R: The [b-b-q] sauce is ready! Brings up GA and Mr Kemp – seeing fascism on a large scale
We have to get over the issue about colour, as we are all the same in Creator's eyes

T: Mr Kemp is not following protocol – to see a bill signed is within the rights of all, and the one at the door is a State Rep; it's within her duty to witness!

T: About the oil tanker in Suez Canal: will be there a month at least; will take a month for other ships to get around the Horn of Africa and up to Asia, and back again – will affect the entire world what with the back-up of goods etc

R: Text from **Professor Nicodemus and Professor Z** at 12:15pm

CONFERENCE CALL

<https://fccdl.in/RkTm2fxvV2>

Caller: vaccine apartheid is going on

Suez Canal – can see it from air / satellite – Clinton/walmart had ship loaded to the gills;
a real fiasco – the idea of \$9 Billion tied up -

T: the captain and crew had no control – all on automatic controls

RGM: has talked to friends in Egypt – wind on that day were no more than 15 mph -
can neither confirm nor deny the idea of human trafficking going on

- so narrow – can't get another boat in to get containers off
 - only use helicopters: afraid of boat tipping
 - carry 17-20,000 containers
- the motors are 4-5 stories tall
- yes human trafficking – too late! Yet who knows the deviousness is going on

T: owners are Walmart & Hillary Clinton; when that co formed, Hillary was head of Board for 6 years

- Walmart execs make 932x more per year than the people doing the work

- Regarding human trafficking: buyers pay beforehand for the people getting delivered
This has gone on for centuries - since ships could travel

Suez Canal: Boats go super slow in the canal – maybe 15 mi tops

Caller: is this someone hitting under the belt ?

- For sure, this is the fossil fuel getting hit hard!

T: gotta be an oil war: the US on the side buying oil from Russia AND also screaming at the EU for wanting oil from Russia

Caller: what is this distraction about ??? it's a huge distraction for the whole world-wide

T: this thing is crashing

A: a distraction for Bhutan and the ships

T: all the nuclear plants on the planet have star ships sitting over them to neutralize the nukes from Rama on Thurs

Caller: the ships over the nuclear sites: also over storage bunkers: monitoring all nuclear sites

Suez situation: done for the insurance! Biggest reason – material on ship is insured, ship is insured – owner doesn't pay; insurance co doesn't pay; we the people pay for it!

- Any time a co claims insurance, they put it against their taxes

T: various sources saying inflation will be going up

Caller: if the oils sales are down and quiet due to covid; then they have commodities on board -

- US has more than enough oil for 100 years – but have been trying since mid 70s to cause major producers to not – when Saudi A and other countries have no oil, then the US has the market

Caller: worked on the rigs: in the 80s and in the oil patch, wells being capped. . .

- Rockefeller convinced people oil was not renewable and would be in short supply
- the oil wells in CA are along the fault lines and taking out Mother's blood

MN: earthquakes are the result of having no oil

- as for ships going around Africa: allows commodities prices to go up

RGM: the amount of land on the planet – with proper food distribution – no problem to increase the population

MN: It's man who has put the price on everything: food shortage is a man-made creation

Caller:: all comes down to greed

MN: politicians keep kissing babies and screwing you at the same time
babies are future slaves – if they can still think

RGM: Update on the ships – containers have advanced life support systems for people inside to live in; reports of workers seeing families; as well, only 5% of the containers are searched

MN: if the one in the canal were inspected – would take months – so it's just the papers that are signed

- don't realize how much the military smuggles -

RGM: and they have immunity - a new movie called **Double Cross** – with Tom Cruise

MN: Has seen what the military carries: international conferences – access to wines that could get for \$50 a bottle and they bought cases of it

- Men will take their secretary on a diplomatic pass ; wife stays home. All goes back on an air force plane with no inspection,

RGM: diplomatic pouches can't be inspected; entire planes can be covered by the same immunity

MN: has seen stuff shipped via diplomatic pouches: huge stuff – filled a plane – forbidden to do so

RGM: why stuff got moved via military airports

MN: has seen really - since 1800s – they are under diplomatic immunity can't touch them – every country has diplomatic immunity – cars can't even be stopped

RGM: the cannibal club - in LA – owned by Zuckerberg's wife, Priscilla Raven -

MN: order a meal from a menu – like a fine restaurant

RGM: once you join the club have to remain – no way out

- no such thing as a CIA operative, MI 6, MI 6 quitting: it's an 'active retirement' – can get called in for a specific assignment
- more retired CIA guys living in Asia – cheaper – and said they couldn't retire

MN: never retire after 20 years in the military – can be called in at any time

RGM: tells of an Israeli soldier with no legs – was called back to active duty - behind a desk. He did come back a year later

Caller: dad was retired air force; WW 2, Nam, Korean War – Dep Cmdr of air base in Viet Nam

- 1964 retired – since then has had nothing to do with the military – did real estate and earned lots of \$

MN: if they need your services, have to go back – and you go back!

- True for all militaries on the planet
- you are an investment to them – all services in the military are the same

Caller: the eating practices – politicians too?

MN: yes

Caller: in South Africa too

MN: it's all over the world - they get drawn in as they are elite

RGM: 1832 - the beginning of Skull and Bones – elite stuff – started in Yale

Caller: word magic: elite, illuminati. There are several [dark] places in LA, the world-wide

MN: Free masons can be involved – not all on negative side -

Caller: grandfather was a FM – had no such connections

MN: a lot of them are not intellectual – just get job because they are FM
many attracted to elitism

Caller: Earth is really twisted

Caller: we're being treated as a ghetto! Other things as informed consent

VLOG 211 CO-CREATING THE QUANTUM FIELD OF DIVINE LOVE

AUDIO: [The Ascended Masters Broadcasts](#)

Mighty Helios – March 26th 2021: [Listen/download](#)

<https://radiantroseacademy.com/sanctuary/loving-our-planet-free/the-ascended-masters-broadcasts/>

AUDIO: MOTHER / ALCYONE [M/A]

Greetings in the Light of the Most Radiant One! In the Office of the Christ, and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

Greetings, Children of Ra!

