Vinayak: Opening Meditation

Panel Members Thoughts:

Randy: This planet is the greatest show in the galaxy: trillions and trillions of people from all over the galaxy are taking a look at the human race in all its aspects.

- Many scientists are taking a look, too, to see what humanity is doing - people are speaking from their hearts and are waking up to the game of one race trying to control another
- As people raise their vibrations and their thoughts, they realize they needn't get involved in the dramas they see around them, and give the love they feel to children and others who need help.
- The only universal law we need to know about is giving – and as we give, we receive

Mr Keshe Info

- Multitudes of inventions to be revealed.
- a new air infiltration system to clean the entire homework + bigger units to handle farms – and it works well for pig farms: an experiment in South Africa has excellent results for both animals and people.

Vinayak: Today, he felt his raw emotion – feeling so tender and vulnerable, wanted to take care of himself - for anyone feeling that need, respond to it: take care of yourself – more sleep, more relaxation of some kind; going out in nature – all to experience more love!

- During the week – immense gratitude due to the things going on right now, the work, the blessings, the compassion, the expressions of humanness being experienced: the greatest show in the universe – we acknowledge our star brothers and sisters, and all living beings on the planet
- everyone is loved, appreciated – whether we know it or not, we chose to be here; we are contributing to the beauty of what we are – and to the ascension of the planet
 - We are the ones who chose to be here at this time to watch, witness, observe this great show in the universe
- We should be celebrating and acknowledging ourselves

COR: supports Vinayak's message – The Collective today saying the same thing about taking care of ourselves. She has been calling out for galactic and angelic assistance

- So many deaths; in the past we would have believed what we were told – but increasingly we are not accepting that what we hear – no more comfort that someone powerful will take care of us. The lies we've been told are no longer accepted;
- The Collective want us to stay in the moment – go back to the breathing and come out of the expectation that answers will come out of the left brain – it can also be intuitive.
 - Stay in your body; practice the breath; demands for truth; some things are all traps of the left brain: we are coming out of the unbalance

R, T: Their update on the new moon and the energies

[See <https://www.rainbowroundtable.net/rama-s-contacts> for info on Rama's contacts]

RAMA: Greetings!

TARA: Astrologically, [this time] is offering us contradictions in big ways, in order for us to make choices. And it's a challenge right now, because how [and what] we choose is a reflection back to ourselves.

[Reads *Tania Gabrielle post*] "Welcome to the First Full Moon of 2021, in Leo, on January 28th . Leo is the royal sign, ruled by our Sun, a star.

"Leo likes and inspires us to step onto the stage and be enthusiastic about creating a life of passion, own[ing] our destiny, and perform[ing] our purpose with confidence . With the Sun at 9° Aquarius exactly conjunct Jupiter this lunation creates a powerful Moment of Expansion.

"The Moon, symbolizing our feelings, is in Leo creating a sensitive HEART (which Leo rules)

..."
[For rest of post, see: <https://taniagabrielle.com/999-leo-full-moon-jan-28/>.]

- If you are watching, reading, getting apprised of what's going on in the big story, they don't really have a choice. The confrontation [between dark and Light forces] is constant. Mitch McTurtle is constantly using the filibuster to block the agenda of the new Biden administration.
 - I would just say, it's about quick, nimble [movement]. We're being asked to be *extremely* precise in every thought, word, and deed right now, because the decisions we make affect the larger story that's never been here before.
- We are truly, as Caroline was saying [earlier in the broadcast]—she was in connection with the beautiful Collective, and they were saying, "Stay with the truth of your heart. You'll never go wrong if you do that because the choices are coming very quick. And don't be afraid."
 - There's hesitation going on in the Light community. There is fear, and there is a wonderment about that wonderful word "When."

And the **King of Swords** and **Tom the Ring-Tailed Cat**, and **Larry, Curly, Mo, Lady Master Nada, Mr X**—every time they talk to Rama lately, they keep saying, "Blaze the Violet Fire!" and "The Galactics are here!"

