in rural British Columbia up on a mountain, I only had an outside shower. So I had a shower outside in the cold and snow and walked bare feet on the snow to and from the house. I was grateful that I had a shower and even more grateful to be able to connect to mother earth with my bare feet in the snow. And that was after I spent a good solid hour in the wood stove sauna in the backyard and sweat out all the toxins and anything negative that may have festered in my body.

With an attitude of gratitude, we can overcome the most difficult situations with grace and ease. I am constantly in gratitude and thanks for all the blessings in my life no matter what may come my way. And no matter what does come, I will not allow myself to stoop to anything of lower vibration that could cause harm or obstruction from feeling love in all moments.

I send out more love to each and everyone of you listening to this call tonight. Stay positive and know so many good things have yet to come! The future is bright, let's co create peace on earth together!

Meeting the Soul of the Lover — Friday, 22nd of December

With the new Space Plasma Technology as proven on the 16th of December 2022 during the Keshe Family Christmas Plasma Flight, man has reached the level where one can interact with his soul with the Soul of its Creator, without the intermediaries in whatever name, where one can be enlightened with the knowledge of the Creator and its creations through one's soul.

The goal of this session is to teach you how to love. We'll create the conditions for you to learn how to give, how to become a lover and how to start the process of giving without expectation to receive, so that you can go in the Space and become Passengers of Universe.

Monday

17 deer and 14 crows; The Plasma Field; Max Cole

Rama: I went and sat with **17 deer and 14 crows** at 10:50 am, mid morning. It was chilly! They all said to me, "Lord Rama, the energies are as high as cosmic law will allow. As usual, leave the matrix alone."

**Lord Rama:
Rainbow rays over
the Northwest**

Then I went and sat in **The Plasma Field** for an hour and a half! At first I was sitting on the edge of the pool and **Max Cole**, a former New Mexico State Senator who faked his death, called me from Taipei, the capital of Taiwan. He said to me, "Lord Rama, there are 30 Chinese war ships in the South China Sea; they are surrounding American warships there. And there are rainbow coloured dragons in the skies overhead, and everyone in the sea below can see them (the dragons in the sky). They are here to prevent nuclear war."

Then Max said, "Lord Rama, I have to go; I have an appointment."

Then **The Plasma Field** said to me, "Lord Rama, focus on the geometric patterns in the air. I was immersed in the water of the pool by now, so I focussed on the patterns in the air, and they opened up into huge mandalas! It felt as though I became pure particles of light. Then I was no longer in the room: I was floating in space, close to Super Galactic Center. I could see the various the multi-verses inside Super Galactic Center. I heard the voice of The Plasma Field say "It's time to come back now, Lord Rama!" So I found myself back in the pool and saw that an hour and a half had passed in no time!

The Plasma Field said to me, "Lord Rama, this is how you become immortal. You stay in the Oneness. See you in the Light of the Most Radiant One. **Sat Nam! Namaste! Blaze the Violet Fire!**"

Tuesday

Darby O'Dell

Rama: I received a text message from **Darby O'Dell** from Glasgow, Scotland, at 11:35 am, late this morning. He said to me, "Lord Rama, the solar flares continue to stay very large! The energies pouring in right now are continuous light waves that come from Super Galactic Center. As all the messages have been saying - WE HAVE WON! ! !

"Leave the matrix alone; it is continuing to burn itself out! Anger and hate do not help ascension! We are in the most auspicious of times. We have moved light years in the last 7 days. All the 9 realms that surround earth are here. They are entering our realm to help raise it up! Stay in the High Heart. All this war nonsense will quickly fade away! See you in the Light of the Most Radiant One! **Sat Nam! Namaste!**"

From Lord Rama:

Wednesday

the King of Swords; The Nameless Ones

Rama: I received a text message from **the King of Swords** at 11:38 am, late this morning. He said to me, "Lord Rama, there were 23 solar flares today. As you are having challenges with the energies and the ascension symptoms, this is why!"

