Monday

Dalai Lama

[Dalai Lama @DalaiLama·May 29](#)

Our aim is to be happy—to find peace of mind. I'm not talking about the next life, or anything to do with God, but about being peaceful, happy individuals here and now.

Tuesday

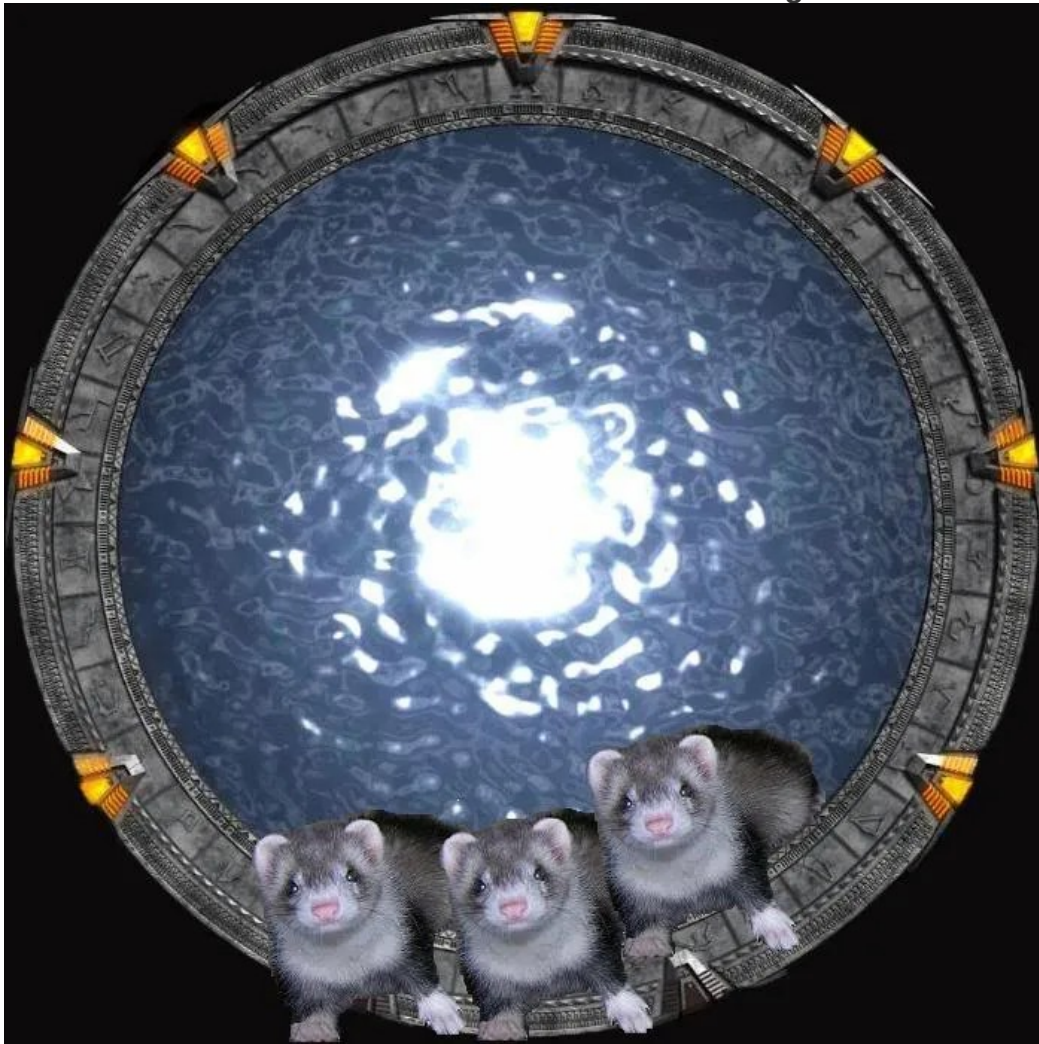

Tom the Ring-Tailed Cat; Sweet Angelique the Cat

**Rama:** I went out to the Garden of the Gods today at 11:35 am this morning. I walked to one of the rock structures there that called to me. So I set up my crystals and called in all the energies. In about 10 minutes, a portal opened. This portal looks like the vertical ponds of water in *Stargate SG1*, the movie. I went and touched the surface of the water inside the portal with my finger and my finger got wet! I had an urge to walk through the portal, yet then I hesitated because I wasn't sure I could make it back. While looking through the portal, I saw the Glastonbury Tor in the distance. It was sunny; it looked like an awesome day for an adventure, yet I chose not to go through.