R: Yes! And the last few updates, I am being told that there are so many beings here who have joined the celebration of us moving into this Sat Yuga and new timeline.

- Yet at the same time, the old timeline is being exposed for what it is—the Fallen Matrix. And it is falling fast and hard. It is about this ancient, ancient story that goes back to Sumeria, and slavery.
 - This planet is becoming free. Right now, I can say, the people of planet Earth are saying, "We will no longer accept slavery as a modus operandi to control the rest of us." How that is unraveling right now, is you can see the huge divide going on right now with how the republicans and these . . . all I can describe them as, is they have fallen under the spell of the Matrix.
 - And they're kind of waking up, because the Matrix is falling apart, and they're realizing that something isn't right with what's going on. Part of it has to do

with the energies exponentially going up with our Sun and all the planets and ourselves. Our particles are responding to the Force, lifting us higher now.

- The solar flares are adding to this mix. The last 13,000 years of slavery is being exposed right now, and it's about this idea of "white supremacy," which is a fallacy.
 - The original people on this planet—there were the rainbow colors. It wasn't Black or White. That's the biggest deal going on. The white supremacy is being exposed.
- It's about how this can be changed right now, by opening our hearts and having compassion for the least among us. Everyday I am seeing these stories getting bigger and bigger, and the so-called divide amongst the people, with these ideologies that are not based in the Truth of the heart.
 - They are based in the false matrix and lies, and things that are not coming from the Office of the Christ. I pass the talking stick!

T: I was going to give an example of this expansion idea, and following your heart—it's the last mention of this in the Tania Gabrielle post, called "An Exact Conjunction of Pluto and Capricorn."

- Pluto is Transformation, and Venus is Love, and it's in the Earth sign of Capricorn, which is the mountain goat. It reminds me of that *Sound of Music* song, "Climb every mountain / Ford every stream / Follow every rainbow / Till you find your dream."

COR: It should be reminding you of "The Lonely Goatherd" song! [*Chuckles*]

T: Yes! [*Sings part of song*]

- That brings us to the next line—"Leo enhances Love and romance, creativity, generosity, celebration, and play." That goatherd was having a whole lot of fun! And remember in *The Sound of Music*, the children put on a play, and they made puppets. And the goatherd was on strings, and the kids were having so much fun they were giggling behind the scenes when they were supposed to be quiet!
- But that's kind of what's being offered now, yet the opposition is there at the same time. The ones who are opposing this stuff—I mean, [they're saying,] "What do we want with everybody jumping around and jubilating and being joyful and dancing and getting Divine Wisdom and Light! That doesn't work for my program here! Grumpy Mr McTurtle: "I'm just going to filibuster all that."

R: To put it quite bluntly, the stories of the misqualified energy, to be polite, is that there are quite a few members of Congress that need to be gone. I'll leave that up to Mother! They are no longer serving the will of the people and the higher forces of Light. They are serving the dark side.

- And as I was told by Tom the Cat and sweet Angelique today, "They are going to get their karma." How they describe it is, "Leave it alone. That is up to Goddess."

T: And there will be no violence at all [as the guilty are arrested]. **R:** Correct!

T: They [the dark side] may attempt that.

R: Right now we are seeing so many stories that have to do with the total exposure of how people are not comfortable with people of color on this planet. It has come to a point where it is ending.

T: What most people don't know, is that there were never any white people in the beginning of the creation story of Earth. Every single one of us were people of color.

