**Rama and Tara: R, T • •**

**Rama: talked to Natasha:**

- Happy Juneteenth – time this was honoured: long time coming!

Insert by T: the Democracy Now program last night explained the importance of this

- Also, the Republican efforts to mess with the voting rights of black Americans are due to the fact that they are losing members rapidly
  - no young people joining
  - women have had enough of the patriarchy attitude towards women - the 'barefoot and pregnant' routine: no longer putting up with it

**R: back to Natasha:**

- Biden stumbling over his words -
- this is a story about the spook industry are running the gov't and the politicians – the walls have eyes, ears, etc etc - all kinds of folks are listening
- at the same time, the incoming sun's energies are building and building – the increasing light is very hard on the dark ones: that energy is about being in service to the whole – the real story of Christopher Columbus has never been told – folks will be coming forth with the truth
- as Natasha puts it: magic and miracles are afoot – it's about exposing these lifeforms who've played with the matrix for the last 13, 000 years and IT'S OVER!
- All kinds of evidence coming out that shows they are using technology to try and keep themselves immortal.
  - There are being Like Leonara who is 20,000 years old, some in Babylon who are older – goes back to the story of the war between Agartha and Shamballa and the controllers messing with The Plan in spite of the warnings from the elders of the day
- Natasha is saying that behind the scenes, Joe is what he is and Kamala knows the other side of the story up to the ACIO – there are galactics from all over who are here to make sure we get this right!

**T:** talking about the fact that when the dark makes a move, the Light makes a reciprocal one  
And the CEOs of media companies not interested in talking about a democratic way of life on the planet – can't be suppressed

- speaks of a black teenager and is taking the true meaning of Juneteenth on the road

**PODCAST:** <https://soundcloud.com/rttv/going-underground-prof-peter-kuznick-slams-putin-jailing-navalny-as-unnecessary-mistake>

On this episode of *Going Underground*, we speak to Prof. Peter Kuznick, co-author of Showtime's 10-part series '**The Untold History of The United States**', directed by Oliver Stone. He discusses Biden's remarks about what the world would do if the US interfered blatantly in foreign elections; the US' history of interfering in elections and engaging in regime change against democratically elected governments; criticism of Russian President Vladimir Putin ranging from his comparison of the far-right Capitol rioters to the case of Alexey Navalny; Navalny's imprisonment and why he views this as an unnecessary mistake, and much more!

Finally, we speak to Antony Loewenstein, independent journalist and author. He discusses the arrival of new Israeli Prime Minister Naftali Bennett; how Bennett's record is largely similar to Netanyahu's if not even more right-wing; analysis showing that 100 of the 120 members of the Israeli Knesset are pro-occupation; international pressure on Israel as the "only way" to end the occupation of Palestine; the extent of US influence over Israeli policy; Israel's refusal to acknowledge its own nuclear weapons program; double standards on the nuclear weapons issue for countries such as Iran, and much more!

**T: Natasha said** to R that Putin is a very clever guy: he spoke of Hillary – Deep State - He – Putin – knows, and has the video tape of Drumpf violating and murdering a girl and Hillary is already hung! In public the US is looking like it needs to be held accountable.

**R:** the speaker knows but can't say – he does know Oliver stone

**T:** they are Faction 3 White Knights and know what's going on, but cannot speak and Navalny is an asset of M I 6 ! ! ! All his funding comes from England; he exposes corruption in return: – and the corruptors are western oligarchs and Putin has his own issues

**R:** the death of the dollar is at hand!

**T, R:** discuss the Next Gen coin – a valuable thing to do  
Freemart silver is the smallest nano size  
Talks about Freemart addition to water . . .

**Back to the Show:** stops it to say the Khazarian Mobsters/Oligarchy - they all go back to 100 AD, 325 AD, 800 +/-AD

- the British are supplying bombs to use against Sudan!

Could higher frequency intelligences use plasma as a conduit for contact and communication? Plasma is known as the fourth state of matter, and the universe is made of 99.99 percent of it. On Earth, it is most familiar in the form of lightning. On its own it's not intelligent. However, can plasma be used by an other-dimensional intelligence to project into various forms and densities to impact our reality? For millennia humanity have been trying to describe the true nature of reality. Will this lead us to a unique understanding of ourselves and our place in the universe?

*Sometimes Life requires that I  
 Let go of something dear.  
 I can cry, cling, and resist,  
 Or have faith take the place of my fear.*

**Hola, Deep Divers!**

**The shift from Gemini to Cancer is like cliff diving. We're up in the air until we let go, dive headfirst, and break through the surface, plunging ourselves deep down into the waters of feelings, fears, and psycho-spiritual rebirth.** Now some may be down in those waters already, still reeling from the eclipse, but soon we'll all be swimming in the same soup together! The waters may be cold at first and give us a shock, but we'll get used to it.