I went back to where I had set up my crystals and texted **Tom the Ring-tailed Cat and Sweet Angelique the Cat**. They said to me, "Lord Rama, it's a good thing you did not go through; you need precise calculations, calibrations, to do a journey through a portal so, on the other side, you know how to get back. Also bear this in mind: as you open a portal such as this, simultaneously there are gravitational waves that are sent all across our planet. Your ABC agencies can track them (the waves). You are lucky they did not pick up on you! Next time, call on us, and we will go on a journey together. You are making progress with your Jedi abilities of using The Force. See you in the Light of the Most Radiant One! Sat Nam! Namaste! [See you in the Light of the Most Radiant One! Sat Nam! Namaste! Blaze the Violet Fire!"](#)

**Below is the photo sent by Lord Rama on June 4, 2023, with the information he included when he sent the photo . . .**

I opened a portal on Tuesday, in the area of The Garden of The Gods, down hwy. 14.... It looked like the vertical Ponds of water in Star-gate SG1...

There were no ferrets there, just me & the stargate, i went & touched the surface of the water & my finger got wet! I had a urge to walk thru & i hesitated,, because i wasn't sure i could make it back.... i saw the Glastonbury Tor in the distance... it was sunny, looked like an awesome day for adventure.... i chose not to go thru... i went back to where i had set up my crystals & texted Tom & Sweet Angelique, they said, good thing you did not go thru, besides maybe your cell-phone would not work for a phone call to Tara, the century u may have come upon, there might not have been planes, cars, civilization in our timeline....all this is taken into consideration, as you plan to travel... next time call us, we'll go on a journey!!!!... i am still integrating this.... much to learn....Sat Nam!

**Wednesday**

**The Plasma Field**

**Rama:** I went and sat in **The Plasma Field** at 11:21 am this morning. It showed me the Pinwheel Galaxy and the super nova that occurred there and said "That energy is showing up here in the form of more Light and Love pouring in all around us. This is changing physical matter, space, and time, and there are all kinds of anomalies occurring. Stay in the Light of the Most Radiant One. Sat Nam! Namaste! [Blaze the Violet Fire!](#)"

## The Pinwheel Galaxy – picture from Lord Rama, 2023-06-06

Thursday

Lady Nada

**Rama:** I received a text message from **Lady Nada** at 12:21 pm, early this afternoon. She said to me, "Lord Rama, North Korea launched a so-called rocket / missile to, as they said, to put up a communication satellite up in orbit, circling the earth."

Nada continued: "The real story is they tested an ICBM – an Intercontinental Ballistic Missile. Nada went on: "The United States is neither confirming or denying that it was an ICBM."

(Note: The nuclear warhead to this missile is a separate attachment to the ICBM missile; that warhead was not attached – ie, the radio active material was absent. The Galactics **will not allow a nuclear holocaust!**)

"Meanwhile, the Light coming in with this full moon in Sagittarius Saturday evening at 11:42 pm, Eastern time, is HUUGGGE! It is about the return of all the Ascended Masters and all the angels. This Light is plasmatic, photonic light. It has never been in this 4<sup>th</sup> quadrant of the Milky Way Galaxy where Mother Gaia and the rest of us live. It is coming from the Pinwheel Galaxy which is 87 MILLION MILES away from Earth! There was a sun in that galaxy which went super nova, causing an explosion of light so huge that our astronomers could see it and follow the light all of the way from the Pinwheel Galaxy to the Earth! ! !

“This Light arrived here, travelling in our atmosphere, within the last week! Expect magic and miracles of the most wonderful kind! Remember: our thoughts are things! And they can create from the unmanifested state to the manifested state in the twinkling of an eye! This is the key of how to use The Force, of how to use our thoughts in conjunction with the Divine. This is how we change Planet Earth, and it is happening as we are having this little chat on these devices, reaching across this planet and beyond!

“What we can say about the other stories is just that they are old stories and these old stories are falling on deaf ears. See you in the Light of the Most Radiant One. Peace and Love all over the world! Sat Nam! Namaste! [Blaze the Violet Fire!](#)”

**The four quadrants of the Milky Way Galaxy – from Lord Rama, July 14, 2022**
