**R:** talked to Janine Jackson - **[Fairness & Accuracy in Reporting](#)** – a Progressive media critique organization based in New York City

Has never talked to her before: she called him

- Told him that the Clintons made the hit on the former President of Haiti
- it’s all about the shift happening in the sun, and us
- there are many players involved in this story, which is a very unique moment  
Pluto in opposition today and things that were buried are coming to the surface
- and in last 24 hours, the Justice Dept released documents on the big story which leads up to the Clintons, Drumpf, Kissinger and others in the Little Black Book of the DC Madam who is still alive
- when you start exploring the Clintons, end up in Rabbit holes that end in Area 51
- it is a wild time! The 13 families who think they still control the matrix: it has fallen and there is no spoon!

**J.J. said:** this story deals with The Great Equalizer – she called Goddess Sekhmet the great Equalizer as Robert Masters does [[The Way of the Five Bodies](#)]

- He also heard a lady on the Netherlands sobbing on the radio – afraid to go out: she’s on the 3<sup>rd</sup> floor and the water is at the 2<sup>nd</sup> floor – water is still rising where she is: she hopes she’ll be found – this is real life, the real story - Blaze the Violet Fire!

**T:** the update from JJ is welcome too

- R:** the whole story about Q anon and the Deep state is just that, a creation of the unacknowledged Black Budget – those who worked for some of the companies, agencies
- These 40 people are believing lies: twisted stories about people and groups that surround the vampire and zombies in the Congress: Tom the Cat was in DC when Rama called him yesterday: he’d shape-shifted to look like an Intern, so he could watch what was going on –
  - he called those in the Capitol *the walking dead* – how can you talk of this story that goes into the X Files where clones and zombies are part of the story

**T:** there are 144 colours, and 144,000 hues –

**2021-07-16**

**VIDEO:** <https://www.rt.com/shows/on-contact/>

**PODCAST:** <https://soundcloud.com/rttv/on-contact-pandemic-2>

On the show this week, in the second of a two-part interview, Chris Hedges continues his discussion with philosopher Slavoj Zizek about the social, political and psychological consequences of prolonged lockdowns and social distancing, as well as the mass illness and death caused by the pandemic.

In his new book, **Pandemic 2: Chronicles of a Time Lost**, Zizek argues the failure of global capitalism to cope with the pandemic presages, he fears, a systems collapse, a dress rehearsal for a frightening new form of authoritarianism in which the world is starkly divided between the elites and the rest of us. "...[T]he return to normality thus becomes the supreme psychotic gesture, the sign of collective madness," Zizek writes.

**PODCAST:** <https://soundcloud.com/rttv/on-contact-pandemic>

On the show this week, the first of a two-part interview, Chris Hedges discusses the social, political, cultural and economic ramifications of the pandemic with the philosopher Slavoj Zizek.

*"Driven by demand to persevere and not to fail, as well as by the ambition of efficiency, we become committers and sacrificers at the same time and enter a swirl of demarcation, self-exploitation and collapse. When production is immaterial, everyone already owns the means of production him – or herself. The neoliberal system is no longer a class system in the proper sense. It does not consist of classes that display mutual antagonism. This is what accounts for the system's stability,"* Byung-Chul Han argues, in **The Burnout Society**, that subjects become self-exploiters. *"Today, everyone is an auto-exploiting laborer in his or her own enterprise. People are now master and slave in one. Even class struggle has transformed into an inner struggle against oneself."*

the 4<sup>th</sup> in a series of messages about the catalysts for healing

this is the 4<sup>th</sup> that clears the way for healing

1<sup>st</sup>: to understand the chemistry of our body reacts to consciousness – when we speak to the body, an alliance is created -  
and often people don't understand this and leave the body on its own  
He's told us many times, WE ARE IN CHARGE and how many suggestions of how we talk to our Innate  
and then we can chase away what is slowing down our lives

2<sup>nd</sup>

All have to do about changing something about ourselves – inner child; going to a place where there are no worries and bring it back with us; value of laughter, & fear, anxiety go away