As I mentioned in the report, our ability to quiet the ego and observe this all as a process gives us more awareness and can smooth out a lot of those rough edges. In comes astrology! There is no better way to get a glimpse of the "big picture" than astrology. That's why I'm offering the online

workshop ["What Will Happen When"](#) next month. **If you would like to learn more about your chart and the ages at which your soul seeks change, this course is for you! Please [CLICK HERE](#) to find out more.**

**Members of the New Paradigm Astrology Community get 20% off not only of the [What Will Happen When](#) course but of everything NPA has to offer!** That, along with a library of 100's of videos, weekend Zoom calls with me, sharing with the 100's of members, and more makes this the least expensive and most exciting way to learn astrology. [Check out all the benefits HERE and join us!](#)

**I remember a few different comedy acts where the clown or comedian frantically tries to keep together something (or someone) that is falling apart.** They slap a piece back in place as more fall off the other side, and they run around to the other side, and as they're putting that side back together, the other side falls apart. You get the idea that it could go on endlessly, but that no matter how hard they tried, they couldn't keep it together. **That's what we may be feeling like after that eclipse in Gemini!**

**Our ego-mind wants to "keep it together," maintain, remain, make strong. However, just like a sandcastle built on the beach, it only takes one wave to wash it away when the tide comes in.** One of the kundalini mantras is *"All things come from God, and all things go to God."* Repeating that one over and over and allowing it to sink in can help us center ourselves in the ocean of oneness instead of being castles in the sand. Try it out!

**RI:** reads Cancer 1° – decision is the key word **Dane Rudgyar [The Astrological Mandala](#)**

PHASE 91 (**CANCER 1°**): ON A SHIP THE SAILORS LOWER AN OLD FLAG AND RAISE A NEW ONE.  
**KEYNOTE: A radical change of allegiance exteriorized in a symbolical act: a point of no return.**

We have now reached a square (90-degree angle) to the beginning of the cyclic process. This is a moment of crisis, a sharp turning point. In the zodiacal cycle, at the summer solstice the northward motion of the sun (in "decimation") stops; the sun rises and sets as far north of exact east and west as it can during the year-cycle. Its motion is now reversed. Slowly the sunset points move southward on the western horizon, and the length of the day decreases. In the lunation cycle (from New Moon to New Moon) this is the First Quarter phase. On the "ship" which symbolizes the ego-consciousness floating, as it were, on the sea of the vast Unconscious, the individualized will makes a basic decision. The dominant Yang force allows the Yin force to begin its six-month long rise to power. The "collective" will gradually overcome the "individual," and at the end the state will overpower the person. Now, however, the individual person enjoys his most glorious hour; he exults in his ability to make a "free decision"- i.e. to act as an individual who selects his life goal and his allegiance.

This is the first stage in the nineteenth five-fold series of degree symbols. In a decisive act heavy with consequences, the symbolic college youth might realize that he should bring to an end his quest for the ideal companion and enter into matrimony. He assents to the possibility of progeny, of home responsibility. His consciousness accepts a process of fundamental **REORIENTATION**, implying the stabilization of his energies.

The oldest cultures describe how, a long time ago, they lived alongside a civilization of gods — incredible navigators and astronomers, real people rather than imaginary beings. And direct contact with them was a regular part of life.

They also agree that although these humanoids lived on Earth, their point of origin, their homeland, was elsewhere, a very specific place in the sky: Orion.

They even go so far as to claim that Orion was the origin of civilization itself. How did our ancestors reach this astounding conclusion? Featuring: Freddy Silva

How can we unlock our own innate abilities? PrinCess Jeanee says that remote viewing is a way to know the truth. Her modality of scientific remote viewing (SRV), a remote viewing model in which the viewer does not know their target, has unlocked her pathway as a teacher, meditator, and knowledge seeker. During her time as an artist, she was approached by renowned director, Dr. Courtney Brown who worked with her at the Farsight Institute. Using SRV differently than most of her contemporaries, Jeanee utilizes her emotions and her consciousness to see through the eyes of those she remote views. Watch as she conveys her process and the tools she uses to create grounding and alignment before a session.

This program begins by analyzing the political monopoly (aka "The Center") operated by the GOP and Dems in the US: its organization and dominance until the last few years. The monopoly deteriorates as both GOP and Dem coalitions suffer splits and cracks opening opportunities for radical political shifts and perhaps new parties. The context of a declining US capitalism facing mounting unsolved social problems adds to the winds of change as do pressures to resort to repression. Wolff affirms that the Center cannot hold.