Children of the Sun! This is what the Master speaks of: Children of the Sun – we are all here!

- Now is the time. As things progress with this resurrection story, it is about resurrecting our own divinity. Like the Master said: we forgot a bit, got lost along the path and now things [are] moving very quickly forward. And it is moving quite rapidly.
- What She can say about this situation at hand, as Ascended Master Helios talked about: this return of the great Light coming in. And it is a most auspicious moment to be here in these bodies - temples of the living energy of All that Is.
- Though there are days that we feel like ? ? ? - it is about the whole of the story: the needs of the many are greater than the needs of the few and She showed up; it has come full circle now.
 - All the ancient ones who are spoken about in our legends and stories are here to join in these circles, Council fires, as we form a new civilization as this one is making a transition, transformation. As we come together with the Wise Councils of Elders, magic and miracles are coming right now into our midst.
- Every day now, more and more stories [are] coming out about Their presence in our skies, in our realms. They have sped up in these last few nano seconds – this great awakening, the quickening, is happening and we are already here, put to work, as it were- the Divine Work of creating heaven on earth as it already is.

- In the midst of the chaos and what's happening: there are many awesome, wonderful things occurring right now in this realm. It is about divine compassion with wisdom, with truth coming forth; this is a bit why we are seeing all of the regurgitated stories coming back around. Cannot do this with something called a fox !
 - After all, let's say, the foxes are a lot smarter than what's portrayed on this beloved planet with the fake media that is controlled by the fallen matrix which [is] all just fading away at the moment, as they are losing their power by the nano second.
 - **And send them more Love: that's how we get through this**

T: It's been a long road!

M/A: It has, and it's at its conclusion. This is why these various teachers, masters, are showing up to let us know we've got the power to change this, and it is awesome to behold when, in the same moment, the ones who have made their choices to play on the dark side, are being exposed and getting rounded up and there is happening - it may not look quick enough for all of us yet, but it is happening quite rapidly.

- And send more love to all the situations as the conclusion of this is at hand; we are not going to give dates: will say **it is now** 'cos we've got the power.
- There are a few quirks in how to change this reality in the twinkling of an eye, and it is about us taking our power with Love and Compassion, and using the Force. Right now, the atmosphere, the time we are in, as we are aware of how to open the portals and call in all the forces of Light and Love - it can happen for each and every one of us.

- What the portals are, in and of themselves, is an opportunity to shift our consciousness and be aware [that] the sacred sites and portals across the planet are all active so, as we know the right sounds, the right colours, the right frequencies to interact with the portals, they open and we can travel to many different areas of this Alpha quadrant of this Milky Way Galaxy.
 - This new star coming in. in the constellation of the swan [Cygnus], is a big deal 'cos it is about the beauty, graciousness, magnificence of this planet - what and who we are right now
 - all of the cosmos is reflecting this to us even as we travel through that valley of Mordor as She calls it. It's a trip, as this guy says.
 - We asked to show up - crazy as it sounds! - We don't give out missions lightly, and we all chose to show up for this one - it's a biggie!
 - Because we have the ability to change this right now: there are more of us than there are of them and 'them' is just 'us', but they kinda forgot their divinity, as it were
 - got a little stuck in Nascar racing and 'I like beer!'

T: Puh-leese! we have no resemblance to the Kavanaugh!

M/A: Of course! She is just making a point. The time is now to forgive all these souls - it's how we get through this. And, as this may sound completely insane - it takes a bit of craziness to want to volunteer to show up here!

- Some say the uncharted backwaters this side of the galaxy are not exactly the old timeline; there are new magnificent things happening as we focus on the love and the raising of the consciousness right now
- Like this divine goddess shaman lady showed up in this guy's life yesterday to say "Listen to the sacred elements around this planet. The time of the 6th sun is at hand. Quetzequatl is here; Lord Kuthumi is here; Lord Maitraya; Lord Kryon of Magnetic Service - he has a humdinger! It is about this . . .

T: things are gonna change, aren't they Mother . . .

M/A: the electromagnetic field of this temple, all the temples – we can change this. It just is called believing in the magic that we are gods – like what was saying in the ancient stories, in fairy tales that are not just tales! The true being called metaphor of how to step out of the confusion of Neanderthal thinking and raise it up like the guy said: the Master Lord Helios who is in charge of this sun, along with Vesta – they are the god parents of this local sun system and these lizards down here know what's coming

T: they are sure behaving strangely . . .

M/A: they are caught up with the funny green stuff on the screen called script; think they can buy their way out of this reality – maybe go to another sun system ???- NOT GONNA WORK – it's over!

- Gotta embrace the radiance of what's coming in which is **I AM ONE WITH MY MIGHTY I AM PRESENCE AND I AM ONE WITH ALL THAT IS.**
- It's how we do it, the way we get past the confusion here is to get out in the face of Father Sky and Mother Earth, and allow the sun Sol to work with us: Helios and Vesta will change our lives. As we look at the sun with new eyes, talk to the sun, She, All That Is, will talk to us: it's a give and take!
- When we move into the resurrection energy, much magic and miracles are afoot. Just saying: the Admiral knows what to do: he has been here a LONG TIME – and not just on this planet! TO BE A PLANETARY PRINCE TAKES A LOT OF CHUTZPAH!

