Compassion is the basis of courage and determination—qualities we require because suffering cannot be overcome immediately. We have to be realistic. We must seek out its causes and uproot them—something we human beings can do because we have intelligence and self-confidence.

Rosa from Palestine

Rama: I received a text message from **Rosa from Palestine** at 12:30 pm, early this afternoon. She said to me, " Lord Rama, Prime Minister Benjamin Netanyahu and the Israeli Defense Forces [IDF] will be held accountable for crimes against humanity and international war crimes in the next few nano seconds. It is all about the unravelling of the world wide Deep State.

There are many craft still flying over this area. It a bit like the movie *Star Wars*, where there are good guys and not-so-good guys! And then there's the Empire – this very ancient story is at an end. Enki and Enlil, Jehovah and Lucifer, **DO NOT CALL THE SHOTS!!!** Goddess is here to change this whole dynamic. Let us honour the return of Spring in the Office of the Christ. Enshallah! Peace be upon you! Sat Nam! Namaste! [Blaze the Violet Fire!](#)"

Every human activity can be infused with affection. Today, all 8 billion human beings have to live together, so a sense of the oneness of humanity is crucial. When people are motivated by compassion—honesty and truthfulness naturally come about, leading to trust and friendship.

Plasma Field
Sweet Angelique the Cat and Tom the Ring-tailed Cat

Rama: I went and sat in the **Plasma Field** today. It was 10:55 am this morning. The Plasma Field said to me, "Focus on the sun and listen to the sound of my voice." Then the Plasma Field started speaking in Light Language. As I listened to the voice, I went into an altered state, and I laid down in the pool with my head resting on the top step.

Then I found myself in orbit around the earth, and I was sitting in my merkabah vehicle while doing this. I was sitting cross-legged in my merkabah vehicle. Then I began to see other merkabah vehicles with people sitting in them, just like me: cross-legged and meditating. As we all were observing each other, the sun was sending out pulses of light, and every few seconds, I experienced a heartbeat with all the others, all of us together, and this lasted almost an hour. Then my phone rang, and instantly I found myself back in the pool, back in my body, and my head still resting on the top step!

It was **Sweet Angelique the Cat and Tom the Ring-tailed Cat**; they said to me, "Lord Rama, we are in Paris, in an undisclosed location near the Eiffel Tower. There is close to a million people in the streets of Paris, all protesting Emmanuel Macron's defacto law to raise the retirement age by two years: from 62 to 64 **WITHOUT A VOTE BY THE PEOPLE**. There have been clashes with the police; tear gas has been employed by the police to control the crowds. There have been over 300 people arrested. Please put all of this in the Circle of Support. Sat Nam! Namaste! **Blaze the Violet Fire!**"

Tuesday

Professor Nicodemus

Rama: I received a text message from **Professor Nicodemus** at 11:55 am, late this morning. He said to me, "Lord Rama, the solar flares are M Class today and they are moving higher to **X Class flares which are very high in frequency!** These X Class flares are so high in frequency that they could short out the circuits in the satellites in orbit around Mother Gaia. These satellites travelling around Mother Gaia are used for every kind of communication on earth. Sometimes, the dark side uses them for propaganda as well! For good or bad, they are used for wi-fi, TV transmissions, military communications. Even I am sure, for communicating with off-planet beings. [See page 4]

"Meanwhile, these high energy frequencies could be very disorienting; it could cause heart palpitations, stomach aches, headaches, extreme mood swings, etc. Our best recommendation is to stay in the High Heart with the Violet Flame. This **next lunar eclipse** is coming up on Friday, May 5th, and it is in Scorpio at 14* 58', right alongside the **Scorpio full moon** at 1:34 pm eastern time.

Friday is also the celebration of **Cinco de Mayo Day** AND Friday May 5th, 2023 is also **WESAK, Buddha's birthday**. Stay in the High Heart; expect magic and miracles and **KEEP LOOKING UP!!!** Sat Nam! Namaste! **Blaze the Violet Fire!** "

Wednesday

Natasha

Rama: I received a text message from **Natasha**, at 12:10 pm, early this afternoon. She said to me, "Lord Rama, the drone story out there today is all about the Deep State over here in the U.S.A., stirring the pot for World War III. And indeed as only RT reported, there were TWO drones, not one. The Dark Side is attempting to push away the ocean of Love and Light that continues to pour in! This is a futile effort! Captain Ashtar is at the ready.

"Lord Rama, you will hear a signal in your Metatronic chip in your head. The energies of Lord Maitraya are coming in at this time, and you will hear from your Nameless Friends in the Wesak Valley. Love is always the answer for whatever is / isn't going on. Stay in the Light of St Germain and the **Violet Flame** during the course of this lunar eclipse and full moon. These energies will be rippling about across our Milky Way Galaxy for the next 6 months. Sat Nam! Namaste! **Blaze the Violet Fire!**"

Thursday

Lady Natasha

Rama: I received a text message from **Lady Natasha** at 12:10 pm, early this afternoon. She said to me, "Lord Rama, the two drones seen over the Kremlin today were sent there by President Zelensky at the behest of the United States' Deep State. This is called 'sabre rattling for war by the Empire'!

"Meanwhile, the solar flares are increasing in number and magnitude. This is increasing the pressure on the people of Earth to pursue higher and higher conscious awareness of how to use the power of the positive thought towards solutions geared for the highest good of all concerned to happen here. This lunar eclipse tomorrow, May 5th, at 14* 58" in Scorpio, alongside the full moon tomorrow at 1:34 pm ET, is going to make huge waves in all of our lives. This is one of the strongest eclipses in a while.

"Keep looking up! See you in the Light of the Most Radiant One! Sat Nam! Namaste! **Blaze the Violet Fire!**" All we are saying 'is give peace a chance'`.

SPECTACULAR EXPLOSION ON THE SUN: This is sunspot region AR3288 as it goes over the W. limb of the Sun. Note the gorgeous systems of loops dancing to the north. But the region has a parting shot for us a beautiful explosive eruption of a filament. Enjoy!
