VIN: Has learned that the only vibration that works is LOVE! Send more love to all the situations we encounter ourselves and to those we know about. Also to the galactics – and recall that we chose here to be here for this experience: the ins and the outs, the ups and downs – the fun of it!

- Send more love, find something humourous / uplifting. We have won – we are winners – we are blessed to be here!

RM: 2020-08-27 Mr Keshe – Kamala Harris Announcement [2 minutes, 10 seconds]

Transcription:

“As you know, I announced weeks ago we backed Kamala Harris as the Vice President to BE the President. She’ll be the first black woman president of the United States and in that process, we see the collaboration with the Harris administration[as] part of the change to come in.

“What we see in the distance is Harris will bring a woman, white, vice- president. For the first time, we see a joint female leadership in the US.

“And with it we will see the liberation of women’s movement in America and responded world-wide to bring the kindness and [the] love of women and mothers into the forefront, not the men any more.

“When I announced Kamala Harris as a viable candidate, many people questioned it, and we see now that it has happened. This is a part of the process we saw with the Keshe Foundation with the two heads of the Keshe Foundation.

“Man has to move for the time being in a dimension of the love and care and gentleness, not the arrogance, of women and the men who created more arrogance and war with it. And with it will bring a new dimension in policy.

“For sure Kamala Harris will be the next president of the United States. That’s without a doubt. We don’t see Biden completing his cycle. She will bring #1 female with her in the Board and four women, and we are seeing the head of the Senate moving that way, and the same in the lower house.

“And with it, this movement will go around the world.”

- In addition, yesterday intense negotiations took place between Scientists in Iran, scientists in Israel, scientists in Palestine to bring peace to the planet – announced by M. T. Keshe on Wednesday’s call.
- On Sept 3, in Lintz, Austria, the first public showing of the Life Enhancing Unit that saved so many lives in Iran

PEOPLE ARE ENCOURAGED TO LOOK INTO INFO ON M. T. KESHE

COR: when COR spoke of the fires in CA, Omena told her to take a deep breath and won’t be so stressed, etc

- O:** wants to follow up the theme of Love, and to help people find peace, and to talk about the Archangels
- Michael is about protection; Gabriel is about Communication; Uriel about the beauty around us and on the earth; Raphael is about healing

To communicate with the AA

1. Ask from the depth of your heart; and then listen for the answer
2. Answer could be "cosmic tv" – in the form of a cloud formation, a feather, for example
- 3: Then believe it – and if you don't believe it; put it aside; our beliefs change all the time you may remember/come back to it.
4. Have to be open to receiving – you are certainly not alone! Just allow it to happen and know you are coming from a higher place and opening up to divine love.
There is Divine Chaos and it Take a deep breath, see yourself in your favourite space

COR: The Collective channeling for tomorrow – we've all got the feeling we should help people: this is the '**saviour and victim paradigm**' which we are moving out of.

- Other ways to help: Visualizing rain over California; sending \$ to the kitchens or to other groups who are helping – but not from a place of scarcity belief which is the 'it's more blessed to give than to receive' approach
- Take a deep breath and see things as in divine order.

RAMA AND TARA:

RAMA & TARA: Greetings!

R: They have lost, and we have won!

- The energies are intense right now, with this powerful full moon coming up, and there is this opposition, with Venus opposing Pluto. Pluto brings up everything about the underworld that is to be transformed, transmuted, healed.
- All the stuff is coming to the surface here, as we're watching the Gestapo doing what they're doing in the streets. And Black Lives Matter are speaking truth to power at this time, that "We will not tolerate this kind of activity on the planet in any way, shape or form."

- To further bring in the story, I **talked with the Poppy Lady today**. She had her Sasquatch friend with her, Feen del Noor, who talks through a universal translator.
- They told me a story of about finding a group of wounded Taliban fighters, and they rescued them with their emergency "ER" shuttlecraft, with a group of other Sasquatch, and healed them of their wounds, and let them listen to the harmony of the spheres while they were getting healed on the bio beds.
 - When they were done, they didn't want to fight anymore. They wanted to follow the path of the Buddha.

T: The Poppy Lady is the main pilot of the craft which has the medical unit in it. The Poppy Lady's friend, Feen del Noor, taught her, in about six months or something, to learn to fly the craft.