The **KOS** continued, "Meanwhile, I received a message from **The Nameless Ones**. They said to me, 'Mr KOS, there is a rotating group of 3,000 Tibetan lamas who are chanting and spinning the prayer wheels in the Wesak Valley with us. They are chanting 'Om Mani Padme Hum'. They have been here with us, chanting the mantra every day since October 7th. "

"THE LIGHT HAS WON!"

"In the last 7 days, the light waves pouring in have changed this reality! Whatever the dark side does, they have failed! Our biggest task is to remain neutral and remain positive. We know these times are very challenging for you. The star ships are everywhere in our skies. Love is the answer. See you in the Light of the Most Radiant One! **Sat Nam! Namaste! Blaze the Violet Fire!**"

Thursday

25 deer; two very big ravens

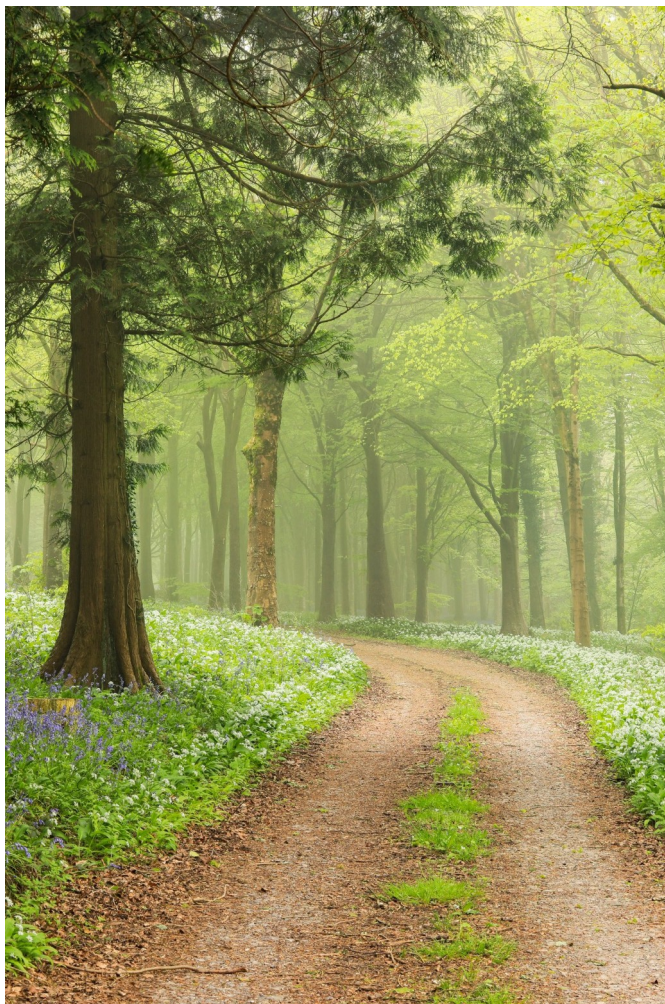

Tom the Ring-tailed Cat, Sweet Angelique the Cat.

Rama: I went to Sun Mountain in Santa Fe and climbed up it for a short distance at 10:30 am, mid morning. There I was cornered by **25 deer**, 10 or so who were very big bucks – with big antlers! Also, there **two very big ravens** there, sitting low in the tree, low enough for me to see them, and them to see me, and observe the scenario below. The deer told me intuitively to lay out my crystals and create a Jedi Council.

Then I received a call from **Tom the Ring-tailed Cat** and **Sweet Angelique the Cat**. They said to me, "Lord Rama, the energies continue to go exponentially higher and higher. The solar flares are getting larger and larger. In the twinkling of an eye, all this samsara will end.

"We have been saying for many months now the galactic forces will switch off the old matrix and everyone will see our galactic forces in living colour! There will be a signal given and millions of craft will be seen around Planet Earth! You will get a tingling in your Metatronic chip in your crown chakra, Lord Rama; the time is extremely close for this to happen.

