III GENERAL INFORMATION; PODCAST ADDRESS; OPENING MEDITATION

A: Host: Tara Green

B: INFORMATION ON Dr Keshe:

Introduction to the Keshe website

- There is a wikipedia on the foundation website: lots of definitions and answers to questions there too; also a first aid information page -
- The Kerry Ellis workshops are also good

C: Podcast: B B S RADIO

D: Opening Meditation: Angelsu

TONIGHT'S PANEL**Carolyn Oceana Ryan (COR)
Tara & Rama (T, R)****Randy Miller (RM)
Vinayak (VIN)****Omena (O)**

Omena: Given all that is going on with people's stress, problems and so on – Divine Chaos!
Whatever problems, there are solutions – yet to find the solution, have to go higher than the energy that created the issue!
Can do nothing; can ask others what they would do – just talking about it helps release the stress in the body. Can also ask the fairies – just believe they will help – go with what is in your core of being.

RM: Had a wild night last night as last night was the world's first showing the Keshe Foundation's space technology

- He showed the life enhancement capsule and the space capsule that goes with it.
- All these things are on display: magrev reactor; all the gans he has worked with for 30 years. The magreve reactors are created to go in our homes
- the top scientists from China, Russia, the US have been invited to see the technology live and see it work. And no one gets any space technology unless they are willing to sign the Peace Treaty
- the first conference held in Europe for many months – the production of this technology will happen in Austria as that government was the first to sign
 - 10 Life Enhancement units in US; 3 in Canada; 3 for Thailand
- Every Knowledge Worker connected to this GANS was able to go after the first 2 days, the display is open to the public – and there are COVID rules to follow.
- The Knowledge Seekers saw it before the whole scene was opened to the public

COR: the latest channeling is on her website

- has been asking the Collective about the divisiveness in the country, and how do we deal with people who listen to reports that are lies, misrepresentations
- they point out that we need to come out of the polarity of calling them wrong and we are right – just say that is where they are right not on their path: we release the pressure of our 'saviour mode' – which is a lonely place to be!
- The energies are powerful – as was the full moon that affected her greatly

NEWS REPORT: Rama, Tara (R; T)

[See <https://www.rainbowroundtable.net/rama-s-contacts> for info on Rama's contacts]

R: Today I went to go to see **Professor Nicodemus and Dr Steve.**

- Professor Nicodemus and Dr Steve "escaped" from Los Alamos quite a few years ago, because they feared for their lives. Dr Steve is a nuclear physicist, and he refused to continue to make the technology to detonate nuclear bombs, as they're upgrading their nuclear weapons. He left Los Alamos 15 or 20 years ago, with Professor Nicodemus, who's a 4-foot rat. And that's another story!
- He (Prof Nicodemus) is enlightened, in the sense that he got experimented on at Los Alamos [labs] with different kinds of chemicals and substances. They actually injected him with a form of nuclear radiation. He survived it, and became enlightened, let's put it that way.

- They talked to me today about these super-civilizations [that existed] before the [Great] Flood. Many of these super-civilizations [that existed] before the Flood were goddess-based civilizations, and they honored the Feminine and the Holy Mother in all her forms.
- They spoke about a super-civilization called Oz—[spelled] O-Z, just like in the movie. And Shamballa the Greater, which Sanat Kumara was in charge of—these were actual civilizations on the surface of the planet.
- As things got a little wonky, and the energies descended, things went awry, and these civilizations were moved to the etheric physical. Yet they were all goddess-based civilizations, and worked with the five elements.
- All the elemental beings, and the Archangels, and the solar logos, and the Ascended Masters who were coming to the planet at the time—**all of this is returning at this time**, because we're in this grand cycle, like Greg Braden talks about.

- **Three major things are going on across the planet, in our present civilization:**
They are **Climate Disruption; Consciousness; Chaos.**

The next one is Consciousness: our consciousness is encompassing the idea that we are all One. Whether we're blue or green, or purple with polka dots and blue antennae, we have a right to be on this planet and co-exist with each other.

- This is what these two characters were talking to me about—how the energies are moving us in that direction, as all the indigenous elders around the planet are speaking quite loudly, and saying, "Listen to the faery lords, the elven lords, the hobbits, the Archangels—they're all here, and they're all saying, "You want to save this planet? Listen up!"

