RAMA, TARA: R, T

Talk about living in amazing times!

R: there are many good things going on to transform, transmute the time we are in.

- As KOS said, go listen to Commander Kryon: it'll blow your mind as it's about things changing very fast.

R: the quantum field, all of us across the planet, have made a huge difference in the energy fields with what's going on – we may not see it but it's HUGE!

- the light coming in from Central Sun is transforming us: a miraculous thing!
It's about the transformation going on in all of us and in all matter, space/time.
- It's awesome to behold and challenging at times as we are watching the old matrix fade away and, at the same time, there is much to be shifted – about consciousness and learning higher ways of how to communicate with each other.

MOTHER/ALCYONE [M/A]

Greetings in the Light of the Most Radiant One!

In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra!

Indeed, We are here! There is much transpiring on this beloved planet that's not being talked about. It is about all the folks who are here – what a scenario!

- It's about the ascension – what's happening with us as well as this planet – no small change here!
- The time we are in is - as We were to speak of it - the changes going on are so huge and yet, the slice of life that we see [is] very limited in its scope of what's happening with a day in the life of Gaia and the people of this realm.
- It is such a magnificent time to be alive and, at the same moment, same breath, it is a precarious moment in Earth's destiny.
 - So many are leaving and yet, What She can say – like we will hear from Lord Kryon of Magnetic Service - this is a such a glorious time to be right here, right now.

- We are all such old souls that know exactly when to show up in the destiny of this moment, of what is happening: it is very big! It is about how, with the grace of the Divine Presence, we all asked to show up now; with all of what's going on, it is all encompassing.
- What She can say about the current state of affairs, with the issues at hand – it is about the evolvment of this tremendous opportunity to show up and say 'We shall study war no more!'
- The time we're in - all the beings here, known and unknown, are in our midst, and what She can say: we speak for the children who are coming forth and saying "No more war! We choose to live in harmony and balance which all of the kingdoms, queendoms, all the realms of magnificent radiance"
- As we were to get a glimpse of what is taking place right now – we are not in the same section of the galaxy as we were last week!

T: Asks Mother to explain . . .

M/A: Light years upon Light years, we have crossed and we may not recognize that or how to assimilate that, yet we are moving quite fast through this realm, and the beings that are coming in to help with the situations are tremendous.

- As We were to say, these folks that are taking centre stage in our present space/time moment that maybe draw attention to the situations at hand, which are about getting along with each other and having respect, decency, the basic attitude of gratitude that we all inhabit this realm; we all have a right to be here.
 - We made a conscious choice to show up – it's about the greater good, and She would say She speaks for these ones who may or may not have a voice, and are saying - how our soul comes in and chooses to make a difference is quite an opportunity to change physical reality, space/time, even if it is for a brief moment.
 - And sometimes souls make choices to awaken consciousness for the whole of the planet, and sometimes those choices may be a catalyst to shift tremendous amounts of energy where it's about changing ideas and concepts of how we are all in this story together, whether we're blue or green, black or brown or yellow or purple – with pink polka dots for that matter!
- Right now, the realm we are in is so – She has no words! It is so awe-inspiring! As we were to visit and see what She sees from this/Her vantage point: what we all have done by being here on this planet at this time, making a difference even though it may seem we have done nothing, and nothing has changed - yet everything has changed!
- The time we are in has been spoken about for so many eons: this is the time, this is the place; Here now, right now, we got the power!
 - Like Patti said "Take your power back; don't give it away to the old ideas of separation, segregation, negativity, darkness."
 - The light that is pouring in from Galactic Centre – it is about how that Light is shifting our reality and our bodies, our particles, and it is a good thing - stirring the pot, bringing up everything that needs to be shifted and changed.
- As we can come together in a unified view with the consciousness of creator gods and goddesses of the Most High, miracles and magic of the most wonderful kind take place.
 - And right now, that is happening! It is unprecedented in our scientists and great thinkers at this time: why are we being visited by so many, from such far flung places across this Universe of Nebadon?