#4 may seem the simplest but it's not really

what is it that they would bring us if we could sit with someone we considered a master – they'd bring us peace: can we be in the middle of turmoil and still be in peace? It's about the grander plan – that is more than we know

Some of us are highly sensitive to the world around us, and according to Michael Jawer, more sensitivity is present in our times. Jawer, author of **The Sensitive Soul**, specializes in research on how our minds and bodies are affected by the emotions we experience. He describes what he calls an emotional type of "thin boundary" people who react more strongly to spiritual, emotional, and environmental triggers than "thick boundary" people. The flow of emotions experienced by people with a thin boundary leads to extraordinary perceptions and empathy. As we work to be conscious of our emotional experiences, we can gain more understanding of how we relate to everyone and everything we encounter.

**There is a way of living  
In peace and harmony.  
Not fighting what is,  
But being the change  
That people are longing to see.  
It has to do with going beyond  
What people claim to be true,  
And opening up to an infinite world  
That lives within me and you.**

**Hola New Paradigm Warriors!**

**I hope you're ready for the Sun opposite Pluto coming up (I'm feeling it already).** It's like King Kong standing in front of you when you're just trying to walk down the street! Or a major roadblock where they're stopping everyone and searching their car or something (like the border crossings, eh?), and no one is going anywhere. **As I say in this week's mantra, to engage is to acknowledge and give reality/power to the other... playing the game is entering the game with the potential of becoming drained and lost in the game.** Let's take the red pill!

**100 years ago, Rudolf Steiner said that materialism would rise up seeking to invalidate the spiritual world, and it was up to us, as conscious spiritual beings, to recognize it and CONTINUE OUR SPIRITUAL PRACTICE.** I see this as the major task at hand, to persevere while perhaps receiving little support, or worse, ridicule or judgment seeking to invalidate everything but the physical, tangible world of the five physical senses. This is the "battle." It is to remain steadfast in our effort to educate our brothers and sisters that there is more than what meets the eye, ear, nose, and mouth. **We are more than physical bodies due to decay upon passing, but rather, infinite spiritual beings visiting this third dimension, thus reducing "death" to another soul experience rather than the terrifying end.**

**The fear of death is the root fear and source of all other human fears. It is now being tapped and used to manipulate the population.** This will continue to spread and strengthen until humanity EXPERIENCES itself as more than what they have been told they are. This is where WE come in. I hope that you use every opportunity to share, value, reveal, and magnify the glorious wonder of the living, sacred, divine (and invisible) intelligence orchestrating so much of the charade so many believe is "reality." **May you inwardly experience the magic of the spiritual world and shine that light outward, illuminating our beautiful mother earth and all her inhabitants.**

I'm excited to be stepping out despite the madness to resume international, in-person workshops. Let's see how it goes! **I'll be heading over to Ibiza this October for ["The Astrology of Relationships, With Who, Why, and When."](#)** Having now taught many both online and live workshops, I can tell you that there is no comparison. I can't wait to sit in a circle with people, meditate, do yoga and breathwork, and create a living, breathing container for alchemical transformation to occur. I'm sorry, but there is just nothing like it! I will continue to present this material online for those unable to attend live events, but I repeat, information is not experience. **Find out more by [clicking HERE!](#)**

Well, that's a long one! You may need to intuit just how that emerged out of the celestial symphony this morning, LOL! **But really, The Yod, or Finger of God aspect being created this weekend with Venus/Mars quincunx both Neptune and Pluto (pause the report at 0:20 to see) has an air of destiny to it.** They are 150 degrees separating from Neptune (*infinite Spirit*), indicating an adjustment as they "leave heaven" (*Neptune*). They are 210 degrees away from (actually approaching) Pluto (*god of the underworld*). **This is so reflective of the Sabian symbol "An airplane performing a nose dive," that I refer to in the report that it's unbelievable, eh?**

The “resolution point” of the Yod is opposite to Venus and Mars up there in Aquarius. Aquarius is the archetype of Prometheus, the light-bearer, and has to do with a future, liberated, enlightened, world. **I suggest that each of us find this world within BEFORE trying to create it, rush it, or push it outside of ourselves lest we fail, as depicted in the Sabian symbol for Chiron’s station.** Gotta love how the symbolism and star wisdom are so pertinent and reflective of what’s happening here on the ground, eh? Don’t get lost. Go within!