- As she's been sitting in that pilot seat, she represents Earth and the people of Earth. It's very important that we comprehend that the galactics are not doing it **for** us. Like our sister Omena was saying, we don't need to be rescued! We just need to be who we are! Then we work together.
- Rama goes up the mountain to visit Rana Mu who has the same technology, where she works [at the Dept of Energy]. There are arms that come out of the ceiling—

R: I call them medical droids—these lasers have long arms, and the lasers are at the end of the arm; the lasers’ rays are various colors. When they’re activated, they create rays of energy that cauterize and bind wounds and heal the wounds so there’s virtually no scar left, just a small red mark that goes away.

T: And I remember that Randy was telling us, and Rainbird too, about the Keshe technology, where you get into an egg-shaped rejuvenation chamber takes about three hours to heal.

- Rama was telling us that this process, with these arms, takes about two hours. [The **difference is** that the Keshe technology heals the entire body, not just one aspect of it.]
- The technology doesn’t take very long! The Light technologies from the galactics that Rana Mu uses on Rama when he is up the mountain cauterize and heal the wounds.

[*Reading Rama’s report*]

- “All the time, the injured were listening to the harmony of the spheres, on headphones.
- This went on for two hours. Then the Poppy Lady and [the Sasquatch being] Feen Del Nor gently woke up their patients and said, ‘You are free to go, as you choose.’
- They responded: ‘We do not wish to fight anymore. We wish to follow the path of the Buddha. And we ask for forgiveness of all those we have hurt, all these years.’
- Then the Poppy Lady and Feen del Noor said to them, ‘The other Sasquatch personnel will take each of you wherever you wish to go.’ These ones said they wanted to go to their homes in a certain area of northern Afghanistan, where they come from.
- The Poppy Lady and Feen del Noor said to Rama, ‘We are in this moment where something is going to pop, and we will all have Peace. In the United States and in the world.’
- So see you in the Light of the most Radiant One, Lord Rama! Namaste!’ ”

T: This is kind of following a pattern—let me go back to yesterday: [Wed, Aug 26]

- Rama said, “I went and sat in the plasma field again at [Santa Fe gallery owner] Mr Fenn’s house, about 10 o’clock this morning.”
 - The plasma field is created by two 12 feet tall Tesla coils that are in a pool. They’re made out of all these different metals.
- [*To Rama*] You get in the pool with them, right?

R: Yes!

T: And they create a torus over the whole pool—

R: It literally creates a torus like you see in the movie [Thrive](#). And you’re sitting in the middle of this Torus—

T: Rama’s been doing this for some years now!

R: And every time, it alters me in a different way. And I know it’s changing the cells to a crystalline nature rather than carbon.

T: And these types of technology, along with the Keshe work, are coming to everyone now! This is **massive** change! As we were told many decades ago, as NESARA Law is fully enacted to the public on a world basis, they’ll release 6,000 of 60,000 of these galactic technologies.

- All of these technologies will work together with the galactics and many, many people all over this planet. So these things are a collaborative effort between beings who came to Earth to help co-create this with the galactics, while coming into a form—into the body—to help in that way. We’re all One, everyone!

[*Reading Rama’s report*]

“And the plasma field showed me several timelines or corridors or tunnels that were merging into this timeline we have now.

"Yet these timelines are merging into a higher octave, which is the 5D realm. At the same time, the old matrix, the old patriarchy—the idea that Eve, Adam's beloved, his second wife (Lilith was Adam's first wife—that's another story!) Eve who ate from the apple tree . . . metaphorically speaking—this story is a metaphor for using the kundalini in the wrong way."

R: That's what happened in the very beginning of this story, where the sons and daughters of God cohabited with the sons and daughters of men, and created hybrids, yet rape is still rape, I'll put it that way.

T: There's no other way to put it, but that way. "Thus both Adam and Eve were cast out of the Garden." That means they were cast from 5D into 3D—that [Tree of Life story] is the metaphor for misuse of the kundalini. It lowered the dimensional reality for the whole human race. That's a metaphor, but that means **all** of us did this!

R: Yeah, we all did. And it is about learning about how to be in Divine union with that cosmic source. Because that's how the DMT activates within your Third Eye and your Crown Chakra.