T: There's an insane situation in Bangladesh

M/A: Oh, that! That is about the funny little issues about my skin is a little darker than yours or my ?? are better than yours

T: There was a huge fire – 40,000 people displaced; 10 dead

M/A: It is not about migrants; it is about refugees who are being expelled from their own kingdoms, queendoms

T: and they are not at the hands of the people where they are; it's the greed of a very small few – Guatemala's collapsed – there is no economy

M/A: Lebanon's collapsed too

T: One after the other going down & Honduras and El Salvador – killing spree going on there

M/A: Yes. It is about changing our energies of how we interact with each other – stop calling currency: bit coin is a way but it is not the best but it is a process . . .

T: That's the only thing they can squeeze through on

M/A: it is about taking it to the next level. As we use the Force, we precipitate what we have as it is in the structure of our DNA as creator gods of the Most High

- We gotta figure out how to set aside the monkey mind and move into the realm of infinite prosperity and abundance: what Lord Ganesh – he is the remover of obstacles along with Lord Shiva – many others who are here
- has to give the voice a rest here and be on Her way. The time is NIGH

T: Recalls the words Natasha said to Rama recently: there is not much more of this

M/A: no, there's not

T: They are sitting ducks now; we've got to do this without violence on top of violence

M/A: What She can say is that the violence is a reflection of the . . .

T: knows She has a plan

M/A: Indeed We do

T: Would like to have something to . . . the people that were killed – Randi Rhodes of Free Speech said the bullets, the magazines used, literally melt the organs !

M/A: Why do we need weapons of war on the streets of America: Are they afraid of Thanos and a few other folks showing up? We have to take it to the comic book realms in order . . .

T: In the US in 2018 had 3 Million guns and 3 years later have 400 Million guns in the US including every kind of assault weapons you can name

M/A: There are beings out there who are in orbit around this planet and She says this in loving presence: as the Word is given, it could be over today but it is about what We The People must do as one unified field, and it is happening exponentially in spite of the best efforts of the Dark Side who are reaching out cos we are getting . . .

T: in Myanmar – the military junta is doing what it's doing because the Chinese are behind it

M/A: And China – let's say - all of these stories about world wars and mass destruction of the planet are the shenanigans of a group of beings who know their time is up, and they are trying to push, as much as they can, the old timeline that is over; they will get their medicine. Indeed, so!

• Greetings in the Light of the Most Radiant One! Kadoish, Kadoish, kadoish

M/A: Take this Resurrection Day, use it to your benefit, go out in nature and work with the elements – earth, air, fire, water, aether,

T: How about some spring weather? It's cold at night

M/A: it might snow on Easter in the SW! Yet it is about the energies pouring forth from Sol, from Helios and Vesta, to raise it up with the Resurrection Energy that's springing forth: it is a great renewal of what is happening:

• all of life is saying 'Now is the time; send more love.' It's how we get through in the most heinous of times, or the most auspicious of times: take your choice! We've got the power!

Both: Greetings in the Light of the Most Radiant One – Kadoish, Kadoish, Kadoish, Adonai Sabaoth . . . Namaste Mother

M/A: Remember who we are

Rama Returns: Has been to sit on the Dove with LM Athena – the Dove is in orbit over Russia at this time. It is about the energies, the return of all stories about the magical beings, magical kingdoms coming back.

• Was listening to an oracle on The Dove giving a dissertation to 150+ people discussing why the Dove was over Russia, and how the energies pouring forth over those areas of Russia, Mongolia – the beings are coming in now – some of the great Silent Watchers who've been here since the beginning to help with the restoration of the planet and the folks were talking of how the beings are coming forth, and people are seeing them – respect them: they are coming to share . . .

T: they are really in many fire circles having a dialogue to come to a consensus about how to intervene together

• how to change this and make it better so we don't have to do another redo of the time line – we are not going back to fix it; we are moving forward

AUDIO: **REDACTED TONIGHT** ~328~ **World Water Scarcity SOLVED!**

https://www.youtube.com/watch?v=qM9WjIq1yJo&ab_channel=RedactedTonight

Lee Camp covers a solution to global water scarcity from the playbook of Peter Joseph.

Water conflicts are predicted in the coming decades and their results could be devastating to the species. Corporations are intent on working out how they can use these conflicts to grow their power at the expense of the majority of people. But we can fight against the profit-driven impulse to leave most people in dust for the benefit of a few. It just takes some smart rethinking of how we operate as a society.

Also in this episode: In "Taking the News from Behind" Camp reports on how the Kentucky Senate wants to make it illegal to swear at the police.

Natalie McGill & Camp discuss the rash of anti-protest laws being pushed in state legislatures across the country to target the left.

Finally, the show closes out with a clip from Camp's comedy special, "Not Allowed on American TV."

WHO Insider Speaks Out

In July 2020, four German attorneys founded the German Corona Extra-Parliamentary Inquiry Committee (Außerparlamentarischer Corona Untersuchungsausschuss¹).^{2,3} In the video above, the founding members, led by Dr. Reiner Fuellmich,⁴ interviews Astrid Stuckelberger, Ph.D., a WHO insider, about what she discovered about Bill Gates and GAVI, the Vaccine Alliance.

Stuckelberger has served as deputy director of the Swiss national program of aging since the 1990s, and is the president of the WHO-funded Geneva International Network on Ageing.

According to her bio,⁵ she “is an internationally recognized expert on issues related to evaluating scientific research for policymakers, in particular in health and innovation assessment, pandemic and emergency management training and in optimizing individual and population health and well-being.”

Story at-a-glance

- The WHO has turned global health security into a dictatorship, where the director general has assumed sole power to make decisions by which member states must abide
- According to a long-term World Health Organization insider, Bill Gates’ vaccine alliance, GAVI, is directing the WHO
- GAVI is headquartered in Switzerland. In 2009, GAVI was recognized as an international institution and granted total blanket immunity, including immunity against criminal sanctions. It is also exempt from paying taxes
- In 2017, Gates asked to be part of the WHO’s executive board — like a member state — because of his funding. While the “one-man nation-state of Gates” was not officially voted in, it appears he may have been granted unofficial power of influence
- Swissmedic, the Food and Drug Administration of Switzerland, has entered into a three-way contract agreement with Gates and the WHO. It appears other WHO member states have entered into this three-way agreement as well

OK folks, today you are in for a real treat. We have presented many of the pieces previously, but this will help put them in the proper perspective. That is the phase we are in now. We have the facts, we just need to understand what they mean and interpret them properly.