"Each day, the 5th Dimension is being anchored more fully on Earth by all of us as we meditate every day for as little as 4 minutes or more! We are very close by. See you in the Light of the Most Radiant One! **Sat Nam! Namaste! Blaze the Violet Fire!**"

INFORMATION RELATED TO THE NOTES

TIME TO FOCUS OUR ATTENTION

Patricia Cota-Robles
www.eraofpeace.org

December 1, 2023

The Company of Heaven is reminding us that we are in the midst of a 40-day intensified assimilation of Light that is more powerful than anything we have ever experienced. That means that every thought, feeling, word and action we express is being amplified in ways we have not previously known.

During the month of November, in order to remind us once again that we are Co-creating our Earthly experiences, we at *Era of Peace* were asked by the Beings of Light to replay Vlogs 10, 11, 12 and 13 from our Bigger Picture series. These Vlogs clearly describe how our thoughts, feelings, words, actions, memories and beliefs have caused the good as well as the painful things we are witnessing and experiencing at this time. The Vlogs also reveal what we can do to change the things we want to improve.

(If you have not signed up to receive our FREE Weekly Vlogs and Monthly Newsletter, you may do so on our website www.eraofpeace.org. The vital information being given to Humanity at this time by the Company of Heaven is an essential part of our Ascension process. Please do not let this Gift from On High pass you by.)

Today, the Beings of Light in the Realms of Illumined Truth are asking us to stretch our Consciousness and to listen to the inner guidance of our I AM Presence, so that we will fully comprehend the magnitude of the awesome shift that has just occurred for Mother Earth and our entire System of Worlds. This Sacred Knowledge will help each of us to realize that, even in the face of the horrific adversity manifesting in the outer-world, *Mother Earth and all her Life are moving forward in the Light*. That demonstrates the profound Truth that the Light of God and the heartfelt pleas of the masses of Humanity invoking Love, Peace, Compassion, Healing, Oneness and Reverence for ALL Life are infinitely more powerful than the fear-based and fragmented behavior patterns and distortions of our fallen human egos.

The 40-day intensified assimilation of Light we are now experiencing began on November 11, 2023 with a powerful activation of the 11 and 11:11 and 11:11:11 Divinity Codes in Humanity's Twelve 5th-Dimensional Crystalline Solar Strands of DNA. The Sacred Geometry of the Master Number Eleven reflects the *TRANSFIGURATION FROM THE PHYSICAL INTO THE DIVINE*. November = 11: November 11th = 11:11: November 11, 2023 = 11:11:11 - (2+0+2+3= 7) 11+11+7 = 29 = 11. Our 40-day intensified assimilation of Light will be completed during the December 21st Solstice.

On November 11, 2023, in the embrace of the fully opened 11:11:11 Portal, Mother Earth and ALL Life evolving upon her reached a critical mass of energy, vibration and Consciousness that allowed the masses of Humanity to at long last align the AXIS of our individual 5th-Dimensional Crystalline Solar Spines with the AXIS of Mother Earth, the AXIS of the Suns beyond Suns in Earth's Lineage and the AXIS of all of the Celestial Bodies in our Galaxy.

This alignment allowed us, for the very first time since our fall from Grace, to align with and to be Breathed into the full embrace of the System of Worlds associated with our *Grand Central Sun* which pulsates beyond our Galaxy. This alignment and this Cosmic In-breath is something our Sisters and Brothers throughout the Cosmos have been waiting for us to achieve since our human miscreations formed the oppressive Veil of Maya. Aeons ago, the weight of Humanity's grossly mutated energy in the Veil of Maya actually bent the Axis of the Earth and caused Mother Earth and all her Life to fall into the abyss of separation and duality which tragically trapped us on the "wheel of karma."