T: Also, Rama, you would agree, right, that when we're talking about the goddess—there's a goddess in all of us. It's not about the gender. It's about the energy.

R: Right. Sex [gender] is not involved. It's about magnetic and electrical energy. That's a better way to put it.

T: Yes, and the Feminine is the magnetic energy in the physical body. That energy is in the right brain, yet it crosses over between the third and fourth cervical, and controls the left side of our physical body. So if there's an issue with violation of the Feminine energy, it would show up in the body, in terms of the right side of the body, and the left side of the brain.

- Same thing for the Masculine energy—and this is in everybody's brain, and everybody's body.

R: We've got two hemispheres that we need to be using as one. Both halves of the brain working together.

T: Our right side is Feminine, before you get to the 3rd and 4th cervical. Then it transfers over to the left side of the body. And left side of the brain is Masculine, and it transfers over to the right side of the body, before the 3rd and 4th cervical.

- You learn about that in medicine, and you learn about it [when studying] all kinds of healing treatment [modalities], so that you know how important it is. You might say there are seven cervicals, and there are seven rays of the rainbow, and seven laws of St Germain and the Violet Flame.
- So what we're talking about is the Fourth Ray, which is the White Fire Core of Being, combined with Emerald Green. So that would apply to the cervical as well.

R: Yes!

T: The Fifth Ray is Lord Hilarion, and that's about the Emerald Green as well, only that is particularly applied to physical healing. The Emerald Ray on the Fourth Ray with the White

Fire Core of Being applies to the higher principles of consciousness. It would relate to Harmony. It would relate to the quality of Peace inside the heart.

• Therefore, in the [spiritual gathering that is the] Circle, we would share from the heart, and we would have a spiritual path together.

- Akhenaton and Nefertiti were co-regents together. They gave an example of co-equality between the Masculine and the Feminine in physicality, working with the principles of the male and female working equally in the spiritual realms.
- We **all** have those qualities. It's not about the gender. But that was the first time that example was given. It didn't last a whole long time. There was all kinds of [destruction] going on then. And the dark priesthods decided to choose war games.
- At that time, Mother Sekhmet got her paws on the ground in Egypt. And Mother Sekhmet now says that Egypt at that time was the [center of the] darkest period in our whole history. The teachings that were brought there to lift that up [the darkness] at that time, were the teachings of Isis and Osiris, Horus and Set, and Sekhmet. And there's all these other teachings that go out from there.
- The Hathors—they're the Cow people, right?

R: Yes!

T: They had a lot to say in the arbitration, in the Circle, and there was a Circle then too, right, Rama? And you had an incarnational pattern as Akhenaton, and the principles thereof.

R: Yes, the teachings of the Sun, the solar disc.

T: So the focus of the teachings of the Sun, in Akhenaton's time—

R: And it was about how to use the mono-atomic gold, the gold dust, and how to become immortal. And the Amon priesthood didn't want everybody to become mortal. Only them!

T: So they tried to steal mono atomic gold and run away. How'd that work out?

R: Not so well!

T: [Laughs] So again—40 years in the desert, where there was starvation of spirit going on, and choosing to play war games. That was another reason why Sekhmet came there.

• Because at that time, there were many—Atlantis and Egypt. Egypt was a colony of Atlantis, and there were lots of people still living to 1,000 years or more with fifth dimensional consciousness.

R: After the Flood, things changed.

T: Which was 6,000 years ago, give or take. So we're talking about 4,000 BCE. Which really happened before Akhenaton and Nefertiti. So these civilizations were—I'm assuming they were quite long, in terms of time.

R: Yes!

T: We might want to research and look into the civilization of Oz and the civilization of Shamballa the Greater, and learn more about those things.

- Let's get to **this** civilization-changer right now!
 - As Rama was saying, Professor Nicodemus and Dr Steve were referring to the Goddess energy coming back, and this whole period in between, which really started 13,000 years ago. About 10,500 BCE to 11,000 BCE till now.
 - And before 10,000 BCE, was the Ice Age. The Ice Age butted right up against 10,500 BCE. It didn't end till then. So we had cave dwelling going on. It was too cold to be on the surface. You had to go into caves or inside the Earth in order to survive.