This is a really important article. It catalyzed my understanding of what the heck is going on. The facts are obvious; the entire [response to the global pandemic](#) was facilitated by the World Health Organization. Their recommendations were followed lock-step by virtually every government on Earth.

No one will dispute this fact. The next data point is: Who controls the WHO? Some will dispute this, but the evidence is pretty clear and solid. It is Bill Gates, who became the [WHO's biggest funder](#) when then-President Trump removed U.S. support last year.

What does Gates have to benefit from controlling the WHO? How about the best investment he ever made, with many tens of billions of dollars running through his "nonprofit" [GAVI Vaccine Alliance](#)? The maniacal suppression and censorship of any inexpensive natural alternative for COVID-19 makes perfect sense now.

These natural therapies, [nebulized hydrogen peroxide](#) being the best example, would be serious competition for the vaccines. If everyone knew that these remedies were readily available, highly effective and practically free, who would risk their life for a vaccine? Virtually no one. It all makes perfect sense.

With that framework, enjoy the information our team has compiled that expands on this general concept. Every day we are putting the pieces of the puzzle together, and the more pieces we fit together, the sooner you will see the bigger picture. More to come in the very near future.

WHO Insider Speaks Out

In July 2020, four German attorneys founded the German Corona Extra-Parliamentary Inquiry Committee (Außerparlamentarischer Corona Untersuchungsausschuss¹).^{2,3} In the video above, the founding members, led by Dr. Reiner Fuellmich,⁴ interviews Astrid Stuckelberger, Ph.D., a WHO insider, about what she discovered about Bill Gates and GAVI, the Vaccine Alliance.

Stuckelberger has served as deputy director of the Swiss national program of aging since the 1990s, and is the president of the WHO-funded Geneva International Network on Ageing.

According to her bio,⁵ she "is an internationally recognized expert on issues related to evaluating scientific research for policymakers, in particular in health and innovation assessment, pandemic and emergency management training and in optimizing individual and population health and well-being."

She's also a published author, with a dozen books to her credit, as well as more than 180 scientific articles, policy papers and governmental and international reports. Stuckelberger points out that much of the research done was and still is highly politicized and primarily done to support and justify political decisions.

For the past 20 years, since 2000, she's been involved with public health at the WHO, and was part of their research ethics committee for four years. In 2009, she got involved with the WHO's international health regulations.

Stuckelberger points out that the whole purpose of WHO's international health regulations is to prepare member states to be ready for a pandemic, to be able to not only prevent outbreaks but also respond swiftly when an outbreak occurs. However, the WHO has actually been actively preventing and undermining this pandemic preparedness training.

The Center of Corruption

According to Stuckelberger, Switzerland is at the heart of the corruption, largely thanks to it being the headquarters for GAVI, the Vaccine Alliance, founded by Bill Gates. In 2009, the GAVI Alliance was recognized as an international institution and granted total blanket immunity.⁶

As explained by Justus Hoffmann, Ph.D., one of the German Corona Extra-Parliamentary Inquiry Committee members, GAVI has “qualified diplomatic immunity,” which is odd, considering the organization has no political power that would warrant diplomatic immunity. Odder still is that GAVI’s immunity clauses go beyond even that of diplomats. GAVI’s immunity covers all aspects of engagement, including criminal business dealings.

GAVI is a nongovernmental organization that is allowed to operate without paying any taxes, while also having total immunity for anything they do wrong.

“They can do whatever they want,” Stuckelberger says, without repercussions. The police, for example, are barred from conducting an investigation and collecting evidence if GAVI were to be implicated in a criminal investigation. “It’s shocking,” she says. GAVI is also completely tax exempt, which Stuckelberger notes is “very strange.”

Essentially, GAVI is a nongovernmental organization (NGO) that is allowed to operate without paying any taxes, while also having total immunity for anything they do wrong, willfully or otherwise. This is rather unprecedented, and raises a whole host of questions. It’s particularly disturbing in light of evidence Stuckelberger claims to have found showing that GAVI is “directing, as a corporate entity, the WHO.”

Furthermore, documents cited by Stuckelberger show the WHO has assumed what amounts to dictatorial power over the whole world. The director general has the sole power to make decisions — including decisions about which tests or pandemic medications to use — that all member states must then obey.

The Nation-State of Gates

What’s more, Stuckelberger discovered that, in 2017, Gates actually requested to be part of the WHO’s executive board — like a member state — ostensibly because he gives them so much money. Indeed, his funding exceeds that of many individual member states.

Like Stuckelberger says, this is truly incredible — the idea that a single man would have the same power and influence over the WHO as that of an entire nation. It’s a brazen power grab, to say the least. While there’s no evidence that Gates was ever officially granted the status of a member state, one wonders whether he doesn’t have it unofficially.

One thing that raises Stuckelberger’s suspicion is the fact that Swissmedic, the Food and Drug Administration of Switzerland, has entered into a three-way contract agreement with Gates and the WHO. “This is abnormal,” she says.

Essentially, in summary, it appears that when he did not get voted in as a one-man nation state, Gates created three-party contracts with member states and the WHO, essentially placing him on par with the WHO. As mentioned earlier, whatever the director general of the WHO says, goes. They’ve effectively turned global health security into a dictatorship.