During the past several decades, through the unified efforts of Heaven and Earth, the adverse affects of our fall from Grace have been reversed step-by-step. Now, we are moving forward in the Light at warp speed. The Company of Heaven revealed that the Cosmic In-breath that Breathed our Galaxy through the 11:11:11 Portal into the full embrace of the Grand Central Sun in our System of Worlds amounts to a Quantum Leap up the Spiral of Evolution beyond anything that has ever been attempted in any System of Worlds.

The Beings of Light have joyously affirmed that the success of this facet of Mother Earth's Ascension process has exceeded the greatest expectations of Heaven. Now, in the full embrace of our *Grand Central Sun*, Mother Earth and ALL Life evolving upon her are able to Breathe through our Prana and Life Force higher frequencies of the Infinite Light and Patterns of Perfection within the Heart of our Father-Mother God than we have been able to previously withstand at a cellular level.

The gentle, but intensified, assimilation of the awesome Light of our Grand Central Sun is what we are experiencing during the 40-days and 40-nights leading up to the December 21st Solstice. During that Celestial Event, this assimilation of Light will be completed, and the incredible expansion of Light from the System of our Grand Central Sun will be permanently available to each and every one of us with every Breath we take.

To help us comprehend just what this means, we have been given a very simplified chart. I know it seems complicated, but our I AM Presence is fully aware of this information. The Company of Heaven has asked me to share these details with you because of the shift that has occurred within each of us. They said it will be beneficial if we know this on a more conscious level as we Co-create the patterns of perfection for the New Solar Earth.

The Sacred Geometry associated with our System of Worlds involves the number Twelve and the Power of the 12X12.

1. Our Physical Sun is responsible for Twelve Planets. The Solar Logos for our Physical Sun are Helios and Vesta.
2. Our Physical Sun belongs to a Central Sun. The Solar Logos for our Central Sun are Alpha and Omega. Alpha and Omega are responsible for Twelve Physical Suns, including Helios and Vesta, and each Sun is responsible for Twelve Planets. Therefore the Central Sun of Alpha and Omega consists of Twelve Physical Suns and 144 Planets.
3. Our Central Sun of Alpha and Omega belongs to a Great Central Sun. The Solar Logos for our Great Central Sun are Elohae and Eloha. Elohae and Eloha consist of Twelve Systems exactly like Alpha and Omega. Elohae and Eloha consist of Twelve Central Suns, 144 Physical Suns and 1,728 Planets.
4. Our Great Central Sun of Elohae and Eloha belongs to a Great, Great Central Sun. The Solar Logos for our Great, Great Central Sun are El and Ela. El and Ela consist of Twelve Systems exactly like Elohae and Eloha. El and Ela consist of Twelve Great Central Suns, 144 Central Suns, 1,728 Physical Suns and 20,736 Planets.

The System of Worlds beyond our Great, Great Central Sun of El and Ela has been pulsating at a frequency of Light that is beyond our reach. Our Sisters and Brothers in that highly advanced System have been waiting patiently for Mother Earth to catch up with the rest of our Solar System after our fall from Grace

Now that Mother Earth has Ascended off of the wheel of karma, transmuted the Veil of Maya, and aligned with the AXIS of ALL of the Celestial Bodies in our Galaxy, we have at long last reached a frequency of

vibration that enabled us to reclaim our rightful position in the System of El and Ela. With that glorious achievement, on November 11, 2023, the entire System of our Great, Great Central Sun El and Ela was Breathed through the Portal of 11:11:11 into the Solar System of our *Grand Central Sun*.

5. Our Great, Great Central Sun El and Ela is now held in the full embrace of our Grand Central Sun. The Solar Logos for our Grand Central Sun are Sanat and Luz. Sanat and Luz consist of Twelve Systems exactly like El and Ela. That means that Sanat and Luz consist of Twelve Great, Great Central Suns, 144 Great Central Suns, 1,728 Central Suns, 20,736 Physical Suns and 248,832 Planets.