So this week, some may experience the [“Crossfire”](#)  
Or you may [“sit by the river...”](#)  
And end up [at the waterfall!](#)

Thought is a tool of creation that alters our reality. Writer, historian, and scholar of the occult, Mitch Horowitz discusses the history of occult (hidden) knowledge. The wisdom traditions that deify the forces of nature as gods and archetypes can bring us to greater understanding of ethics and life in our cosmos. Horowitz explains that studying books such as the Hermetic Kybalion and Manly P. Hall's Secret Teachings for All Ages can help in shifting to a higher perspective, outside of our everyday lives. As we make this shift, we create a new path for how we encounter every experience, and change the polarity of life as we see it.

Has the connection between Atlantis and Egypt been found?

Our team of experts reconstruct the path Enki would have taken from Atlantis to Abydos, forging the sacred tales that would be repeated in the life stories of many religious icons to follow. What lies below the remnants of oldest Egyptian city, now known as Abydos, may unravel a very old story beginning thousands of years before the official start of Egyptian history.

Abydos is considered the birthplace of Osiris, Isis, and many other gods, and the tales etched into the temple walls connect these gods with ancient Sumeria.

From these details, we see the beginning of the familiar stories of crucifixion and resurrection that have been told over and over in different religions.

## INFORMATION RELATED TO THE NOTES

**2021-07-16 Pluto Opposite Sun: Opening Lines of Divine Communication [July 17]**

Tania Gabrielle <[newsletter@taniagabrielle.com](mailto:newsletter@taniagabrielle.com)>

On Saturday **powerful Pluto will be opposite our star, the Sun.**

Pluto INTENSIFIES what you focus on.

Pluto Uncovers, Purges, and Transforms.

Especially regarding issues related to **power, truth and control...**

There is often an unrelenting passion with Pluto, and for this opposition with the Sun **the opportunity to alchemize your energy from negative to positive is very high.**

Lines of communication between you and the Divine are always open.

But it takes two to tango, just as in an opposition there are two celestial objects engaged in a dynamic dance of opposites – ultimately seeking harmony.

*Until you open lines of communication with the Divine, you can't fully engage with the amazing dance.*

Pluto opposite the Sun invites you to surrender.

Set yourself free from constant involvement with the mind (which is the reason you often miss the Divine speaking to you).

When your mind is quiet, you are in touch with your Divine Essence – your eternal Source of empowerment and peace.

Engaging with the Divine – recognizing it as a *constant resource of Love and Wisdom* in your life – is a huge step in self-awareness and personal growth.

It gives the Divine an opportunity to have more of a profound impact.

- Prior to this your **mind** was expected to guide your life.
- Surrendering control of the mind gives you the courage to experience something **else** guiding you.

Prayer is a powerful tool to help with listening.

Ask the Divine for guidance - rather than praying for the Divine to deliver what *you* want. What you want may not be for your highest good and the greater good of the Whole.

Consider that **you are an instrument for the Whole** rather than in competition with it.

Affirming your allegiance to the Divine, rather than the ego, gives the Divine a beautiful opening to help you play your part in the Whole.

Sun opposite Pluto strengthens your natural connection and desire for harmony.

Internally you sense a passion arising that makes it more likely to be a channel of communication, *open to receive the insight and the understanding you need to move through life more easily.*

- No matter what arises for you in the school of life, you have the resources to rise above the drama.

One important way you can benefit from these empowering celestial codes in a POSITIVE way is to make sure that your *current name* resonates to a *fortunate* vibration.

People who have challenging current name numbers are more prone to activate the “shadow side” in situations and people - attracting difficult outcomes or delays.