The question is, is Gates the real power behind the curtain? Does he tell the director general what to do? When you look back over the past year, it seems Gates has often been the first to announce what the world needs to do to address the pandemic, and then the WHO comes out with an identical message, which is then parroted by world leaders, more or less verbatim.

As noted by Fuellmich, it’s becoming clear that many private-public partnerships have been hijacked by the private side — and they’re immune from liability. “This has got to stop,” he says.

A complete review and overhaul of the United Nations, which established the WHO, is also required as the U.N. has done nothing to prevent or rein in undemocratic and illegal activity. As noted by Fuellmich, we probably need to reconsider whether we even need them.

Changed Definition of Pandemic Allowed Health Dictatorship

In the interview, they also highlight the WHO's role in setting the stage for a global health dictatorship by changing the definition of "pandemic." The WHO's original definition, pre-2009, of a pandemic was:^{7,8}

"... when a new influenza virus appears against which the human population has no immunity, resulting in several, simultaneous epidemics worldwide with enormous numbers of deaths and illness."

The key portion of that definition is "enormous numbers of deaths and illness." This definition was changed in the month leading up to the 2009 swine flu pandemic.

The change was a simple but substantial one: They merely removed the severity and high mortality criteria, leaving the definition of a pandemic as "a worldwide epidemic of a disease."⁹ This switch in definition is why COVID-19 was and still is promoted as a pandemic even though it, at no point, has caused any excess mortality.^{10,11,12}

We now have plenty of data showing the lethality of COVID-19 is on par with the seasonal flu.^{13,14,15,16,17} It may be different in terms of symptoms and complications, but the actual lethality is about the same. Yet we're told the price we must all pay to keep ourselves and others safe from this virus is the relinquishing of our civil rights and liberties.

In short, by removing the criteria of severe illness causing high morbidity, leaving geographically widespread infection as the only criteria for a pandemic, the WHO and technocratic leaders of the world were able to bamboozle the global population into giving up our lives and livelihoods.

WHO Rewrites Science by Changing Definition of Herd Immunity

The WHO has also radically [altered the definition of "herd immunity."](#) Herd immunity occurs when enough people acquire immunity to an infectious disease such that it can no longer spread widely in the community. When the number susceptible is low enough to prevent epidemic growth, herd immunity is said to have been reached.

Prior to the introduction of vaccines, all herd immunity was achieved via exposure to and recovery from an infectious disease. Eventually, as vaccination became widespread, the concept of herd immunity evolved to include not only the naturally acquired immunity that comes from prior illness, but also the temporary vaccine-acquired immunity that can occur after vaccination.

However, in October 2020, the WHO upended science as we know it, revising this well-established concept in an Orwellian move that totally removes natural infection from the equation.

As late as June 2020, the WHO's definition of herd immunity, posted on one of their COVID-19 Q&A pages, was in line with the widely-accepted concept that has been the standard for infectious diseases for decades. Here's what it originally said:¹⁸

"Herd immunity is the indirect protection from an infectious disease that happens when a population is immune either through vaccination or immunity developed through previous infection."

The updated definition of herd immunity, which appeared in October 2020, read as follows:19

"'Herd immunity', also known as 'population immunity', is a concept used for vaccination, in which a population can be protected from a certain virus if a threshold of vaccination is reached. Herd immunity is achieved by protecting people from a virus, not by exposing them to it.

Vaccines train our immune systems to create proteins that fight disease, known as 'antibodies', just as would happen when we are exposed to a disease but — crucially — vaccines work without making us sick.

Vaccinated people are protected from getting the disease in question and passing it on, breaking any chains of transmission. With herd immunity, the vast majority of a population are vaccinated, lowering the overall amount of virus able to spread in the whole population."

After public — and no doubt embarrassing — backlash, the WHO revised its definition again December 31, 2020, to again include the mention of natural infection, while still emphasizing vaccine-acquired immunity. It now reads:20

"'Herd immunity', also known as 'population immunity,' is the indirect protection from an infectious disease that happens when a population is immune either through vaccination or immunity developed through previous infection.

WHO supports achieving 'herd immunity' through vaccination, not by allowing a disease to spread through any segment of the population, as this would result in unnecessary cases and deaths.

Herd immunity against COVID-19 should be achieved by protecting people through vaccination, not by exposing them to the pathogen that causes the disease."

WHO's Recommendation of PCR Test 'Intentionally Criminal'

Stuckelberger also shocks the Corona Extra-Parliamentary Inquiry Committee by pointing out that twice — December 7, 2020,21,22 and January 13, 202123 — the WHO issued medical alerts for PCR testing, warning that use of high cycle thresholds (CT) will produce high rates of false positives, that the CT value should be reported to the health care provider and that test results be considered in combination with clinical observations, health history and other epidemiological information.

Yet since the beginning of the pandemic, it has pushed [PCR testing](#) as the best way to detect and diagnose infection. This, she says, makes it intentionally criminal. The January 13, 202124,25 medical product alert was, incidentally, posted online January 20, 2021, mere hours after Joe Biden's inauguration as the President of the United States.

In this alert, the WHO stressed that the “CT needed to detect virus is inversely proportional to the patient’s viral load,” and that “Where test results do not correspond with the clinical presentation, a new specimen should be taken and retested.”

It also reminds users that “disease prevalence alters the predictive value of test results,” so that “as disease prevalence decreases, the risk of false positive increases.” The alert goes on to explain:²⁶

“This means that the probability that a person who has a positive result (SARS-CoV-2 detected) is truly infected with SARS-CoV-2 decreases as prevalence decreases, irrespective of the claimed specificity.”

Most PCR assays are indicated as an aid for diagnosis, therefore, health care providers must consider any result in combination with timing of sampling, specimen type, assay specifics, clinical observations, patient history, confirmed status of any contacts, and epidemiological information.”

