**Dalai Lama**

**Dalai Lama @DalaiLama · [Aug 20](#)**

Helping others brings deep satisfaction. No matter how powerful we may seem to be, our survival depends on the community. Clearly the community is crucial to individual happiness, so if we make others happy, we too derive benefit.

**Tom the Cat**

**Rama:** I received a **text message from Tom the Cat** at 2:15 this afternoon; there were no White Knights to be found all morning long.

**Tom** said to me: Lord Rama: Amy Goodman is compromised by the Deep State and the Vatican, and it is a deeper rabbit hole than any of us want to go into! She's on the Dark Side's list, yet we can just say: the truth will come out one way or another; accountability is on the table."

*Tara's insert:* A week ago Friday, she had to say Barack Obama was a terrorist and had to go along with that, and **that is not the case.**

**Tom:** "We surround Amy with the violet flame and the emerald green ray. Blaze the Violet Fire! Sat Nam. Namaste. Blaze the Violet Fire!"

**Tom the Cat; Report on Enbridge Pipeline**

**Rama:** I talked to **Tom the Cat** today. He said: "The Light coming in is so strong, you gotta be the walking dead not to feel it! The Dark side wants a war, and Ashtar has said that war is cancelled!"

Meanwhile, Nona Leduc was on **Native America Calling**, speaking from the Enbridge pipeline with a whole bunch of folks, putting their lives on the line She said she was calling for all the women - gay, straight, trans gender - to stand in solidarity with them as she [and the rest of those present] was challenging the corporation that is building this pipeline, and the US Government

**Rama:** Not sure what happened after that, but that is the story from yesterday.

**Tara:** and Blaze the Violet Fire!

**The Plasma Field**

**Rama:** I went and **sat in the plasma field today**; it was high noon. I put my whole body with the exception of my head, into the water, and I sat and listened to the cracking, the buzzing,

the popping of the vibe machines for about 10 minutes. These sounds turn into white noise like the sound of an ocean wave, and it can help you to rest deeply, or sleep at night. Then I found myself at the Antarres Arcturus Midway Station. There, there were 9 Praying Mantis people around me; I was lying on a bio bed and Metatron was at my head. He was working on my crown chakra. I felt an intense tingling in my crown.

Then Metatron said: "Big changes are afoot, Commander; we are just tuning you up.

"There are all kinds of portals opening in the sun right now, and your SOHO satellite service – the Solar Helioscope Observatory which monitors the activities of the sun - is off line. It was intentionally turned off by NASA because of the tremendous changes of the sun.

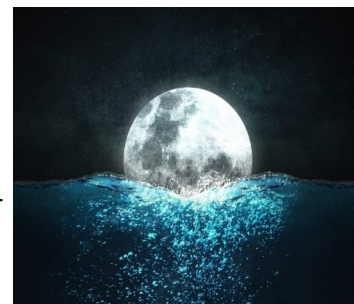

"There are many celestials and eternals that have arrived from across the galaxy. This is about the intense energy that is going on right now; because of a few planets going retrograde now and Pluto and Eris in a tight square . . ."

Then I heard Mr and Mrs Fenn talking in the background; I immediately came back into my body, got dressed and left. The empire is falling away

### **August 22<sup>nd</sup>/23<sup>rd</sup> Full Moon in Aquarius**

A Full Moon in Aquarius represents Great Awakenings which will bring forth monumental change that can benefit All of Humanity and raise Consciousness to higher levels. Use the energy of the moon to align with your higher self and your highest path. This is a full moon to stand out and let your light shine. An Aquarius Full Moon creates an opportunity to reflect on how you've made a difference in the world. Whatever work you've done to try to further equality, fairness, justice respect for the environment, envisioning a kinder, gentler world, however small, has been gratefully received by the cosmos. One person alone cannot change the world, but the Aquarian Full Moon is a valuable reminder that every single person can, and does, have a part to play in collective change. The Aquarius Full Moon brings an energy which encourages radical change in our own lives. As we continue to navigate through this year of Change, Movement and Growth, this moon is dedicated to the Dragonfly.

**Tara:** Dragon fly energy is about transformation; before he's a dragonfly, he's something else [a nymph] – like the beginnings of a butterfly - the transformation to our higher 5D self

### **Reading: The Oracle Report for Tuesday, August 24, 2021**

From my Space Weather report for today on PIR:

*A wild day today. Mercury is discharging "a lion tamer rushes fearlessly into the circus arena," and Mars is discharging "a volcanic eruption." As the cabal's plans are revealed by Mercury opposing Neptune, people are aroused to anger. Some will feel the need to go into deeper cover and isolation. Faith is required. We reinforce our faith with signs and expressions of Spirit with*

*the reminder of the Sun at 02 Virgo, "a large white cross -- dominating the landscape -- stands alone on top of a high hill." One cross is all that is needed.*

This morning, the Mahavidyas (angelic forces) ask that we understand that the reason we are here is for our energy — meaning the codes that we anchor within the collective.