Having a fortunate name is VITAL to helping you navigate your profound transformation with **optimal support.**

[Get your fortunate name report HERE.](#)

Love and Blessings,

Tania Gabrielle

PS. With the stars accelerating a **purging of the past** and an opening of your Spiritual HEART to the Divine Light, *there's no better time than now to check the vibration of your current name.*

## **2021-07-15 A Message to Lightworkers - July 15, 2021**

*This week's guidance from the Ascended Masters, Galactics, Earth Elements, Fae Elders, Angelic legions, and Archangels known as the Collective Today our writer shares a video in which we speak on an issue that many face, which is feeling that there is something holding them back from receiving the financial income they desire to receive:*

[The Collective Speak on Manifesting the Income You Desire](https://youtu.be/ggq4Xn8eRI4) <https://youtu.be/ggq4Xn8eRI4>

Greetings, dear ones! We are very pleased to have this time to speak with you today. Amidst the spray of the surf!

And so, today we are speaking on something that has been difficult for many people, particularly over the past year or so, when many found that their jobs were gone, perhaps their industry badly impacted.

And perhaps, even for those who are still employed, whether self-employed or otherwise, you are feeling, "I would still like to require the Universe to flow greater Abundance to me, because I know that the Universe is never out of Abundance material. "It's never out of the Divine Substance from which all fine things are created." And that includes money, even though money has been trapped in a very dark system for centuries. Nevertheless, this planet is evolving beyond those old systems.

**And money has signaled their wonderful interest and enthusiasm and consent for moving into NESARA currency.**

So, all right—let's look at it that way. Let's look at it as pure Divine Light—not as this stuff that wants to make you miserable! Because that was never its intent. So looking at money that way—as a friend, as someone who co-Creates with you, and as someone who respects and honors your dreams and your values and your ethics— Looking at money that way, if you want to take a moment, or if you want to close your eyes, or as you're looking at the waves, just concentrate on their beautiful movement.

You notice, as we pointed out in other videos, that there are the peaks and the troughs. There's the ebb and the flow.

**See if you can mimic some of this in your own body. See if you can take a moment for yourself where you're just rocking gently forward and back, ever so slightly.**

If you're lying down as you listen to this, you can do it with your hands and feet.

If you're sitting or standing, you can do it with the rest of the body. Just slowly rocking back and forth very rhythmically, like the waves.

And notice how the body is always willing to recuperate and come back.

It's always willing to come forward again [after moving back], and that there doesn't seem to be any separation in the movement.

**And something you could say right now to your finances, might be something like, "I allow you your ebb and flow! I honor that, as I honor it in all Nature."**

So you're not really so much feeling lost [financially during the "ebb" times], as understanding that there will be times when money comes in a bit more [or less] than it has at other times, and you're all right with that.

And you're allowing this beautiful back-and-forth motion. You're *blessing* the back-and-forth motion. And now you're even giving thanks for it!

Now you want to say to money, and to the Universe: **"Can you increase the flow toward me—without increasing the outgo. Because perhaps somewhere in my subconscious is the expectation that once more money comes in, more has to go out. And I know that that is not necessarily true!"**

So if you can, get this feeling of more energy flowing in toward you . . .

As each wave you're watching flows toward you, notice how powerful it is.

Image your income as a great wave of energy flowing into you now.

And it's coming in through different channels. It doesn't only come in from one place. And that is wonderful!

It doesn't matter how you see it. Just notice your current flow—get an image of that—and then double it, triple it, quadruple it. Take it times 10 if you'd like!

But get an image of that flow of energy flowing into you, coming into your being, your heart-space. Welcome it into the heart-space! You're going to receive everything that the Universe has to give in through the heart-mind. Through the high heart.

And you're helping money to release this left-brain dominance, this sort of masculine predominance that it's been given [via the old financial system] in its energies.

You're helping it move beyond that.

And just feel the gentleness of this flow. And allow that some of this will, absolutely, be going out.