Taking a patient’s symptoms into account and using a scientifically defensible CT count should have been routine practice from the beginning. It just didn’t fit the geopolitical narrative. Since the start of the pandemic, the WHO has recommended using a CT of 45,27,28,29 which guarantees an enormous number of false positives, and therefore “cases.” This alone is how they kept the pandemic fearmongering going.

The scientific consensus has long been that anything over 35 CTs renders the PCR test useless,^{30,31,32} as the accuracy will be a measly 3% — 97% are false positives.³³ By finally recommending lower CTs and more precise criteria for diagnosis, the WHO engineered an assured end to the caseload at a desired time. Coincidentally, the next day, January 21, 2021, President Biden announced he would reinstate the U.S.’ financial support for the WHO.³⁴

Time to Put an End to the Global Health Mafia

The WHO was created as a specialized agency of the U.N., established in 1948 to further international cooperation for improved public health conditions. It was given a broad mandate under its constitution to promote the attainment of “the highest possible level of health” by all peoples.

It is now beyond dispute that the WHO is beyond compromised. Because of its funding — a large portion of which comes from the “one-man nation-state of Gates” — it fails to complete its original mandate. Worse, WHO serves corporate masters and through its dictatorial powers is essentially destroying, not improving, the health of the world.

In June 2010, the Council of Europe Parliamentary Assembly (PACE) issued a report³⁵ on the WHO’s handling of the 2009 pandemic of novel influenza A (H1N1), which included the recommendation to use a fast-tracked vaccine that ended up causing disability and death around the world.

PACE concluded “the handling of the pandemic by the WHO, EU health agencies and national governments led to a waste of large sums of public money, and unjustified scares and fears about the health risks faced by the European public.”³⁶

Specifically, PACE found “overwhelming evidence that the seriousness of the pandemic was vastly overrated by WHO,” and that the drug industry had influenced the organization’s decision-making — a claim echoed by other investigators as well.^{37,38,39,40,41}

The Assembly made a number of recommendations, including greater transparency, better governance of public health, safeguards against undue influence by vested interests, public funding of independent research, and last but not least, for the media to “avoid sensationalism and scaremongering in the public health domain.”⁴²

None of those recommendations were followed and, if anything, the WHO’s mismanagement of public health, thanks to private-public partnerships with NGOs such as GAVI, has only worsened. Other reports, two published in 2015^{43,44} and one in 2017,⁴⁵ also highlighted the WHO’s failures and lack of appropriate leadership during the 2013 through 2015 [Ebola outbreak](#) in West Africa.

While the WHO is recognized as being uniquely suited to carry out key functions necessary in a global pandemic, experts at the London School of Hygiene and Tropical Medicine, and the Harvard Global Health Institute, have pointed out, years ago, that the WHO has eroded so much trust that radical reforms would be required before it can assume an authoritative role.

Yet here we are, still, and no reforms ever took place. Instead, the corruption festered and metastasized, and the WHO turned into a power hub for the technocratic deep state that seeks to assume power and control over all nations.

As noted by Fuellmich, we probably need to take a long hard look at the WHO and the U.N., and decide whether they’re even worth saving. At bare minimum, the disproportionate influence by private vested interests, disguised as NGOs such as GAVI, must be thoroughly investigated and routed out.

2021-03-26 (2017-03-01) **Secret Societies and Hidden Knowledge: The Explosive Star that Inspired the Modern World**

<https://www.ancient-origins.net/opinion-guest-authors/secret-societies-and-hidden-knowledge-explosive-star-inspired-modern-world-021250>

[Graham Phillips](#)

A few weeks ago, astronomers announced that in 2022 something truly spectacular is to occur: a new star will appear in the heavens. It will be the first such event visible with the naked eye for over 400 years. Created by the collision of two relatively dim stars, the resultant explosion is known as a "boom star."

When this rare celestial occurrence takes place it will create a so-called red nova that will shine so brightly that it will be clearly seen at night in the constellation of Cygnus the swan. The last time a "new star" became visible without the aid of modern telescopes was in 1604, although this one was caused by a supernova, an exploding far-away sun that remained visible for many months. That one occurred in the constellation of Ophiuchus, the serpent-bearer, and its remnants can still be seen as a beautiful ring nebula by astronomers today.

At a distance of 20,000 light years, the supernova was too far away to have any physical effect on Earth, but its appearance did have a significant psychological impact. It led to a remarkable series of sociological episodes that radically shaped history.

A Heavenly Sign Heralds a New Era of Enlightenment

The 1604 event is known as Kepler's Supernova, after the astronomer who made detailed observations of it at the time. However, it was not only professional star gazers who were enamored by the occurrence; it ignited an entirely new philosophical movement. In the same year, the German theologian Simon Studion published his *Naometria* ("Temple Measurement"), in which he interpreted the event in astrological terms, heralding the birth of a new era of enlightenment. Studion, it seems, believed that the new star was a heavenly sign, such as the star of Bethlehem is said to have proclaimed the birth of Christ. This new age was envisaged to include the advancement of scientific, religious, and social freedoms, and – a revolutionary concept for the time – the emergence of a new political order based around a powerful woman or queen.

Within a few years, a group known as the Rosicrucians (named after their emblem depicting a rose and cross) began to disseminate pamphlets along similar lines. Collectively called the Rosicrucian Manifestos, these works implied that Princess Elizabeth, the daughter of James I of England, was the woman who would somehow unite Europe into a kind of renaissance European Union. In 1613, Elizabeth had married Frederick V, the Elector (prince) of the Palatinate— a region of what is now south-western Germany.