- It is because we have asked to interact with ourselves in this age that is – which we are already in, called Sat Yuga, the Golden Age and, at this time, climate disruption, consciousness, and conflict are going on
 - As we shift our consciousness, the conflict ceases, the climate mellows out.
 - As we are having issues with life and death, the climate reflects that back into our realm: we see floods, we see droughts, tremendous shift in weather patterns.
 - the weather patterns work with our consciousness: all the elements - earth, air, fire, water, aether: as there is more love in the air, things mellow out, get better.
- That's the place we wanna go and it's happening in spite of the greatest efforts of the dark side to rub our faces in it; yet we have won! Don't doubt that for one second
- There is a lot to do; it isn't over yet by any means, and She says again for the record:
 - She is here to take Her children home, the ones who were here from the beginning and made a deal with the devil in the back yard. The only deal they made was with themselves that they would choose that path of darkness. And now it's come full circle.
 - The Light, the light, the vibrations that are being raised on this planet - they can't take it any more. So send more love as the situations only escalate 'cos it's about tremendous change.
- It's not about more war: that's the one thing they would like to perpetuate, yet that in and of itself, the Force energies of what's happening here, are shifting.
 - This **planet is on a collision course with Love**, so to speak, and how we best move through these energies [is] with the grace and the dignity of a dragon fly!
 - As we watch things unfold at this time, it's only gonna get better, and We[/They] as She said in the beginning: We/They are here; we/They have landed all over the globe
 - How we interact with all of us as the time that is taking place, she can say She can give no dates: yet expect us [Them]. We are right in your midst as things are getting a little more interesting with the Divine Chaos.
- The tea and dinner is served: someone spoke of what's on the menu – tiramisu is an interesting dessert to explore! Think about it- let's us say there is such magnificent Light pouring in. It is - the words fail Us- 'cos as we are to see it, experience it, taste it, touch it, feel it - it is just about ecstasy in this
- Love in the cells – recalls someone speaking about that – how, right now, in this realm, as we focus on raising it up - bring in some consciousness, ecstatic experiences that are in our realm of consciousness
 - As we focus on these concepts, it changes the physical space/time matter, and the ecstasy is right here; as we ,,, old painful ideas of separation, segregation . . .
 - This planet is one of inclusiveness, not exclusiveness; we are all in this together – every colour of the rainbow - 144,000 frequencies of Living Light, Loving Love – and it's more than that!
 - she cannot count how many different shades, radiances on a theme or what the colours look like. It is simply - as we look at the rainbow rays that are coming in – see that in our physical temple here, the physicality called *our living bodies, living temples of All That Is* – the most radiance, Light as She uses the words "in the Light of the Most Radiant One " - we are all radiant luminous beings of such magnificence!
- Yet this funny little drama continues on drama, control, separation – because my skin might be different than yours or my fur or feathers or scales –
 - and She will say: on Her ship, the Nibiru, there are not just paschats! There all kinds of cultures that serve with dignity, honour, gratitude, respect, compassion – it is the same

throughout all the fleets of ships, amongst all the commanders throughout this realm and many other realms

- The drama that is being played out here at this time: it seems like it is never ending, yet it **is** completing itself, and it is about joy and ecstasy and balance with grace. Earth is ascending and us along with her – How about that for one nano second!
- As we let go of the old ideas of separation, it changes things for all of us:
 - we are old souls here – it is part of what we asked to do to change the present story
 - It happens every 26, 826 years – a cycle, a day in the life of the Sun, a planet, a galaxy, a universe.
 - And still and yet, it is about the harmony of the spheres, the symphony of Divine Chaos - it is awesome to behold!
 - These words, concepts, may not make much sense yet, as we hear it with the inner wisdom of soul matrix, it creates perfect sense.
- What She can say at this particular moment, as we approach the Festival of Wesak, Buddha's birthday: focus on the teachings of this tremendous Ascended Master who came in here and is still here - Lord Buddha /Quan Yin never went anywhere.
 - We are all here. Expect us. Work with these energies
 - We will sit with you; have dinner with you; have tea – it's about how we open the Book of Life and figure out how we're going to fix this –
 - it's very easy cos' it's about believing in the magic - we've all got the magic; we've all got the Force. Compassion instead of hate.
- Right now, something has changed in this time we're in, and it's coming about: take a leap off the cliff; walk with Us whether it's on water or air, makes no difference – we are walking in beauty.
- Greetings in the Light of the Most Radiant One! Kadoish, Kadoish, Tsabeoth

Rama Returns: Went to Shamballa the Greater; a great meeting is taking place there with all kinds of folks, and it is about this time we are in - uplifting ourselves and it is huge, very huge!

- Things are happening in a very good way even though we are seeing such intensity on the planet.
- Send calming, peaceful loving vibrations to all the situations right now.
- There is such a presence of beings and angels on this planet, in our midst – as we ask for them, they show up – just like that!

T: no turning back, right?

Most look to the external for answers, yet with divination tools we can connect to what our innate already knows. Paul O'Brien, a software development entrepreneur of divination tools, walks us through the meditative practice of gathering wisdom by working with the I Ching and the archetypes. He explains that our Intuition is a higher form of intelligence that can use divination tools as a way to stimulate inner wisdom and think outside the box. He reminds us, through "visionary decision making", to cultivate curiosity and to tune in to what is true to you. Thus, creating a better relationship with change.

In this episode of the *Keiser Report*, Max and Stacy look at the easy sell of Ponzi economics as the human imagination prefers the fantasy of impossible gains to the hard slog of actually producing or manufacturing profits. In the second half, Max continues his interview with Rick Ackerman, a market analyst and former market maker, who argues that gold is the only asset class at the moment not in a bubble, and that it is, in fact, completely reviled.