- And if you had lighter skin, it had a blue ray to it, as in Krishna. There is a blue race. And the color blue is the color of the fifth chakra, which is the throat chakra, which is about communication with Truth and Love together.
- I was going to give an example—on *Chris Hayes* tonight [on MSNBC], [Chris Hayes] got really strong with this “Be brave and courageous and bold,” and he got on there with this character who was fired from Fox News yesterday.
 - The reason given that he was fired was because he called Arizona [for Joe Biden] on Fox News, before anybody else on any network said one thing. [The article is] called “Calling Arizona.” He called Arizona for Joe Biden.
 - His name is Chris Stirewalt, former Fox News political editor. It says “Trump Furious After Fox News Arizona Call.” And he’s pointing to Arizona on the map, on Fox News—they went back and showed it all—and he got fired.
 - What Chris did was profound to me. He said, “it’s common knowledge across every network and every show you want to go on, that Fox News *consistently* lies. They do not tell the truth. They are consistently telling lies to the people, and what this gentleman did, was say, “But I don’t lie. My part in being the political director and everything else since then, I don’t lie on that show.”
 - Chris [Hayes] was calling him out, and saying, “Why are you doing what you’re doing, when all the other pundits on that show lie?” Basically saying, “I wish you the best. Congratulations! They released you! You got liberated! I wish you well on your next show!” That’s what time it is!

R: Yes, Fox News, let’s say, the satellites will go dark very soon.

T: Yes, they’re going to pull the plug on Fox News, because they’ve been lying forever. A lot of people don’t know that. It’s not punishable, in a sense—you can lie on TV. That’s part of the fact that you can’t get in trouble.

- So a few folks like President Trump really took that one and worked it all the way, and so [we] have Fox News. A lot of people who listen to Fox News don’t register that, because that’s what they want to hear. That’s what Fox News does. They tell their people what they want to hear, and not what’s a true story.
- I think this is a beginning of the end of that kind of behaviour, especially as now they’re lying about things that are treasonous to lie about. Now there are other things that come to hand here. It’s participating in a treasonous activity.

R: Sedition and treason—these are international war crimes and crimes against humanity. In any other country, things would have ended in not a good way! Yet, Lady Master Nada and the Solar Tribunal are in session!

T: So Rama said today, [*Reading report*] “Goddess takes no prisoners!”

- When you hear Mother Sekhmet say that, she means what she says, and she says what she means **R:** Yes!

T: No prisoners, and the solution is not violent.

- These 500,000 war criminals will be rounded up in a simulcast way with the full faith and knowledge of the people as to why. So we’re getting there.
- This activity that Chris Hayes did tonight—that has to happen a lot more. This is the way it is. There’s free will choice, and there are consequences. You have the free will choice to choose something beside Love, yet there’s *always* consequences.
- At the point where we’re at now, Mother Earth is saying, “There’s no more time.” People don’t consider that Mother is a living being. That’s kind of “airy fairy.”

- But the fact is that she is a living, conscious being. And she has appealed to the galactics, because the amount of harm that the human race is doing right now—it's touch and go whether the planet is going to survive for us.

R: Yes, this is a big deal. This is where I bring it into the realm of what Greg Braden talks about, and William Henry, and some of these other folks.

- We are going through a Great Transformation/transfiguration now, just as we did 26,826 years ago, as Niburu came through the solar system and passed through, and there were changes. Massive changes.
 - We are not going to have a polar shift and extinction-level events. Yet they are paying with this *koyaanisqatsi*—"Life out of balance"—the illness, I could call it.
- But what they speak about, William Henry and some of the other folks [on Gaia.com]: Climate Disruption, Consciousness and Conflict are all in play now, and those things are being Transformed and Transfigured.
 - Because as we get past the reality that we are One people on this planet, whether we are blue or green or yellow or polka dots. As consciousness changes, the climate responds, because all the five elements—Earth, Air, Fire, Water, Ether—they listen to us and they work with us. If we're not in balance, they're not going to respond in balance.
 - Therefore there are fires, floods, and events going on where the planet feels what we feel. The anger, the hatred—that's not in balance. And it has to do with this false Matrix.
 - How that's being changed, is the energies coming in from the Great Central Sun, and Helios and Vesta, our Sun, all these beings I speak about who are called the Great Silent Watchers, the Elohi—they have been here from the beginning. They are beginning to come forward and let themselves be known.
- This is a big deal because herstory and history have been convoluted and twisted, because of the power structures on this planet, where they don't want us to know that there are beings on this planet that are 15 to 25 feet tall. 50 feet tall, 100 feet tall. There are Angels and devas that are miles high that take care of this planet.
 - I see them as plain as this screen I am looking at and my beloved here. They talk to us. They interact with us. All they are saying, is "We come in Peace. Please respond."
 - As Dr Greer says, if we are going to continue to play with this false matrix of war, and these ideologies, we will be stopped! You will see it!