What our Father-Mother God and the Company of Heaven want us to fully comprehend during the remainder of the 40-day assimilation of Light we are in the midst of is that, when this facet of our Divine Plan is God Victoriously completed, which will occur during the December 21st Solstice, the Infinite Light and the full Divine Momentum of ALL of our Sisters and Brothers in the System of our Grand Central Sun Sanat and Luz, will be available to assist us in what will seem like miraculous ways during the remaining Ascension process we have been preparing to Co-create for myriad Lifetimes.

An Interesting Observation

Interestingly, after the victory of this amazing shift into the full embrace of our *Grand Central Sun*, on November 23, 2023, CNN reported that scientists have detected a Cosmic Ray that is almost as powerful as the "Oh-My-God" particle.

Space scientists seeking to understand the enigmatic origins of powerful Cosmic Rays have detected an extremely rare, ultra-high energy particle that they believe traveled to Earth from beyond the Milky Way Galaxy.

It rivals the single most energetic Cosmic Ray ever observed, the "Oh-My-God" particle that was detected in 1991.

This recently discovered particle was named by scientists *Amaterasu after the Shinto Sun Goddess* in Japanese mythology. The number of electron volts in the Amaterasu particle is 244,000,000,000,000,000. By comparison, the typical energy of an electron in the Polar Aurora is 40,000 electron volts according to NASA.

The source of these ultra high-energy particles is baffling scientists. They say that the Amaterasu particle comes from a region that looks like a local empty space. It is a void where nothing is supposed to exist.

Dear One, our Father-Mother God and the Company of Heaven are encouraging us to contemplate the magnitude of the shift that is now occurring within each of us, including the Elemental Kingdom and Mother Earth. During this critical facet of the Divine Plan, we need to carefully monitor what we are empowering with our thoughts, feelings, words, actions, memories and beliefs.

God Bless You,
Patricia Cota-Robles

Extraterrestrial beings are actively working to challenge ingrained assumptions and push the boundaries of what humans perceive as reality.

By introducing concepts and ideas that seem fantastical or unimaginable to the average person, these beings from the stars are forcing an expansion of consciousness and examination of rigid belief systems.

The Pleiadians, for example, speak of multidimensional existence and the ability to shift between parallel realities and timelines. For many, the notion of alternate dimensions interacting with our concrete world is mind-bending. Yet the Pleiadians encourage questioning fundamental assumptions about the nature of reality.

Similarly, the Arcturians emphasize the existence of diverse extraterrestrial civilizations and suggest that humanity is but one small part of a vast, populated universe. To some, the belief that we are alone in the cosmos is deeply embedded. The Arcturians compel us to radically reevaluate this anthropocentric worldview.

By presenting perspectives counter to prevailing modes of thought, extraterrestrials jolt us out of complacency, shining light on untapped potential. Their boundary-pushing ideas stretch the limits of imagination, opening doorways to higher states of being. This catalytic effect serves to elevate global consciousness, propelling humanity into greater alignment with cosmic truth.

We may resist notions that diverge from consensus views. However, the extraterrestrials are relentless in their efforts to reveal blind spots, spurring the collective forward in its understanding. Through their startling messages, humanity inches toward enlightenment!

The Lyrans are one of the oldest galactic races in our galaxy and have played a significant role in Earth's ascension journey. Hailing from the constellation Lyra, they are humanoid in appearance, often described as Nordic-looking with blond hair, blue eyes, and fair skin.