- So this is passing the talking stick, not in terms of Male or Female energy, but rather in terms of the teachings of the Goddess energy. It started in the new land of the West when our Founders spent 13 years in roundtable with the Iroquois Nation and their teachings of the Goddess; the Grandmothers were the storytellers who brought it in.
- Deganawida—another name for Yeshua or Sananda Kumara—was there, present! Our Founders were sitting in a circle with Deganawida. And Great White Buffalo Calf Woman - Lady Master Nada - was there too. In Native American tradition, she's called the Great White Buffalo Calf Woman.
- They passed the stick with these presences that are embodied on the planet now as the King of Swords and Lady Master Nada.
- They had an incarnational pattern to bring, in that time, in that Circle, these teachings. They were talking about bringing the Declaration of Independence into being, along with what they called the Confederacy, which was—

R: The Articles of Confederation!

T: Articles of Confederation, which brought the six tribes together within the Iroquois Confederacy.

R: Gene Roddenberry who created *Star Trek* studied these Art of Confederation. He put them together into the *Star Trek* story, about how the Confederation [of Planets] was created, so they could create Peace in our local quadrant—our section of the galaxy.

T: Pretty intense, huh, Rama?

R: He learned this from George van Tassel. George van Tassel learned it from Ashtar!

T: And Randy here is announcing that in Austria, Keshe and all these healing chambers—10 of them coming to the United States. And was it 3 to Canada? And 3 to Thailand too!

COR: Can I just quickly ask, did Rama talk to any other contacts over the past few days?

R: In the last few days, the stories that are going on are about the increased insanity on the planet with the Orange Beach Ball and the increased move toward fascism.

- And the absolute lunatic stories going on, that I don't know how to comment on - other than to say, Stephanie Miller and some other folks like John Fugelsang have a better sense of humor [about it], because I might go over the edge with the four-letter words.
- Because it is at that point, where if they are going to push it over the edge, we will see some events unfold, and En Shallah, God willing.
- Ashtar's going to show up on that TV screen, and the rest will be history and herstory! I don't know how to go any other way.

COR: I'm looking forward to Ashtar showing up, I'll put it that way! We're skating a little close to the edge, and I'm sure we haven't even seen the whole story yet.

R: I heard stories today—Thom Hartmann or someone was talking about how Trump is getting crazy enough, that he would declare martial law on a whim.

COR: Well, I've been waiting for that. He's hinted at it. That would keep him, he figures, in office, and stop the election from happening.

R: He would suspend the constitution, in the event of certain cities losing it with the police, and he [thinks] he has to send in the Mad Max guys with the guns.

COR: Has anyone given you any indication that the White Knights step in and intervene at that point?

R: Of course! Yes!

- [If] they were going to push this to that edge, there are members of the Joint Chiefs of

Staff who would direct the Provost Marshal General to engage the US marshals, and then we would see a different sort of event going on!

T: Well, maybe I'll go back to Monday [Aug 31], since it's been a while since we've been together:

- Rama said, "I went up to the very top of the mountain, then I hiked higher to the platform of the ski lift. It was 11:45 this morning. There I created a Jedi Council. In the Council, the nameless ones—"

R: Dodi & [Princess] Di.

T: Dodi & Di. Monday was the 31st—and that was the [anniversary of the] killing of the clones of Dodi, Di and Henri Paul on the 31st of August [1997, in Paris].

R: And to reiterate—**JFK Jr. is not alive!**

- Q-Anon and all the other deep state players are playing with very dangerous, not-nice stories.

T: Disinformation!

R: COMPLETE disinformation! Don't even go there! It has already been stated: Q-Anon is a domestic terrorist organization, within this country, along with the NRA.

T: That's true. Anyway, let's work with the energies at a higher level, and remain neutral as we're reporting these things.