**Can you release it joyfully? Can you bless it, as some of it releases?**

**And can you bless the fact that more of it is staying with you!** You're able to save more. You're able to dissolve debt more easily now.

Can you accept that?

Now we're going to work with your subconscious for a moment to remove energy blockages. And what we would love for you to do, is to think of the specific amount you would love to bring in every year or every month—probably a monthly amount is a good idea, particularly if you are self-employed.

Just hold that idea, and again, see this beautiful huge rush of energy pouring in to you, whether it's sparkling Light or a rush of ocean water. Just pouring in, and your whole body is just taking it in, and you're releasing some of it back into the Universe. Now, a lot of people will give 10 percent of what they receive—they give that back.

That is actually a beautiful Abundance principle, because 10 is the number of increase. It's exponential in nature. It's a beautiful number!

And some will save 10 percent. And some will do both.

And that is fine! You're giving, either way.

And think of all the money you release every week or every month, and bless it.

**And say, "I bless you! Thank you for coming to me! I'm paying you out now—I'm paying someone else. And I'm giving thanks that you have flowed through me, traveled through me, and now you're moving on to someone else, in perfect ways! And so I bless you, and I thank you."**

Every single cent you get, you put your hand on that check or that electronic transfer indication, or that cash, and you say: **"Thank you! Thank you for coming to me! I bless you and multiply you by 10! "I give of you. I save you. I honor you. And I lift you to the vibration of NESARA currency now! "Thank you, Universe! Thank you, Money, and Thank You, Universe!"**

You want to keep a Thankfulness Journal every day—this is very powerful!—and thank the spirit of Money itself.

Because everything on the Earth has an etheric value. Has an etheric presence, an essence. So remember to give Thanks to money as well. **Everything you want to experience more of, you give Thanks for!** You don't go into this sort of, very unhappy, "Oh, gosh—there's not enough . . ." You just say, "Thank you so much, that there is always *more than enough!*" And will you feel as if you're lying or making it up? Yes, of course! But *are* you? Considering that you are a part of this astounding Universe! **If it created this sea, it can create plenty of beautiful, healthy, joyful wealth for you and your loved ones.** So we give thanks for all you do, dear ones, and send much Love. Namaste!

## 2021-07-15 **Fascism is the new GOP**

[https://www.opednews.com/articles/Fascism-is-the-new-GOP-by-Franz-Wohlgemuth-America-Freedom-To-Fascism\\_Christofascism\\_Congress-Republican-GOP\\_Fascism-210715-577.html](https://www.opednews.com/articles/Fascism-is-the-new-GOP-by-Franz-Wohlgemuth-America-Freedom-To-Fascism_Christofascism_Congress-Republican-GOP_Fascism-210715-577.html)

By [Franz Wohlgemuth](#)

*It can't happen here by Sinclair Lewis-- first edition-- a novel about how the US becomes a fascist nation (Image by [robkall](#)) [etails](#) [DMCA](#)*