Fox News have a comedy show to compete with Redacted Tonight now.

Lee Camp takes on Greg Gutfeld's new show which is meant to make right-wingers laugh. As you might've guessed the intellectual credibility of Gutfeld's opinions are about as funny as the jokes he made to an unamused live audience. He pushes facts that Camp is able to take apart in minutes on this episode.

Also on this episode: Lee Camp also exposes criminals in the ruling class, shows Vice President Kamala Harris admitting that the US will be fighting future wars over water, and more.

Natalie McGill reports on the transfers of military grade weapons to local police departments under a 23-year-old Pentagon program. There is no sign that Biden will sign an executive order to curtail the program, and too many members of Congress receive money from weapons contractors to do anything about it.

Anders Lee joins Lee Camp to discuss the latest case of police murder in Chicago where 13-year-old Adam Toledo was shot while his hands were in the air to surrender. They also discuss recent Latin American elections in Ecuador and Peru.

I need to drive my two-year-old to daycare tomorrow morning. To ensure we arrive alive, we won't take public transit (Oscar Grant). I removed all air fresheners from the vehicle and double-checked my registration status (Daunte Wright), and ensured my license plates were visible (Lt. Caron Nazario). I will be careful to follow all traffic rules (Philando Castille), signal every turn (Sandra Bland), keep the radio volume low (Jordan Davis), and won't stop at a fast food chain for a meal (Rayshard Brooks). I'm too afraid to pray (Rev. Clementa C. Pickney) so I just hope the car won't break down (Corey Jones).

When my wife picks him up at the end of the day, I'll remind her not to dance (Elijah McClain), stop to play in a park (Tamir Rice), patronize the local convenience store for snacks (Trayvon Martin), or walk around the neighborhood (Mike Brown). Once they are home, we won't stand in our backyard (Stephon Clark), eat ice cream on the couch (Botham Jean), or play any video games (Atatiana Jefferson).

After my wife and I tuck him into bed around 7:30pm, neither of us will leave the house to go to Walmart (John Crawford) or to the gym (Tshyrand Oates) or on a jog (Ahmaud Arbery). We won't even walk to see the birds (Christian Cooper). We'll just sit and try not to breathe (George Floyd) and not to sleep (Breonna Taylor).

This week's guidance from the Ascended Masters, Galactics, Earth Elements, Fae Elders, Angelic legions, and Archangels known as the Collective:

Greetings, friends! We are very pleased to have this opportunity to speak with you today.

Today our writer would again like to speak with Saint Germain (who is one of our number) regarding events occurring upon the Earth at this time, including the unfolding of NESARA Law:

COR: Greetings, Lord Saint Germain!

Saint Germain: Greetings, dear one.

COR: I have a few questions to ask, as life on this planet feels increasingly tenuous at times, and at other times, increasingly full of Light and positive vibration.

The mix of the two would be confusing for the best of us, I think. **Unless one were a master at holding a consistent focus only upon the positive aspects of the present moment.**

Saint Germain: Indeed, you have come for nothing less than that journey.

COR: Yes, so I see!

I am wondering about the current agenda of the old ruling elite, and their love of bureaucratic messes, such as the particular kind of passports they're talking about creating now, which would bifurcate whole cultures, including here in the US.

I feel that the energies pouring in now are consistently supporting our sovereignty.

There seems to be a growing refusal to carry on being the hapless minions of the old power crowd, a growing desire to see through their machinations and no longer be impressed by them.

A desire to be so involved in our own positive co-Creations that the dire media reports—the manipulations—don't affect us as they once did.

I say that, knowing that millions have been lining up to follow the bad advice of one official or another appointed by the old power structure, ignoring the plentiful expert advice out there and their own intuition, which points in another direction. This applies to many areas of life, in addition to health.

I am wondering if Earth's future hangs in the balance according to how many of us are willing to wake up now, or how many are even capable of it, before things get any darker?

I'm wondering if the energies coming to the Earth and our own soul growth are sufficient to carry us forward.

So I guess what I am asking is, Is the balance tipping in favor of the Light Forces and humanity's Awakening?

Saint Germain: It is unlikely you would ask such a question, if you felt it could be otherwise.

What you and many others of the Light seek now is reassurance that the rapid changes occurring now—the good that is not reported on in your evening news broadcasts—are not of your imagining.

You wish for assurances that the brilliant Light taking increasing precedence in Earth life, that the many millions awakening to a sense of higher purpose and mission, and humans’ growing ability to discern between Truth and lies—that none of this is a dream.

You seek assurances that yes, your soul families are indeed landing their craft upon your planet in the many thousands.

And that the machinations of the old elite are failing very nearly as quickly as they can launch each aspect of their agenda.