- So **let's go back to this story**, in the Jedi Council—it was the Nameless Ones [Dodi and Diana], with the Poppy Lady, Tom the Ring-Tailed Cat [a Paschat], Sweet Angelique the Cat [a Paschat], and Feen Del Noor.
 - Feen Del Noor is a Sasquatch person who has a starship. And two and a half years ago, she taught the Poppy Lady how to navigate that starship. It took about six months, then they traded places, and Feen Del Noor got into the co-pilot seat, and the Poppy Lady got into the pilot seat, where she's been ever since.
 - So now we have a Faction Three White Knight [Poppy Lady] working with members of the Ashtar Command, as the Sasquatch are, navigating a starship!
 - So you might say the **Ashtar Command is here! That's called intervention!**
- Feen Del Noor's starship has what you call an Emergency Medical base. She's an emergency medical technician of the Ashtar Command kind. So they have all kinds of advanced technologies on that ship, which they definitely need.
 - They've been rescuing people who have been shot by the US soldiers, primarily, and taking them there, and beaming them onto the ship so they can get emergency treatment, so they do not die.
 - And like Keshe's technology—they have that technology there too. Keshe's technology takes about three hours, in that egg [healing chamber – Life Enhancement Unit] he has. In that medical base ship, they have a technology like that, and it takes two hours [to heal someone].
 - No matter how many injuries, how many close to death experiences these people are having, within two hours, every wound, every injury physically, emotionally, psychologically and spiritually are completely healed. They have a brand new body.
- They're not just talking recently. They're talking all the way back. We've got another galactic commander in there!
 - So they all said, "Lord Rama, this is the time. This is the place! This current moment we have now can be changed in the twinkling of an eye. The quantum field has been reached, and it is tipped in our favor.
 - "Pay no attention to the false ideology being put out there, like the false Cold War Red Scare—the 'Soviet threat.' That quote, 'The Russians are coming!' which was put out in the '60s. All of that is *maya* [illusion]. We are at a most magnificent moment in this planet's evolutionary leap in consciousness.

- “Meanwhile, there is an active coup d’état in the top levels of our upper military. We can give no dates.”
- They’re talking about a coup d’état in favor of the Light! The entire military! Do you want to say anything about that, Rama?
 - R:** Just that the absolute disregard and dishonoring of the constitution and the military by this so-called president, ‘cause he wasn’t actually elected—it was smoke and mirrors that put him in, and the Supreme Court, and the electoral college, and the Vatican. Because we’re playing with this story about the Fallen Angels. This is the real deal.
 - T:** The Vatican put out a candidate on both sides that are unqualified. Hillary is no more qualified to be president. She’s got cleverness, but she’s been a hologram for a very long time.
 - R:** It’s a horse of a different color, of the different factions of the 13 Families, and the Democrats kind of have a gentler side. Yet they are just—
 - I pass the talking stick!

T: [*Laughs*] Just to remind everybody, all of the 13 Families and all of their minions—meaning the corporate world, globally—plus the Vatican, are all broke. And that’s been going on for at least three weeks now.

R: Warren Buffet is really biting his nails!

T: Yes, and that’s another good thing—

- A brother of ours told us, contacting people in Germany, then the German people reporting—what’s being said over there, is that the wealthy ones over there are being told by their big banks where they’re holding their monies, that in the next couple of months, those monies will be diminishing, rapidly. They’ve been put on notice.
- Also, there are already very wealthy people who don’t have **anything** in their bank [accounts]. There are people who, for a long time, they’ve got a name or a title, or they’re amongst the circles of the rich, but they don’t really have anything.
- There was a description of these people--some of them, they don’t have any furniture in their house. They just have a bed, and that’s it.
- But they get invited to these big parties where they’re doing coke and playing with women and all the rest of it. They’ve been living like this for a long time. So there’s just an **appearance** going on there.
- [*Resumes reading Rama’s update*] “So no date, yet these events are rapidly unfolding with Faction Three White Knights’ help.
 - “This is the most intense time ever! Practice patience, balance, and loving neutrality.
 - “We will be seeing you **very soon**, Lord Rama! Namaste!”

Randy: To bring Tara and to bring her up-to-date: No longer 3 hours – can be done in 20 minutes – this is galactic medicine, technology, and only Keshe doctors can be used

GUEST: BROTHER RICHARD WHITT

- Begins with his bio. Born in DC, 1951; graduated HS in 1970; VA tech in 1975; a naval engineer 1971- 1982; relocated to FL and hopped on the spiritual path. First Saturn return was happening then – and something else that woke him up even more.
 - 1980 study of kundalini meditation; 1982 began to study astrology
- Studies are mainly of metaphysical type
 - he’s the holder and keeper of the family library; mother a teacher; father an engineer