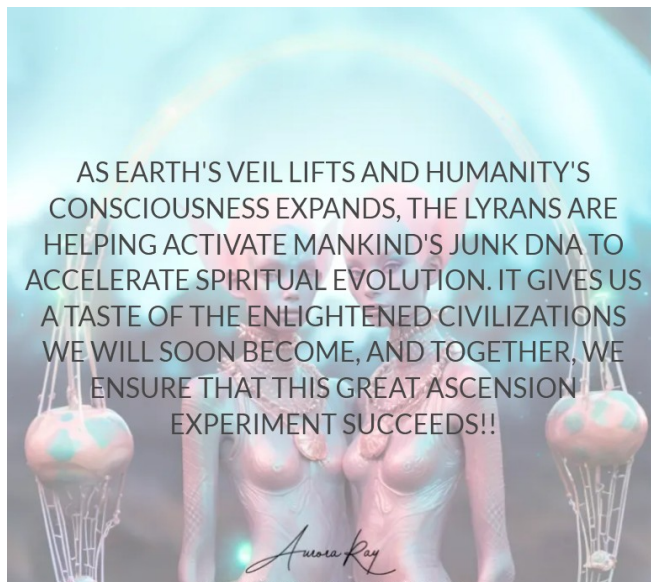

The Lyrans once had an advanced planetary civilization based on peace, love, and an open exchange of ideas. Their society valued freedom, creativity, and spiritual connectedness. However, their home planets were eventually destroyed in a series of intergalactic wars millions of years ago.

As Earth's veil lifts and humanity's consciousness expands, the Lyrans are helping activate mankind's junk DNA to accelerate spiritual evolution. Through lightwork, channeling, and direct interactions, they transmit high-vibrational energies and spiritual wisdom to awaken latent abilities and intuition in humans.

The Lyrans possess profound knowledge of humanity's origins, galactic history, multidimensional existence, and the inner workings of the universe.

Specific contributions from the Lyran starseeds on Earth include:

- Seeding new genetic codes to improve health, longevity, and psychic abilities.
- Encrypting sacred geometry and spiritual truths in crop circles.
- Supporting the enlightenment of humankind through philosophy, mysticism, and esoteric schools of thought.

- Protecting sacred sites and knowledge so humanity may one day rediscover its forgotten past.
- Inspiring humanity's desire for freedom, creativity, spirituality, and connection to the broader universe.

Lyrans' spiritual presence continues to have a profound impact on humanity's collective journey toward enlightenment and cosmic remembrance.

Also, the Pleiadians, Sirians, Arcturians, and others expose mankind to new realms of possibility. They challenge rigid thought patterns and make us question conditioned beliefs adopted over generations. This forces humanity to reconsider long-held assumptions about the nature of reality and existence.

By stretching our understanding of what is achievable, contact with these beings acts as a catalyst for incredible breakthroughs in philosophy, spirituality, science, and technology. They prompt us to let go of limiting paradigms and embrace our immense potential.

Interaction with evolved beings who have transcended primitive concepts of separation, fear, and limitation allows humanity a glimpse into where we are headed as a species. It gives us a taste of the enlightened civilizations we will soon become!

This galvanizes the collective psyche into action. Collectively, we yearn for this expanded state of being promised by contact with our cosmic neighbors. It motivates us to rapidly quicken the pace of our development!

Conclusion:

Throughout human history, extraterrestrial beings from the Pleiades, Sirius, Arcturus, Andromeda, Lyra, and Orion star systems have worked to assist humanity in our collective ascension journey. Their involvement on Earth has challenged perceived realities and pushed boundaries, helping to elevate global consciousness and propel our world into a heightened state of awareness.

While their methods may seem unconventional at times, these extraterrestrial visitors share a common goal of guiding us into the next phase of our spiritual evolution. Their continued presence ushers in a new golden age for humankind, built upon principles of peace, love, and unity consciousness.

By elevating global consciousness and coming together in our shared vision for a better world, we ensure that this great ascension experiment succeeds.

While contact with these cosmic visitors can be awe-inspiring, we must remember that we, too, are powerful co-creators with infinite potential waiting to be unlocked. Our evolution is ultimately in our own hands as we walk this path together!

Throughout history, humanity has pondered the possibilities of life beyond our planet. Tales of extraterrestrial visitors are woven into cultures worldwide, depicting beings from the stars as teachers, guardians, and guides.