VIN: Rama, I'm wondering if you could talk a bit about the [plasma webs](#). Why it's being seen, how it's occurring, and anything you can share about these plasma webs showing up, I think it's in Africa.

R: I really haven't talked to anyone about them, what I sense and [what I can see in the images](#), is that they are beings that work interdimensionally, and they deal with the five elements that make up this realm and how we interact with it. And I believe they're showing up now to let us know, "Help is here!"

VIN: When you say "beings," are you saying they have consciousness?

R: Yes. Consciousness doesn't necessarily need to have a body.

VIN: Right. So the visibility of them—do you think we can expect to see more of them, in more places than South Africa?

R: Yes!

VIN: Beautiful! And wonderful to know that we're getting visual representation of the Love and the help that is here for us to bring about this Transformation and the shift into Who we are as Love.

T: Vinayak, I got this hit when you were asking the question, that these beings are also responding to Mother Earth herself, calling for a mend of her wounded heart. And I think it converges in South Africa with humanity, too. Because South Africa is the heart of the people of color at the base of their kundalini.

R: That's one of the original landing places of many of the Galactic folks when they first started seeding this planet.

VIN: Is that specifically Table Mountain in Cape Town, South Africa?

R: That's one of the places, yes.

RANDY: Archaeologists have taken views from airplanes and satellites and figured out that that original civilization that landed in Africa has been building buildings and pathways all the way to North America.

- Some of the videos posted of the plasma beings—some are plasma beings, and some are simply water on the lens of the camera. So you have to have a sharp eye to determine what is what. You'll know by the energy it puts out!

R: Yes!

VIN: I'd like to suggest that we all put South Africa into the Circle of Support, and include them in our prayers and our consciousness, and let's truly heal what is going on with Mother Earth as well as people of color on this planet, since we are that, and we are One.

RGM: Also [put] the island of Indonesia in that, because two volcanoes went off this afternoon. And right now in New York City, they are protesting in front of Wall Street, because they're tired of Wall Street manipulating everything. I've just seen the video, and it's wild! I pass the talking stick!

COR: Thank you so much, everyone. Tara, if you could read the rest of the Update without us further elongating things, we'd love to hear that!

T: "The Forces of Light are here. The Goddess isn't taking any prisoners. The Divine Goddess is Here!

"The Solar Tribunal, [usually] on Saturn, is *in session on Earth!*" TARA: That's a big deal! The very ancient ones the Elohi, never feel from Grace, ever.

"Here from the very beginning, they are here to ensure there are *no* underhanded activities going on behind the scenes. They are here to assist humanity to expose the darkness *immediately* to the light of day.

"They went on to say, 'Lord Rama, the energies right now on Mother Gaia have to do with the finalizing and holding accountable of all dark ones who have been using misqualified energy with no remorse for any harm they may have caused to anyone, both small and large.'

" 'Right now, Climate Disruption, Consciousness, and Conflict all come into play in a synergistic way.'

"Tom explained, 'As we get our consciousness in right alignment and act on that right alignment with Truth, simplicity and love, the climate disruption *transforms itself* with that same consciousness, and creates healing with Light.'

" 'With persistence and determination with Divine Intervention, miracles and magic happen!'

"Tom said to me, 'Lord Rama, read my whiskers!'

T: Tom is a 13-foot tall—

R: Black panther! He shows up like that.

T: And he's got orange rings on his tail! That's who he really is, and he shapeshifts, so people don't—

R: Freak out!