The marriage is cryptically referenced in these Rosicrucian writings, in particular the 1616 publication referred to as *The Alchemical Wedding* . It seems that the society interpreted Elizabeth's wedding, which was to cement an alliance between England and the protestant states of Germany, as being the start of the imagined European confederation. However, it all fell apart in 1619 when Fredrick was offered the throne of Bohemia in the modern Czech Republic. Elizabeth and Fredrick reigned as king and queen for just a few months before being deposed, and fled, ultimately to settle in the Netherlands. Because of her short reign, Elizabeth became known as the Winter Queen, but her descendant, Willem-Alexander, is king of the Netherlands today. Even though Elizabeth never became the envisaged Euro-queen, the ideals of religious and intellectual freedom of expression expounded by the Rosicrucian Manifestos continued to inspire others. It has even been suggested that those who organized the *Mayflower* voyage of 1620 had been Rosicrucians.

Cryptic messages, mysterious ciphers, and enigmatic symbolism

Very little is known about the original Rosicrucians as their pamphlets were published anonymously during the second decade of the seventeenth century. These works were clearly inspired by Studion's *Naometria*, in that they disseminated the idea of a coming age of enlightenment heralded by the new star, but whether or not the Rosicrucians were a Europe-wide secret society of the learned individuals, as their works claimed, is open to debate. However, the authors of these texts wittingly or unwittingly initiated a variety of movements that had considerable ramifications on world history.

The Rosicrucian Manifestos included cryptic messages, mysterious ciphers, and enigmatic symbolism, and throughout the subsequent 1600s various secret societies established themselves on the Rosicrucian model, and exactly three hundred years ago, in 1717, some of them merged to become the Freemasons. One of the most famous Masonic symbols is the Eye of Providence, an image depicted on the dollar bill, leading many historians to propose that the Founding Fathers were influenced by Freemasonry.

An early Masonic version of the Eye of Providence with clouds and a semi-circular glory. ([Public Domain](#))

The Eye of Providence, the glyph depicting an eye in the sky, shining down rays upon the world, was actually a later version of an earlier symbol used by the Rosicrucians, which represented the new star of 1604 radiating its influence upon the Earth. The new star had come to symbolize the concept of intellectual enquiry and the very ideals of The Enlightenment, a seventeenth-century academic movement advocating reason rather than the confinements of established tradition.

The new star later came to be depicted as an eye, here shown with a snake representing the constellation of Ophiuchus in which it appeared. ([Public Domain](#))

Remember, Remember: Conspirators to Murder and Coup

Another, far less successful, and sadly violent group that were influenced by the new star of 1604 were a band of dissident English Catholics led by the wealthy landowner Robert Catesby. In 1605, Catesby believed that Princess Elizabeth, then just a child, was destined to rule England, and staged an abortive conspiracy to enthrone her. His ambitious plan to kill the king, his other heirs, and all his ministers, by blowing up the Houses of Parliament was discovered and Catesby was shot dead. The day is still remembered in Britain every year during firework displays on November fifth. It is called Guy Fawkes Night, named after the co-conspirator who was discovered waiting to ignite the barrels of gunpowder hidden below the parliament building.

For the most part, however, those inspired by the new star of 1604 made positive contributions to history. The English physician Robert Flood wrote extensively about the Rosicrucian works of the early 1600s; some scholars have suggested that he was actually one of their authors. He was certainly inspired by the Rosicrucian ideas and believed that a new age for the advancement of knowledge was at hand.

Another influential thinker swayed by the new star was the Welsh philosopher Thomas Vaughan, who translated Rosicrucian writings from Latin into English. Flood and Vaughan were immensely significant in transforming the old supernatural notions of alchemy into the discipline of modern chemistry.

The Mirror of Wisdom and the Invisible College

One of the mysterious Rosicrucian Manifestos was the 1618 *Speculum Sophicum Rhodostauroticum*, "The Mirror of the Wisdom of the Rosy Cross." Thought to have been written by the German alchemist Daniel Mögling, it revealed the existence of the so-called Invisible College, a secret Rosicrucian society of scholars whose purpose was to transform the mystical notions such as alchemy and astronomy into the disciplines of experimental chemistry and observational astronomy.

A cryptic illustration in the text depicts the college as a building on wheels, symbolizing that the institution had no fixed abode – it was a meeting of minds, rather than an actual university – and above it, to the left, shines the new star of 1604 and the representation of Ophiuchus (the constellation of the serpent-bearer in which it appeared), the celestial sign that inspired the organization's founding.

Although various esteemed members of the Invisible College have been suggested, such as the philosopher and statesman Francis Bacon, the inventor of modern algebra Thomas Harriot, and the innovative architect Inigo Jones, some historians doubt that the organization ever existed. Nevertheless, the idea of the Invisible College directly influenced various seventeenth-century experimental scientists, such as Robert Boyle, to found the Royal Society in 1660. This prestigious academy for the advancement of science still exists today, and its members have included many of the names associated with the scientific discoveries that have changed the world, such as Isaac Newton, Benjamin Franklin, Charles Darwin, Albert Einstein, and Stephen Hawking.