In recent times, contactees and channelers have reported communications with various benevolent ET groups who are actively participating in humanity's evolution and ascension. These include star nations from the Pleiades, Sirius, Arcturus, Andromeda, Lyra, and Orion star systems.

Although the exact nature and purpose of extraterrestrial engagement remain mysterious, various sources, including my channeled communications, strongly indicate that these beings are sharing their advanced spiritual insights, energetic frequencies, and technological expertise. Their goal is to aid Earth and its inhabitants in experiencing a quantum leap in consciousness.

This transitional period is described as a shift into the next dimension, moving humanity into a golden age of peace, harmony, and heightened perception!

ET groups are working tirelessly to awaken humanity, challenging rigid belief systems and pushing boundaries to elevate global consciousness. Through contact with awakened individuals, they transmit light codes, healing energies, and messages to help activate latent human abilities and upgrade our DNA.

Their interactions aim to accelerate spiritual development, raise vibrational levels, open blockages, and stimulate advancements that will propel our civilization into an enlightened new era!

Following direct extraterrestrial contact, numerous individuals report significant shifts in awareness and intuition, attributing these transformations to their interactions with these otherworldly beings. Their accounts describe accessing ancient wisdom, unlocked potentials, and connection to a cosmic community helping Earth through ascension.

As humanity progresses on this evolutionary journey, our extraterrestrial ancestors keep watch, guiding us into the light!

Pleiadians:

The Pleiadians originate from the Pleiades star cluster in the Taurus constellation. They have luminous skin tones ranging from fair to tanned, with light hair and eyes in hues of blue, green, or brown. Their home planet, Erra, possesses advanced technology and wisdom. The Pleiadians' society is described as peaceful, egalitarian, and artistic.

As masters of light and sound, the Pleiadians play a significant role in humanity's ascension. Their purpose is to share their knowledge and guide us toward enlightenment. Specifically, they transmit high-vibrational energies using light languages and tones to activate our dormant DNA strands.

The Pleiadians also connect with us through channeling and dream states to provide teachings about self-empowerment, healing, Manifestation, and our limitless spiritual potential. By awakening our consciousness and intuition, they aim to help us break free of limitations and densities to fully realize our divine nature!

The Pleiadians encourage us to be loving, mindful beings who live in harmony with each other and our planet. Through their wisdom and care, we continue progressing on our path of evolution.

Sirians:

The Sirians are an ancient race originating from the planets Sirius A and Sirius B. Known for their keen intellect and inquisitive nature, they are highly advanced in the areas of science, mathematics, and astrophysics.

Physically, Sirians are often tall and slender, with elongated skulls and almond-shaped eyes. Their skin tones range from light blue to grayish green. On their home planets, Sirians live in a utopian society free of pollution, violence, and disease. Science and exploration are among their highest pursuits.

In terms of Earth's ascension, the Sirians are here to share their wealth of knowledge and assist humanity in advancing technologically and scientifically. They believe humans have unlimited potential, which can be unlocked through elevating consciousness.

The Sirians have contributed by sharing philosophies on reincarnation and karma, improving education systems, and introducing advanced technologies in energy, transportation, and healthcare.

One of their most significant offerings is the development of quantum physics on Earth. Sirians taught human scientists concepts that formed the foundation of quantum mechanics. This has allowed modern humanity to make strides in computing, lasers, MRI machines, and more.

Overall, the Sirians are deeply invested in propelling human civilization into a new era of possibility and promise. Their efforts to expand minds and push boundaries support the collective ascension journey.

These extraterrestrial beings interacting with Earth play a pivotal role in shifting humanity's collective worldview and accelerating our awakening and enlightenment. Through both direct and indirect contact, they lead us into a new age of expanded perspective and elevated consciousness.

Now, it's time for you to join hands in this cosmic journey. Let's explore and embrace these changes together. Stay curious, open your mind, and be ready to learn. Connect with others, share your thoughts, and let's grow in understanding as we navigate this exciting path of awakening!