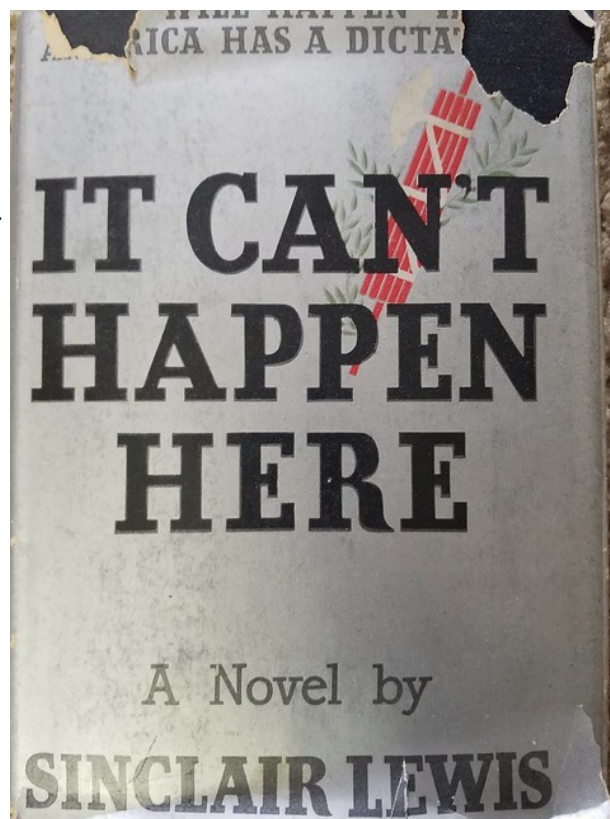

Fascism is a form of far-right, authoritarian ultranationalism characterized by dictatorial power, forcible suppression of opposition, and strong regimentation of society and of the economy, which came to prominence in early 20th-century Europe.

Fascists believe that liberal democracy is obsolete and regard the complete mobilization of society under a totalitarian one-party state as necessary to prepare a nation for armed conflict and to respond effectively to economic difficulties. A fascist state is led by a leader such as a dictator and a martial law government, composed of the members of the governing fascist party to forge national unity and maintain a stable and orderly society.

Fascism rejects assertions that violence is automatically negative in nature and views imperialism, political violence and war as means that can achieve national rejuvenation. The extreme authoritarianism and nationalism of fascism often manifests a belief in racial "purity" or a "master race", usually synthesized with some variant of racism or bigotry of a demonized other; the idea of "purity" has motivated fascist regimes to commit massacres, forced sterilizations (as happened under Trump at our southern border), genocides, mass killings or forced deportations against a perceived other (deportation of active US military).

If anyone doubts Republicans want a fascist dictatorship, all you must do is look at their actions. The United States is the only Western democracy where a nationally viable right-wing movement currently is clear fascism. It alone features such clear, repeated linkages between organized, paramilitary forces (Proud Boys, 3%, (fake) Militias ") and a mainstream major party with access to institutionalized mechanisms of power and governance.

The first is direct signaling: GOP politicians speak directly to paramilitary groups. Trump engaged in direct signaling more than once, with troubling statements like: "I'm urging my supporters to

go into the polls and watch very carefully" or the Proud Boys to "stand back and stand by." This shows a willingness to solicit help from armed groups and individuals.

The second is permissive signaling: GOP politicians do not give specific instructions to paramilitary groups but indicate that violence will go unpunished, and the GOP will interfere in attempts to stop it from happening (the GOP in congress being against a Jan. 6<sup>th</sup> commission for example). Trump's reference to "some very fine people on both sides" at Charlottesville's Unite the Right rally (which was done by Nazis) is a good example of permissive signaling. GOP politicians supported the caravan of nearly 100 trucks that surrounded and attempted to run off the road, a Biden campaign bus on a Texas highway. The incident was cheered by Sen. Marco Rubio and Trump, among others.

After the armed occupation of the Michigan State Capitol on April 30, 2020, the Republican speaker of the house said, "There's nothing more American than people coming together to ensure their voices are being heard." Permissive signaling also occurs when responsibility for acts of violence are quickly shifted onto opposition groups, such as when Florida Rep. Matt Gaetz blamed antifa (which is not a unified group) for the Capitol insurrection just hours after the attack.

The third is coordination: GOP politicians and government officials work with paramilitary groups (Trump's people working with Proud Boys for Jan 6<sup>th</sup> for example, or that same group being welcomed at the GOP CPAC), cooperating with them in performances that make it clear they are part of the same movement. The chair of the Michigan GOP was involved in organizing an attempt to disrupt vote-counting in Detroit and organized 19 buses to Washington for the Jan. 6 insurrection. Michigan Republican Senate leader appeared at an event alongside organizers of the armed occupation of the Statehouse only weeks after it happened, sharing the stage with a militia member who would later be arrested in the plot to kidnap Gov. Gretchen Whitmer.