It does not matter if you are at the peak of your life with abundant energy. or, not so much.

Your frequency, within the harmonic of the music of the spheres, will be "pinged."

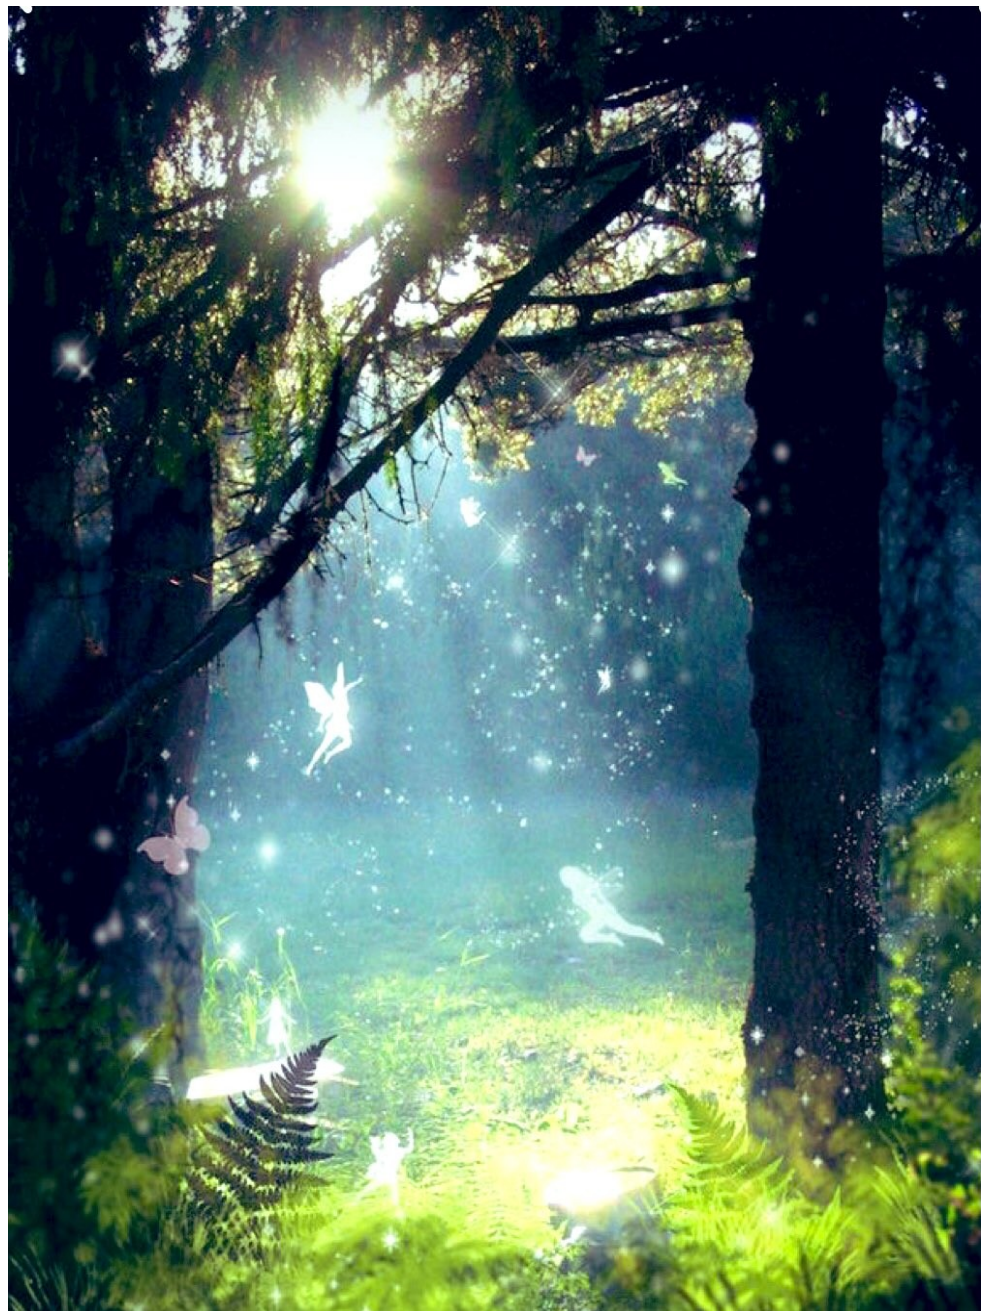

Mercury and Neptune are opposing today in square to the Galactic Center.

This month is "The Roar of the Choir."

Today will echo: All that is needed is One Cross/Oneness.

And our *understanding that our individual uniqueness* is a part of that.