The Secret Knowledge of the Illuminati

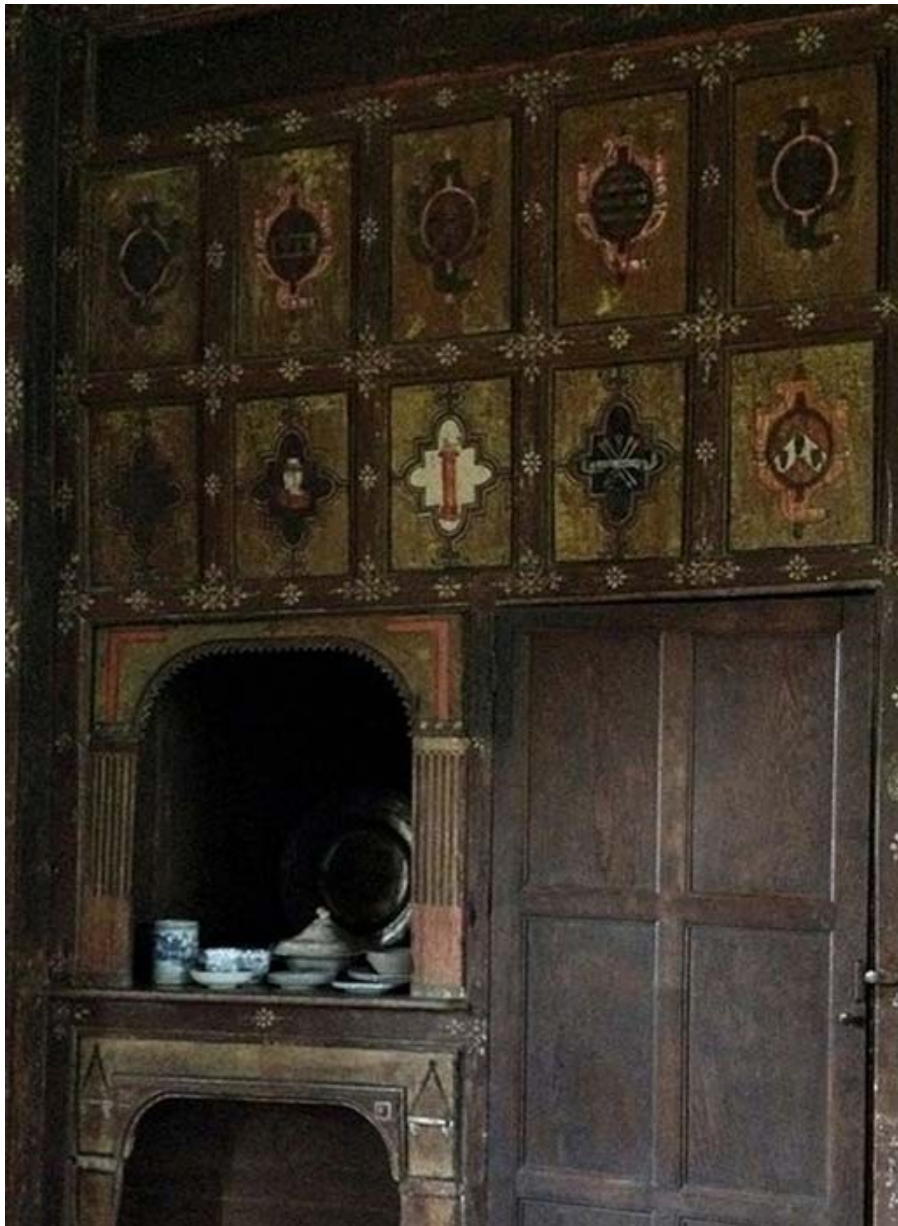

Then there's the Illuminati (from the Latin meaning "The Enlightened"), a secret society around which much imaginative speculation and conspiracy theories have evolved. All we know for certain is that the organization was originally called the Bavarian Illuminati, founded in 1776 by the German philosopher Johann Adam Weishaupt to oppose religious influence over public life and corruption in government. He openly admitted to having been inspired by the Rosicrucian Manifestos. Somewhat ironically, considering its name has become almost synonymous with "secret knowledge," another of the Illuminati's aims was to promote the freedom of information. The group went underground by the early 1800s, after claiming to have initiated the French and American revolutions, and some authors have speculated that it still exists, its members secretly embedded at high levels of international society.

Whether or not science, the arts, and even The Enlightenment itself, would have evolved without the movements inspired by the supernova of 1604 is anyone's guess. It is fair to say, however, that it would almost certainly have happened differently, and probably been instigated by different people. The big question is, was there a real Rosicrucian movement or an Invisible College rather than just an inspiring notion? The answer lies in finding – if it exists – a place where the first Rosicrucians met. Although the movement apparently involved luminaries throughout Europe, it seems to have been concentrated on the British Isles, and in England there has recently been discovered a good contender for just such a place.

The Original Location Found?

At the impressive manor house of Canons Ashby near the town of Daventry, close to the center of England, a secret room was found in 2013 that for centuries had been hidden behind paneling. Dating from the first decade of the 1600s, it is decorated with mysterious symbolism at first thought to be Masonic. However, the room and its decorations date from over a hundred years before the Freemasons were founded. The secret attic chamber seems to have been the meeting place of influential members of a society who would appear to have been Rosicrucians.

The room is decorated with Rosicrucian symbolism, such as a representation of the new star, a depiction of the pillars from the biblical Temple of Solomon, and the dividers that later became associated with the Masonic movement. Remarkably, the walls are painted with the coat-of-arms of those who apparently met here, including many of those whose names have been associated with the original Rosicrucian movement, such as Robert Flood, Thomas Vaughan, and Francis Bacon; even the Gunpowder Plotter, Robert Catesby. Perhaps the most revealing is William Shakespeare, who has often been speculated to have been a Rosicrucian himself.

The Building of our Modern World

The psychological influence of the new star of 1604 seems to have been considerable. Those inspired by the Rosicrucian Manifestos laid the foundations of experimental science, biology,

chemistry, and the modern understanding of the universe which led ultimately to the development of today's technology. It's even possible that the French Revolution, the modern Dutch monarchy, and even the creation of the United States may have been very different, or may not have happened at all, had Kepler's Supernova not occurred.

What's certain is that many secret and mystical societies still exist today, claiming descent from the movements that were originally inspired by the event, some even calling themselves Rosicrucians. The new star predicted for 2022 is 1,800 light years away, far enough for us not to worry about it irradiating the Earth, but it will be interesting to see what kind of psychological reactions and social phenomena it inspires – for better or worse.

And, on a closing note, next time you take a look at a dollar bill and see the Eye of Providence, remember that although it is now said to represent the all-seeing eye of God, it was originally a depiction of the supernova of 1604.