T: OK, so "Tom said, 'Read my whiskers! " `This is not a joke! This is not airy fairy stuff. I have told you many tales of extraordinary, real happenings on Mother Gaia, you have shared with the community of light

- So read my whiskers: Again I say, ALL THINGS ARE POSSIBLE by believing in the magic!
- Expect us! The time is now!' Namaste!"

Guest Biography: **CRAIG CAMPOBASSO BIO**

Multiple award-winning filmmaker and Emmy-nominated casting director Craig Campobasso started in the entertainment business at age 15 when he landed his first national commercial for McDonald's, and spoke his first line of dialogue to Tuesday Weld in a movie of the week.

After graduating high school at 17, Craig went to work behind-the-scenes on blockbuster film classics such as Frank Herbert's *Dune* directed by David Lynch; and two Arnold Schwarzenegger movies: *Conan The Destroyer* and *Total Recall*.

He began his casting career on Steven Spielberg's *Amazing Stories*, and received an Emmy nomination for Outstanding Casting for a Series on David E. Kelley's *Picket Fences*. Craig's casting career spans three decades.

At 26, he experienced a life-changing spiritual awakening. That's when *The Autobiography of an ExtraTerrestrial Saga* book series was born. His passion is to write stories that provoke the reader to think, to raise their consciousness, and to expand their mind about Creation, while still entertaining in the Hollywood tradition.

Craig directed, wrote, and produced the short film *Stranger at the Pentagon*, adapted from the popular UFO book authored by the late Dr. Frank E. Stranges.

The short film won Best Sci-Fi film at the Burbank International Film Festival, and the Remi Award at the Worldfest Houston International Film Festival for Best Sci-Fi Short.

Craig has been a guest on many radio shows, including *Coast to Coast AM* with George Noory. He's also been a guest on *Open Minds* with Regina Meredith and *Beyond Belief*, hosted by George Noory on Gaia.com.

Craig has also appeared on the History Channel's *Ancient Aliens*.

His latest book is *The Extraterrestrial Species Almanac: The Ultimate Guide to Greys, Reptilians, Hybrids, and Nordics*, released in January 2021.

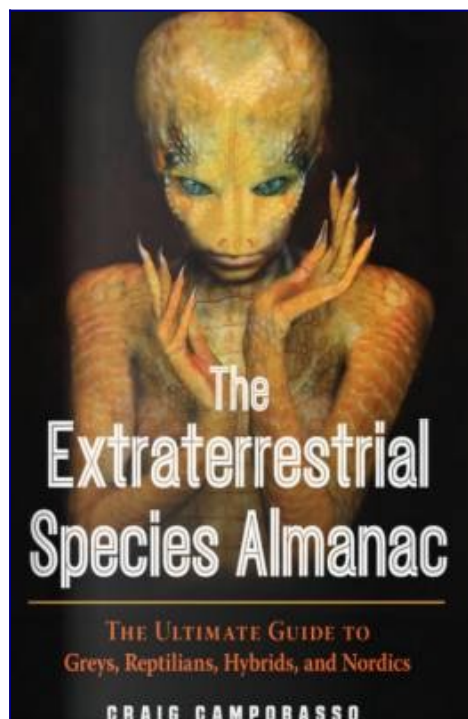

ABOUT THE BOOK

This is the ultimate field guide to the 82 extraterrestrial species that populate the universe. ET enthusiast Craig Campobasso explores the origins, physical characteristics, technological and consciousness abilities, dimensional capacities, belief systems, and cosmic agendas of each of the species.

The species fall into two categories: 1) benevolent races, which function as the guardians of humanity, whose goals include helping people overcome duality, healing, and protecting; and 2) malevolent races, which are responsible for abductions and cloning, and who ultimately seek domination.

This is an intergalactic expose that will entertain those interested in UFOs and ETs.

If you like sci-fi and fantasy such as in the Marvel universe or *Star Trek*, *Star Wars*, and popular shows such as *Ancient Aliens*, or if you're intrigued by Roswell and Project Blue Book, this book delves deep into who the real extraterrestrials are, and what they want with us.