- You eventually get to that place where you live on air like the breatharians, and the yogis and masters who, if they want to eat, they can eat, but they live on that *prana* [life force energy].

T: Keshe has a technology where you can place some food over the GANS water, and have a quarter of a cup water in the glass there, and you can literally drink that quarter of a cup [of GANS water], and you're completely satisfied 100 percent, as if you'd had a full meal.

- And the nutrients are 100 percent perfect for the body now. So this another example of the kind of technologies becoming available now.
- How much time do we take to eat every day? Hours!

This is from **Tuesday: Rama speaking:** "About 10 o'clock this morning I went up the mountain, and I made a Jedi Circle nearly at the top. Lady Master Nada showed up, along with the Poppy Lady and Rosa, who is from Palestine.

R: She [Rosa] is a reporter who met up with the Poppy Lady. Rosa is helping Mahmoud Abbas and many others of the PLO to call Israel out on the many war crimes they have committed since 1948, when they invaded and occupied Palestine and changed the name to Israel.

T: And this whole plan to take over Palestine—it actually began in the late 1800s. It's been going on for a longer time than anybody's been around, except for a few who are hundreds or thousands [of years] old! Anyway—

"They said to me, 'Lord Rama, the dark side has lost. And they are putting rumors out that an asteroid is going to get very close to Earth around September 11 of September 20 or in December, or all of the above!'"

R: They are playing with these stories, and there are actual scientific papers and studies that have been written about an asteroid that may get close to Earth right around Sept 11 and Sept 20.

- Then the day before the election, November 2nd, another asteroid passes by the Earth, kind of close. Then in December, another one goes by.
- The lunatics on the dark side and in Washington are playing with this. They're even going so far as to draw up documents and put a scenario out there that they may bring into the public eye, where they're going to do drills in the event of an asteroid impact. It's out there on the internet.

- Please send Love to these situations, because they are that desperate to create an incident to do something to disrupt the [effects of the] Light coming in, because they know they have lost.

T: And the Light has already won! As our brother Vinayak said at the beginning: Love is the answer! Martin Luther King, Gandhi—nonviolence!

- And that was reported many times from Faction Three White Knights.

Lady Nada continued: “They are playing with false flag events, because they are completely trapped. This is a very intense time, and we are being asked to send Love to these situations, even though there are no words.

Rosa from Palestine at this point said, “Lord Rama, Mike Pompeo and Netanyahu are playing with some very dirty scenes that have to do with false flag events. Please work with the Violet Flame, and the White Fire Core of Being. And Love!

R: [*Answering a question from a co-host*] To answer your question, Randy— Yes, I know about that cube-shaped ship in the orbit of Venus, and that is not a borg ship.

- That is the Blue Avians and the Sphere Alliance folks. They come in through the portal in the sun. I have many pictures of ships like that, but they’re not the borg.

COR: [*Chuckles*] I guess that’s an association we make, because of *Star Trek Next Generation*, when they had that square borg ship—and one of the new *Star Trek* series has that square borg ship as well. But I’m glad to hear that’s not what it is!

R: No!

T: One more thing—you’ve reminded me—the day before yesterday, early in the morning, about 5:30 in the morning, a **very large** starship showed up right in our picture window in the sky, and it was—

R: Pulsating!

T: It was pulsating blue, gold, white, ruby, and emerald green, and it was **beautiful!** So I asked Rama, “Can you get some pictures?” So he got some pictures, so we’ll stick them on the website.

- What you see with your eyes doesn’t come out exactly in the picture, but it was there for about 40 minutes. It gradually started moving up and up, higher in the sky, and then it was gone! We pass the talking stick!

COR: Oh my gosh—how amazing! How beautiful for you! Is this a ship that you recognized, Rama?

R: Well, we could feel the intense Love frequencies coming from the craft.

T: Oh, boy! Absolutely! So that was the gift.

COR: Was it a very clear image, or was it hazy?

R: It was clear, but when you take a picture on the phone, the resolution on the phone doesn’t come out well. But it’s visible.

T: And I mean, the size of it!

COR: Was it silvery—metal?

R & T: Yeah!

COR: What shape?

T: Spherical.

COR: Wow, very exciting! Wonderful!