I would not say otherwise, and you would have trouble believing me if I were to assert that the old order is winning the day.

How could they, when millions on the planet find nothing strange, for example, with reading a conversation such as this?

COR: They might consider it philosophically interesting. Or pure fiction.

Saint Germain: And yet, their increasingly developed sense of the “realness” of spiritual life does not allow for such.

Increasingly, in fact, many millions are gathering that *all of Life* is “spiritual” in nature—the physical no less than the unseen.

And so, conversations such as this will appeal, because they too see the desperation with which the old crowd, as you call them, launch one appeal to instill fear and desperation after another, only to find that each effort launches an even stronger effort on the part of the Light Forces to defend the rights of humanity.

And to create an even smoother road between where you stand now and NESARA’s full unfolding.

COR: So that in the current energies, the more the dark exerts its old tricks, the more likely they are to be found out by anyone who is halfway awake and aware.

Saint Germain: They are exerting a great deal, and yes, it is rebounding on them and forcing them further into corners not of their liking.

COR: When we spoke here last, Comte, you spoke of eight stages of NESARA’s unfolding.

You indicated where we were at the time, which seemed to be about at Stage 4 or 5.

Will you allow us to know what stage we are at now?

Saint Germain: Entering Stage 7. That is all I can say on that matter.

COR: With the usual proviso that you can give no actual dates for enactment, and that each stage may take a day or a month, or a number of months . . .

Saint Germain: Indeed! Each is unique.

COR: Is humanity doing anything to hold back the process, other than the fact that most people have no idea that NESARA Law exists, let alone what its full enactment will mean for the planet?

Saint Germain: What you are doing differs on different planes.

Many are working assiduously in their sleep state to assist with NESARA's enactment, without conscious memory of such upon awakening.

You yourself travel numerous dimensions, timelines, and galaxies in your etheric body as you sleep at night, with little or no memory of such in the morning.

How much more so then, would the memories be hidden from those who do not know how to quiet themselves and align with the higher frequencies, who do not ask to know their own Divinity, do not commune with Nature—how much more so would they be utterly without conscious connection to that work?

COR: That is hard to grasp!

How can they be doing highly conscious work in the etheric, yet have no connection to the worlds they truly belong to in their waking hours?

Saint Germain: It has been such for millennia.

Humanity chose to sleep when waking, to wake while sleeping.

Apparently an odd conundrum, yet this is how the human has traveled for a very long time.

COR: When do the two aspects meet?

Saint Germain: When you are ready!

When humanity grasps that the higher self is one's true self, and though constantly evolving, never hides its own truths from itself, unlike the waking day-to-day human consciousness.

COR: Which lives in the fear and scarcity concepts of the ego-mind.

Saint Germain: Of course. But this is fading now.

COR: Because of the energies coming to Earth?

Saint Germain: In part. It is also a response of the Earth to her astrological turnings and alignments, as you begin this new era.

That carries its own energetic resolution, its own form of Creating that which has not been a part of Earth life for millennia. And that is the self-determining aspect of manifesting free will as a conscious decision.

You see it now, in the global consciousness rising that is the release of the overlord.

And it is in response to humanity choosing to release the duality of "good and bad," Light and dark.

COR: I'm just a little nervous at times, that NESARA's unfoldment depends on many more of us waking up than have so far.

That could take many years yet. I ask myself some days, "Will I see it?"

Saint Germain: How could you not see it?

COR: While I'm still on the Earth, I mean.

Saint Germain: Your preoccupation now is the Light body, and all it portends. That is the only body needed.

The body of Spirit; the Merkaba.

COR: Well, you were right when you said you would give us no dates!

Saint Germain: You need none. You carry the spirit and the empowering beauty of NESARA within you.

Yet I will drop this slight hint, if you wish, though I have spoken of it before:

That insurrection that occurred in the United States capitol in January of this year, in which your police were ordered to stand down and allow the rioting and mayhem—

COR: Yes, that was dreadful.

Saint Germain: That, and other disorder occurring within your police forces, have been a signal, a signpost that the old order has imploded upon itself.

It is an outpicturing of their chaotic ruin.

The January 6 event does not presage the “return” of any one politician or another, for the majority of them belong to an order now crumbling into dust.

Yet it indicates that despite their most strenuous objections and most desperate plea bargaining, plans, and last-minute desperate trapdoor attempts at escape, they have lost.

COR: So we are very close!

Saint Germain: Yes, dear one. And we will say no more for now.

COR: Thank you, Lord Saint Germain.

As you would say, *May we pass every test we have chosen for ourselves for this Earth life!*

Saint Germain: Indeed! You have all done more than you could know, and the tide has turned.

COR: Namaste, lord!

Saint Germain: Namaste, dear ones!

[*Bows*] We remain most humbly in your service.