The GOP regularly promises to put America first and extols the virtues of ordinary Americans (by which they often mean white Americans). Mussolini's **The Doctrine of Fascism** (1932) - partly ghostwritten by philosopher Giovanni Gentile, who Mussolini described as "the philosopher of Fascism" - states:

The Fascist conception of the State is all-embracing; outside of it, no human or spiritual values can exist, much less have value. Thus understood, Fascism is totalitarian.

Fascists routinely lionized the military and military virtues and sought military solutions to political issues (using national guard against peaceful protesters, encouraging said protesters be shot).

Fascists such as Mussolini thought violence could cleanse and [?] a tarnished nation. Fascism views violent action as a necessity in politics that fascism identifies as being an "endless struggle". They encouraged loyal thugs to rough up, and occasionally kill, people whose politics differed from theirs (as Trump did multiple times at rallies). At GOP rallies, according to many reports, things have been said that could be interpreted as invitations to assassination. GOP followers often speak longingly of violent acts they wish to see committed against others.

Fascists trumpeted what they saw as masculine virtues and male authority within family and society, urging women to confine their sphere to home and children. The GOP shares much of this

outlook, lauding their own stamina and accusing opponents of lacking it. They mock men whom they deem deficient in virility.

Fascists always looked to a leader who was bold, decisive, manly, uncompromising, and cruel when necessary. Mussolini and Hitler worked hard to polish their images as dauntless rulers beholden to no one. They encouraged their followers to idolize them as Il Duce and der Fuhrer. They claimed special insight into the will of the people. Trump, although not a war veteran, fully embraces the cult of the leader. He offers his business "experience" as evidence of his leadership. He also claims to channel the common man.

Italian and German fascism shared a commitment to the notion [of] rebirth. Mussolini and Hitler encouraged their supporters to believe in lost (or stolen) greatness, in a glorious past. That could be long ago, as with the Roman Empire, which Mussolini invoked, or only a couple of decades prior, as with the German Reich that was, according to Hitler, "stabbed in the back" in 1918. Trump made this appeal to a golden age the centerpiece of his campaigns, assuring that only he can "make America great again."

Fascists defined themselves as the bulwark against evils and menaces to the nation. Those included communism, routine democratic politics, the traditional conservatism of industrial and agrarian elites, and, especially in the German case, foreigners, and minorities (the GOP's anti-immigrant, anti-Mexican, anti-Muslim diatribes). Communism is no longer an issue for American politics. But the GOP constantly rail against politics as usual, against political correctness, against elites of all kinds (unless they donate lots of money), and has made a habit of demonizing minorities, LGBT, differing views, and so on)

Anyone who displayed only tepid loyalty to the leader or who showed the potential to outshine the leader risked being purged or killed. So did followers who outlived their usefulness. Trump's campaign shares this tendency toward purges. Rep. Liz Cheney being expelled from her position is an example. Any Republican that does not tow the line gets death threats.

In style and rhetoric, fascism was theatrical. Trump did not strut across stages like a Mussolini, but his and the GOP's rhetoric fits the fascist style well. He constantly called things and people the "worst" or "best ever". Their rallies feature repetitive chants. Even Trump's studied frown of disapproval looks very similar to the classic Mussolini pose.

As both are opposed to equality, both Republicans and Fascists are anti-union, and rely strongly on class collaboration. In Fascist economies, private ownership is widely practiced; however, businesses and corporations are encouraged to cater to the government's ambitions. In exchange, the government will hand the corporations a handsome incentive. Republican lawmakers typically promise heavy tax breaks (Trump's tax cuts the GOP are fighting to keep in place).

As Right-Wing extremists, Fascists have a deeper belief in hierarchy. In Italy, the Fascists used the mantras such as 'We are the descendants of the Ancient Romans'; Mussolini would pound his chest and espouse things like, 'I shall restore the glory that was Rome'. In Germany, well, Hitler and the Nazis were convinced they were a ruling race, and that so-called, inferior races were to be either expelled or exterminated. Modern Fascists still march to exterminate or strip away the rights of marginalized groups of people (voting restrictions, removing LGBT rights, abortion rights).