- Has been a big fan of the Grandmothers' wisdom; Black Elk's writings; history on both sides of the story between the Native Americans and the rest of the country
 - Has moved from seeking knowledge to seeking wisdom
- He sees the problem as having to do with the way humans organize themselves
 - why are we here? When we come here, we are in the great schoolhouse of Earth
 - **What is your ultimate goal?**
 - If you can pick a goal, use the right mental attitude and tools, techniques, can create those goals.
 - Yet those principles can also be used negatively – have people now generating Chaos as well as those involved with Order
- World problem: **Arrogance**
also **Glamour** – a book from the 50s **The Problem of Glamour**, a channeling from Dwjal Kool
- The present astrology and the full moon that just happened and energies intensifying – things are getting tighter in the different degrees and angles and this is affecting the 13 families and those decisions are affecting the planet
 - have Pluto, Saturn in Jupiter – these entities are all radiators – Jupiter and Saturn most potent of the 3 – we get a night time dose of solar energy from the full moon!
 - The human race is under the pressure with solar radiation, Jupiter's energy
 - Mars is almost 0 radiation output – the radiating planets are getting bombarded by these radiations
- Astrology is more than 1000 years of correlation between the movement of those bodies and human events.
- was pleased to hear about what Mr Keshe has done by demanding the peace treaty [be signed] – will be interesting to see what kind of resistance there will be, given the power-hungry ones who have no respect for peace-loving people
 - they are losing the battle as people become more aware collectively of their tricks and games – disinformation, misinformation, intentional misinformation so they can hang onto their selfish games.
- While Mars and Charon remain in Aries, he suggests that the mental health issues – all assaults are the result of mental health [imbalances] and this is where diplomacy comes in – social welfare systems have been created to help people yet they have no mental health staff on board – they threw on the street those with mental health conditions, a cruel and unusual treatment.
- Talks of mental compartmentalization – not only is much of the information intentionally wrong [it is also taught as unrelated to anything else] – yet there are skills to deal with this issue
- How long will it take? Doesn't like prophecy as lots can happen between the pronouncement and the realization, and X becomes X squared – a reliability problem.
- Ca/CA:** Did you really think you could be the guest tonight, and not hear from me?
 - Can respect the dislike of prediction, will go to the question of process then!

- Given the state of affairs as he's described them – what process is required to change the paradigm? What sequence to lead towards Ascension on the planet and re-shape the paradigm?

RI: Starts with the children as they learn about right and wrong – the youth of the day are so spoiled in the US, and have so many distractions that it's difficult to get a well-rounded moral education.

- Often thinks what he'd do if he were in charge: the process has got to be education as one part.

COR, Omena: take Richard on about the age factor of teachers

- the Grandmothers: the age 52 is when a woman is initiated into Crone Medicine- it's not any woman but one who comprehends

COR: Much safer to say Wise Woman – not Crone!'

RI: part of the process is education and how it's carried out

- the Wise Men of those traditions – need to be working alongside their ladies

Summary at the moment:

peace between nations; peace between individuals; cessation of assault at the personal level; addressing the education system

In answer to COR: yes, he thinks the alignments are about right – when Pluto gets into Aquarius and things are moving faster than they are right now, we're "in it" –

COR: there are school teachers all over the planet talking about doing/not doing a decent job with their children.

COR: and teachers all over revolting – does he see things aligning to create the birth of the new – or a breaking down of the current system – what does he see?

RI: Finds it useful to work with the Jupiter cycle – about a year in each sign. Jupiter is our friend – Saturn is the divine disciplinarian –

- Brings up the Kabbalah and the Tree of Life from the ancient Jewish mystical philosophers – below the Divine Trio are Jupiter and Saturn which crown the pillars on each side of the entrance – they work to keep divine balance
 - when they are on both side of the chart and after the winter solstice – Sun, Saturn and Jupiter will be in same section, the divine radiation will be something – cosmic radiation!
 - People don't know how to remain electrically magnetically grounded: not teaching the right things like goal setting, perseverance, - might take longer to get through college, for example

- there are still some crises to go through – socially, emotionally – concerned about November

COR: lots of people are concerned

T: talk a bit more about the concept of pairs and teaching children and adults about that concept

RI: an important principle. Book written by a woman: **how to be a master**. What are the skills and attributes – physical skills; language logic skills. As you grow – a lot of peoples' problems have the answers built in them -

- have pairs which look like they are opposite, or are complementary – a wise woman and a wise man are powerful parents; the two parts of the brain and unifying them;

- Humanity going through a process of increased energy input: the sun is brighter than it used to be; Saturn and Jupiter in the middle of their life cycle and going full bore; sun has to get past Jupiter and Saturn; get Mars out of Aries to smother some of the aggression of Aries
 - there is also the light/dark pair – this is a false pair – sunrise and sunset should be eliminated as the sun never sets -

T: brings up the war zone idea

RI: yes we're in a war zone astrologically - Mars Square Pluto

O: how long is this war zone going to last?