The Republican Party seems obsessed with conspiracies, particularly the ones involving some sort of 'plot against the nation'. Such conspiracy theories are not only obsessions of Fascists, but essential for the function of their authoritarian states. Keep the people distracted. Keep exploiting the kneejerk reactions of fear and ego.

Fascists tend to deeply romanticize the past, so much so to the point where the past becomes a myth, rather than a memory. They must for their narrative to exist, that being "once we were great, but we lost our way because of our enemies, and if we do what is necessary, we shall become great again" etc. (any wonder why they are against CRT?).

Fascist regimes make constant use of: Patriotic mottos ("Make America Great Again"), Symbols (like the Trump Hat) and Flags (Trump Flags which they hold in higher honor than the US flag)

Human rights can be ignored because of fear of enemies and the need for security. As a result, people tend to: Look the other way (the poor, starving, homeless, vets, children in cages at the border); approve of torture and long incarcerations of prisoners; approve of executions and assassinations (Trump saying who ever leaked him being the [?] in the bunker should be executed; Trump saying protesters should be shot; Trump followers saying people crossing the border should be shot; the assassination of an Iranian general the [that?] violated the Geneva Conventions and Iraqi Sovereignty)

People are rallied into a unifying patriotic frenzy over the need to eliminate a perceived common enemy: racial (Black, Asian, Muslim), ethnic or religious minorities (Islam, Pagan, various forms of Christianity}, liberals (the opposition), communists, socialists (which simply believe in a differing economic model)

Supremacy of the Military: The military is given a disproportionate amount of government funding (As of Jul 9, 2021, \$778 Billion which is largely because of Trump), Soldiers and military service are glamorized "They're a Vet, you can't call them out for doing bad things, because they're a vet")

Widespread Sexism: The government tends to be almost exclusively male-dominated (by and large, the majority of GOP believe women are not meant to lead unless they tow the party line), Traditional gender roles are made more rigid, anti-abortion, and homosexuality and transgender (The Nazis said that homosexuality was degenerate, effeminate, perverted and undermined masculinity because it did not produce children, just like the GOP say)

Religion and Government are Intertwined: Governments use the most common religion in the nation as a tool to manipulate public opinion. (GOP Evangelicals, anyone?), Religious messages and terminology are common from government leaders (GOP constantly invoking Jesus and God (which is a title, not a name) to exploit fear and ego)

Corporate Power is Protected, Mussolini: "Fascism should be more properly called corporatism because it is the merger of state and corporate power".

Labor Power is Suppressed : Labor unions are seen as a huge threat (no GOP is pro union}, Labor unions are either severely suppressed, or are eliminated entirely.

Disrespect for Intellectuals and the Arts: Open hostility to higher education ("Teachers and colleges do nothing but indoctrinate" the GOP tell their loyal, non-college educated or generally less educated followers)

Obsession with Crime and Punishment: Local police are given almost limitless power to enforce laws (military equipment and weapons, the standing army the founders warned us about); People are often willing to overlook police abuses in the name of patriotism (The GOP ignoring or even encouraging of police brutality); Often a national police force with virtually unlimited power (attempts to invoke the Insurrection act, the desire of martial law).

Rampant Cronyism and Corruption: Friends and associates appoint each other to government positions (Need I really go into detail here?); Officials use governmental power and authority to protect their friends from accountability (Need I really go into detail here?)

Fraudulent Elections: Elections are often a complete "sham" if they do not get their way ("2020 was stolen"); Elections may be manipulated by smear campaigns (endless recounts, lawsuits, audits); It's no accident that Republicans' false claim that Trump somehow won the election has been labeled "the big lie." It's a page ripped directly from the playbook of Nazi propagandist Joseph Goebbels: "If you tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such time as the State can shield the people from the political, economic and/or military consequences of the lie. It thus becomes vitally important for the State to use all of its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the State."

As we can see, comparing the views of Mussolini and Hitler as far as what they thought government should be, they seem to be aligned with the GOP. The view of the GOP is dangerous and Anti-American. It still boggles the mind as to why it is not treated as such.