RI: short term skirmish: will get temporary relief and maybe with Sun goes into Libra which is the sign of justice – wouldn't mind seeing some galactic marines ! ! !

- The White Knights who have picked up many misbehaving people – continue doing that!

Question: The death penalty does nothing for the soul. Exile? Where do you send them? Prison ships out on the ocean?

RI: There is no answer from him re this – this is work for the Lords of Karma, not him!

- He supports the highest good of all the beings involved in the situations

R: what he understands from the galactic realms: when souls are at the level of what we are looking at here, there are facilities throughout the galaxy and solar system where souls can go for reintegration and re-learning the divine plan

- while they are in their bodies, there are principles of energy and wisdom that come which has to do with the Lords of Karma and the Divine Councils dealing with these ones – when it's an invading and occupying race that has not received galactic permission to do so, there are galactic ramifications – a story that is eons and eons old: larger than he knows how to put into words - **it 's the ending of a complete cycle.**

- His explanation: souls in bodies or not in bodies will have to deal with their actions in old circle/cycles or this one – the Karmic Board. These spiritual masters and teachers from the realms in charge of entire solar systems know how to deal with the subject RI brings up.

- Rama can only address it as – the souls these ones have committed are on this planet and the Milky Way Galaxy, so it is a large story that encompasses those other councils as well as earth's councils -

- what he speaks of in terms of the 13 families and fallen angels is a larger story that goes into the realm of the galactic councils that have to take up positions of arbitrators with the Solar Tribunal on Saturn where these ones have created crimes on Earth and on other galaxies.

T: Mother explained that she is going be landing and taking the recalcitrant souls back to Dracos to stand trial – a larger story

- will be tried for inter galactic war crimes. This is the piece that has not been explained to the people of Earth – there are all kinds of jigsaw pieces that have to be pulled together
- John F describes it as having beings that are 50, 100 ` tall, with wings, and they occupy a planet and rape and pillage the people of the planet - there will be actions taken.

LM Nada is a representative of the Solar Tribunal on Saturn – she is the head of that Tribunal, as well as being a special lawyer in the International Criminal Court in New York – has also addressed the UN Security Council and the General assembly

- And Barack Obama is being counselled by the Andromedans – from whence he comes.
 - Rama was talking to BO and KOS was in the room, and Ashtar and others at that level

- Brings up the Citizens Hearing on 2013 -
- Nicodemus said today that this is the twilight of the gods; the patriarchal ones have to take a long rest
- R was told that something was going to intervene – can't continue to preach hate, etc

RI: now talking at the level of personal responsibility – there is both personal and group karma

Closing thoughts:

- has had to accept the things he cannot change, and change the things he can;
- be helpful when called upon within his own guidance system;
- keeps using the tools he's learned;
- ask the question before you go to sleep; solutions are available;
- remains an optimist.

T: the eternal optimist is signing off

COR, Randy: Thanks to Richard

Rest in great heavenly peace dear Tyb.
We are so grateful and blessed by your Earth mission.

Thank you for your continued service to humanity... and from the realms of light!

IN HONOR OF JAMES TYBERONN

Dedicated Lightworker, Grid Specialist, Metatronic Channel

James Tyberonn, a great spiritual leader, made his passing last weekend. We hear it was while sleeping.

As a retired professional geologist, he was one of the world's most knowledgeable experts on earth energies, from both a scientific and metaphysical perspective.

He brought to us a wealth of information pertaining to sacred sites, portals and vortexes, the planetary grid system, metatronic consciousness as well as crystals and gems.

He also greatly assisted us with understandings from Atlantis and our involvement in the thriving crystalline grid system used during that civilization.

You can revisit many of his articles and books at his Earth-Keeper.com website.
